ACTION

Government Code Section 11349.3

OAL Matter Number: 2016-0804-04

OAL Matter Type: Regular (S)

The California State Athletic Commission (Commission) is amending two sections and adopting eleven sections in title 4 of the California Code of Regulations. This rulemaking action will establish the "World Anti-Doping Code, The Prohibited List International Standard" as the source for prohibited substances and methods for athletes. Additionally, this rulemaking establishes an exemption process for athletes to allow athletes to use a medically prescribed drug that is necessary to maintain their health, before or during a match, provided said usage does not provide any advantage. Finally, this rulemaking establishes licensing requirements for transgender athletes with the Commission. The Commission is adopting regulations to establish procedures for transgender athletes and specific testing performed to ensure hormone levels are within prescribed standards. The specific testing requirements for pre-fight and day of the fight in order to establish the transgender athlete meets licensing requirements.

OAL approves the sections listed as APPROVED above pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 1/1/2017.

The section listed as WITHDRAWN above were withdrawn from OAL review pursuant to Government Code section 11349.3(c).
