Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the commission at its office not later than 5:00 p.m. **December 15, 2014** or must be received by the commission at the hearing. The commission, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 18611 of the Business and Professions Code, and to implement, interpret or make specific Sections 18640 and 18645 of said Code, the commission is considering changes to Division 2 of Title 4 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

A. Informative Digest

Adopt section 424. Currently, there is no exemption to allow an athlete to use a medically prescribed drug that may be necessary to maintain the athlete's health. This proposal would establish an exemption process and provide the necessary authority to the commission to allow an athlete to use a medically prescribed drug that is necessary to maintain their health, before or during a match, provided said usage does not provide an advantage to the athlete during competition.

B. Policy Statement Overview/Anticipated Benefits of Proposal

Existing law at Section 18611 of the Business and Professions Code authorizes the commission to adopt, amend, or repeal, in accordance with the Administrative Procedure Act, rules and regulations as may be necessary to enable it to carry out the laws relating to boxing and the martial arts. By adopting section 424, the commission will honor its commitment to the health and safety of athletes, allowing them to use the

medication necessary to maintain their health, as diagnosed and prescribed by a licensed physician.

It is anticipated that the adoption of regulations such as these will protect the health and safety of athletes, prevent discrimination against those athletes with legitimate medical conditions and promote fairness and social equity by allowing eligible legitimate contenders an equal opportunity to enter the ring. The adoption of Rule 424 will allow athletes an avenue, not otherwise afforded, to request permission from the Commission to use a prohibited substance, when proven necessary and that does not provide an unfair advantage during competition, before and during competition. The athlete upon asking permission from the Commission is required to complete a form, named "Therapeutic Use Exemption Application" (Rev 1/2014, this form is incorporated by reference).

Without this avenue, fighters may choose to fight in other states where exemptions exist, or discontinue taking medications that are necessary thereby risking their health in order to fight in California, or quit fighting altogether.

C. Consistency and Compatibility with Existing State Regulations

The commission has conducted an evaluation for any other regulations on this area and has concluded that these are the only regulations concerning Therapeutic Use Exemption. Therefore, the proposed regulations are neither inconsistent nor incompatible with any other existing state regulations.

D. Form Incorporated by Reference: "Therapeutic Use Exemption Application"
(Revised 1/2014)

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: **None**

Nondiscretionary Costs/Savings to Local Agencies: **None**

Local Mandate: **None**

Cost to Any Local Agency or School District for Which Government Code Sections 17500 - 17630 Require Reimbursement: **None**

The CSAC has made an initial determination that there will be no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Cost Impact on Representative Private Person or Business:

The commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON HOUSING COSTS: **None**

EFFECT ON SMALL BUSINESS

The commission has determined that the proposed regulations would not affect small businesses. The proposed changes provide a mechanism to allow an athlete an avenue to continue to use specific medications necessary to maintain the athlete's health.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

The commission concludes that this proposal will affect the State of California business environment as follows:

- Unlikely to eliminate any jobs, including for health care professionals
- Unlikely to create jobs, including for health care professionals
- Unlikely to create new businesses
- Unlikely to eliminate any existing businesses
- Unlikely to expand current business

Benefits of the Proposed Action: The proposed regulation will benefit California residents by protecting professional athletes by only allowing use of performance enhancing drugs when medically needed and appropriate. It is even possible that the proposal will make promoters within the combative sports industry more likely to promote events due a consistent therapeutic use exemption policy.

CONSIDERATION OF ALTERNATIVES

The commission must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.
