

## CALIFORNIA STATE ATHLETIC COMMISSION

Adopt Subdivision (c) of Section 280 of Article 6 of Division 2 of Title 4 of the California Code of Regulations to read as follows:

### ARTICLE 6. PHYSICAL EXAMINATIONS AND SAFETY

#### § 280. Examination Of Boxer Applicants.

(a) Any boxer applying for a license or renewal thereof shall be examined by a physician currently licensed by this state to establish both physical and mental fitness for competition. Such examination shall be taken at such time as directed by the commission. Any boxer licensed by the commission who participates in a boxing match or contest outside the State of California may be required, upon his return to California, to again take this examination before being allowed to box in California. The results of such contests shall be reported to the nearest commission office by the licensee within 72 hours of his return to California.

(b) An examination of an applicant or licensee may be accepted by the commission if it is performed by a physician authorized to perform such examinations by the state or nation in which the examination is conducted and if it is conducted in accordance with commission instructions, including the use of applicable forms prescribed by the commission.

(c) In accordance with section 18711 of the Business and Professions Code, the commission shall collect from each promoter of professional matches licensed under the State Athletic Commission Act one hundred and seventy five dollars (\$175) per event sanctioned by the commission until the State Athletic Commission Neurological Examination Account balance falls below one hundred thousand dollars (\$100,000). At that point, the amount of the assessment shall be re-examined by the commission. The manner in which the assessment is collected shall be at the discretion of the commission and shall be deposited in and credited to the State Athletic Commission Neurological Examination Account and shall be used to pay for the costs of examinations required by section 18711 or for any other purpose related to the neurological health of combat sports athletes and authorized by the California State Athletic Commission Boxing Act.
