Board-Approved Regulatory Review Courses

In order to maintain a license in an active status licensees must complete a Board-approved, two-hour regulatory review course once every six years. The next regulatory review course due date is listed to the right of the license expiration date on Part A of the license renewal application. If a regulatory review course is due, it must be completed prior to the license expiration date. It is important, however, to (1) answer Question 6 on Part A of the license renewal application when a Board-approved regulatory review course has been completed earlier than required, and (2) list the complete course title and Board-approval number on Part C of the license renewal application.

Course Title	Method of Presentation	Term of Approval	Sponsor Contact Information
