OPEN SESSION

Agenda Item 1 – Call the meeting to Order / Roll Call / Pledge of Allegiance/ Establishment of Quorum

The meeting was called to order at 10:00 a.m., Executive Officer (EO) Andy Foster called the Roll and a quorum was established.

Agenda Item 2 – Welcome –Chairman's opening remarks

Chairman John Carvelli welcomed everyone to the meeting and stated that he is confident that the California State Athletic Commission (Commission or CSAC) is fiscally sound, efficiently and effectively administered, and in his humble opinion the regulatory example, both on a national and international basis, for providing dynamic and common-sense

leadership in all aspects of combat sports. He suggested that 2017 represents the year of the 10-Point Plan (Plan) addressing severe dehydration and weight cutting and gaining. A plan conceived and implemented by the Commission's Executive Officer, Andy Foster and the Commissioners. He mentioned that the Plan has also been approved nationally by the Association of Boxing Commissions (ABC), is currently being implemented in many states, with potential for more states to adopt, as well as foreign countries. He stated that the 10-Point Plan has and will fulfill the Commission's clear mission to protect and defend the health and safety of combat athletes.

He declared that the Plan will save lives. On behalf of his colleagues, he asked that God and the 10-Point Plan keep fighters safe and extended their best holiday wishes to CSAC family.

Agenda Item 3 – Approval of the October 17, 2017, Commission Meeting Minutes

Executive Officer (EO), Andy Foster presented the Commission with the minutes of the October 17, 2017, Commission Meeting for approval. Commissioner Martha Shen-Urquidez and Vice Chair Mary Lehman requested revisions to Agenda Items 3 and 5.

*Commissioner Van Gordon Sauter motioned to approve the October 17, 2017, Commission Meeting minutes as amended.
Vice Chair Lehman seconded the motion.*

No other Commission discussion or public comment.

The motion passed 5-0 by roll call vote.

Agenda Item 4 – Update from the Department of Consumer Affairs (DCA)

The Commission welcomed Department of Consumer Affairs' Director, Dean Grafilo, and Deputy Director of Board and Bureau Services, Christopher Castrillo, to the meeting. Director Grafilo mentioned that his thoughts are with everyone who was affected by the recent fires in Southern California and wished everyone happy holidays.

Director Grafilo provided the Commission with updates on the Department of Consumer Affairs, including staffing updates and provided brief backgrounds for each of the new team members.

Deputy Director Castrillo introduced himself to the Commission and provided his background and experience prior to his appointment with DCA. He reviewed the upcoming required trainings and pro rata workgroup events that are planned.

Agenda Item 5 – Review and Update on the Commission's Budget with DCA Budget Staff

EO Foster introduced Mr. Mark Ito, DCA Budget Analyst and Mr. Taylor Schick, DCA Fiscal Officer, to provide a budget update to the Commission.

Mr. Ito briefly explained the process that is used to create the Commission's proposed budget for approval each year. He reported that DCA Budget Office is working with FI\$Cal to get the budget reports on the Commission's expenditures. He assured the Commissioners they anticipate the Commission is spending within their appropriation. He further assured the Commission he and EO Foster are in constant communication and work regularly to ensure the Commission is in line to meet their revenue and expenditure budgets.

Vice Chair Lehman asked Mr. Ito if the constant communication was due to not having access to the budget reports. Mr. Ito responded even when there are budget reports, he prefers to be in contact with EO Foster on a regular basis, to give the Commission more predictability regarding their revenue. EO Foster mentioned he also works with Mr. Ito when it comes to regulatory packages, as approval from Budgets is part of the requirement.

Vice Chair Lehman asked when they expect to receive budget reports. Mr. Schick responded that although he does not want to promise a specific time-frame, DCA Budgets has been working diligently with the State Controller's Office, Department of Finance and FI\$Cal staff to ensure they are able to use accurate reports from the system. He mentioned DCA Budgets is working on preparing manual reports which will give projections based on contracts, rent schedule and administrative costs. He explained they are hoping to have reports out by mid-December.

Commissioner Shen-Urquidez mentioned she maintains the same concerns she had last year with the Commission not being invited to participate in the budget planning process. She explained last year, DCA Budgets advised the Commission the beginning of the year would be a good time to reconvene with DCA Budget staff and discuss the next fiscal years' budget. She added that those meetings never took place by the first quarter of 2017 and mentioned she would like to start planning for the Commission's involvement in 2018. Commissioner Shen-Urquidez expressed concerns regarding the pro-rata increase, the Commission's lack of understanding of the pro-rata formulas and inability to predict increases.

She further expressed concerns with the new FI\$Cal system. She explained her understanding the roll-out system is a year off from what it was anticipated to be and if DCA has been able to produce manual reports, she wonders why those have not yet already been started.

Mr. Schick responded to Commissioner Shen-Urquidez's concerns regarding the budget and reassured her the pro-rata increase the Commission experienced last year was the Statewide pro-rata and not DCA's. He explained DCA has also formed a Pro-Rata Workgroup which EO Foster is a part of. Chairman Carvelli suggested a meeting with

Commissioner Shen-Urquidez and the DCA Budgets' team to discuss her concerns in detail.

Agenda Item 6 – Review and Possible Action of Petition to Change the Decision for Michael Guy vs. Junior Younan bout on July 29, 2017, in Long Beach, CA

EO Foster presented the Commission with background on the request to change the decision, explaining that Mr. Guy details three instances in the fight where he claims the referee did not indicate knockdowns against Mr. Younan. He believes had the knockdowns been identified and appropriate points been deducted, the scoring of the bout would have significantly changed and ultimately resulted in Mr. Guy winning.

A video of the bout was shown to the Commissioners.

Chairman Carvelli welcomed Mr. Michael Guy, Boxer, and his trainer, Mr. Norm Tavalero. Mr. Tavalero reviewed the first knockdown in question which occurred at about one minute seven seconds left in the seventh round where he says Mr. Guy hit Mr. Younan with five unanswered punches and looked glazed/glassy eyed when he got up. Mr. Tavalero continued to a review of the second knockdown in question, where in the eighth round with about one minute twenty-nine seconds left, he says Mr. Younan was against the ropes, avoided a left hook and got hit with a right hand and a left hook to the body and went down. He explained that Referee Wayne Hedgepeth called it a slip. The last knockdown in question, he reviewed, occurred with approximately twenty-three seconds left in the final (eighth) round. He explained that Mr. Younan avoided a big right hand and went to his knee to avoid a punch.

Chairman Carvelli asked Mr. Tavalero what result they are requesting the Commission to consider. Mr. Tavalero explained that pursuant to rule 368, the Commission change the decision of the bout.

EO Foster read aloud, letters from Referee Hedgepeth and Lead Inspector Brett Correia, where they detail their recollections of the bout.

Mr. Tavalero explained that Mr. Younan was holding many times during the bout, which he was warned for – all of which was frustrating to Mr. Guy.

DISCUSSION

Commissioner Shen-Urquidez asked EO Foster what his thoughts are on the bout and the request to change the decision. EO Foster explained he is with the opinion that when knockdowns are missed by the referee, there should be clear and decisive evidence of that knockdown. He further explained he was not at the event and that all he is able to see is the video which was provided by Mr. Guy. He continued the referee was in the best position and it is the referee's decision to make the call. Commissioner Shen-Urquidez explained she would have a hard time second-guessing her referee without clear evidence against the call.

Vice Chair Lehman requested that moving forward, links to appeal videos be distributed to the Commissioners before the meeting. She further explained that Mr. Guy should have received the statements from the Referee and the Lead Inspector, and that moving forward each party should be made aware of all responses from the other parties. She continued she was a bit dismayed by the comments of the referee that the discussion did not point to the issues being appealed and rather addressed the issues he had with the cornerman. She suggested perhaps the calls from the referee were tainted or subconsciously, retaliatory against Mr. Guy and his corner. She stated in looking at the scorecards, if even one of the knockdowns in question were to have been called as such, that the result would have been different. She continued that she is convinced that the knockdown in round seven where Mr. Younan pulled himself up with the ropes - was, in fact, a knockdown.

Commissioner Vernon Williams requested videos of each knockdown.

Commissioner Sauter commented if the Commission is going to engage in a review of bouts and the result of bouts, clear and concise videos of each issue being addressed should be made available to the Commission ahead of time.

Chairman Carvelli invited Mr. Guy to reappear at the next Commission meeting to readdress each issue with better material which will aid the Commission in making the best decision.

Vice Chair Lehman suggested, until then, Mr. Guy's record reflect the bout is currently under review.

Agenda Item 9 – Discussion, review and possible action regarding the delegation of amateur kickboxing to the International Kickboxing Federation (IKF)

EO Foster presented the Commission with background on the IKF and their efforts in regulating amateur kickboxing in California. He provided his recommendation to grant the delegation of amateur kickboxing to IKF with the same terms as the California Mixed Martial Arts Organization (CAMO) and the United States Fight League (USFL) with an ongoing delegation that can be reviewed or revoked at any time by the Commission.

Vice Chair Lehman motioned renew the delegation of amateur kickboxing to the International Kickboxing Federation.

Commissioner Williams seconded the motion.

DISCUSSION

Vice Chair Lehman acknowledged Mr. Fossum for the excellent regulation of kickboxing that IKF has done so far, as well as his efforts in submitting reports, as requested. She mentioned that she and the Commission know the great work that IKF does, but understands that documenting that work can be sometimes more difficult.

The motion passed 5-0 by roll call vote.

Agenda Item 12 – Review and approval of Petition to Change Decision Form

EO Foster provided background to the Commission and explained why such a form will be necessary in processing requests to change decisions. Vice Chair Lehman briefly explained to promote efficiency in the CSAC office as well as fairness and due process to the stakeholders, a fair process which is accessible to the public/stakeholders so they know what to expect when submitting such appeals. She further explained in the last meeting, the Commission approved the process for filing a petition and the form will work to streamline the process and give a snapshot of the petition.

DCA Legal Counsel, Gary Duke, explained to the Commission a form like the one being reviewed could help marshal relevant appeal information, but it cannot be considered a filing requirement.

*Commissioner Shen-Urquidez motioned approve the Petition to Change Decision Form.
Commissioner Sauter seconded the motion.*

DISCUSSION

Commissioner Shen-Urquidez suggested a checklist be added to the form and questions for the petitioner to answer which pertain to videos of the bout, whether they are requesting a hearing, and if so, if they will have witness statements or will be present at the time of hearing.

Vice Chair Lehman mentioned the form does mention to “attach additional information”, however she agreed maybe it was too vague and should be revised to include Commissioner Shen-Urquidez’s suggestions.

*Commissioner Shen-Urquidez revised her motion to approve the Petition to Change Decision Form with revisions.
Commissioner Sauter seconded the revised motion.*

No public comment.

The motion passed 5-0 by roll call vote.

Agenda Item 7 – Subcommittee Update

a. Pension Fund Subcommittee (Commissioners Lehman and Ayala)

i. Report from Beth Harrington from Benefit Resources regarding the Pension fund administration.

EO Foster invited Ms. Beth Harrington, Benefit Resources, to come forward

and provide the Commissioners with her presentation regarding 2017 finances. Ms. Harrington gave an overview and described the charts she provided to the Commissioners in the meeting materials. She explained the formal valuation was completed at year end of 2016, and showed a plan valuation of 5,138,396. She reported during 2017, \$400,000 was transferred out of the Raymond James account to the operating account and was used to pay benefits throughout the year.

She reported 46 boxers became eligible for benefits in 2017. Ms. Harrington reported two of the beneficiaries of the pension plan did not have U.S. Social Security Numbers (SSN) and they were living overseas. She explained benefits were paid, however no taxes were withheld for those claimants as they did not have SSNs. She further explained she does not typically pay benefits to anyone without an SSN, however she was given direction from DCA to pay the claimants without the SSNs.

Commissioner Shen-Urquidez expressed concerns about athletes having to sign up for the plan and are not getting paid. EO Foster clarified this was how it was done in the past; however, it has been corrected and the round purse report now reflects every boxer who competes each year is thereby enrolled in the plan.

ii. **Report from Cyril Shah of Raymond James Financial Services regarding the status of the Pension Fund investment account and allocation of assets.**

Mr. Cyril Shah, Raymond James Financial, provided a presentation to the Commissioners regarding the investment side of the Pension Fund.

Mr. Shah presented the Commissioners with reports on the Pension Fund's investment returns. He reported the Commission has withdrawn \$1.95 million, almost \$2 million out of the fund, almost exclusively, to pay benefits to boxers and have been able to maintain as well as increase the value of the fund. Chairman Carvelli inquired why the Commission's returns are only at 5.5% whereas other funds are returning upwards of 10-12%.

Mr. Shah explained the fund is set up to be quite conservative, the fund has about 30% exposure to equities and the remaining 70% are income oriented and yield much lower returns which allow the fund to sustain itself and reduce volatility within the fund. He further explained a few tactical changes were made in November, which reduced their exposure to high-yield bonds which are below investment grade, where the risk associated with them were not being adequately compensated.

Chairman Carvelli explained although he understands the need to maintain the corpus of the fund, he is frustrated the fund is not gaining commensurate

or even close to the rest of the market. Commissioner Shen-Urquidez suggested to Mr. Shah, when he sees an upturn in the market, he should be shifting allocations, at least for short the term. Mr. Shah explained he does have the ability to do that, but he would suggest a more long-term approach.

Chairman Carvelli requested Mr. Shah compile some options for the fund and reconvene on the topic at a future meeting.

CLOSED SESSION

Agenda Item 14 – Pursuant to Government Code Section 11126(a)(1) the Commission will conduct an annual review of the Executive Officer.

OPEN SESSION

Session resumed, Chairman Carvelli left for the day and Vice Chair Lehman stepped in as acting Chair.

Agenda Item 10 – Executive Officer's Report

a. Budget Update for the Support Fund, the Neurological Fund, and Pension Program

EO Foster explained as of July 1, 2017, he has yet to receive a budget report, however he is able to report on the revenue. He reported that as of December 1, 2017, the Commission deposited \$832,762.12 to the Support Fund, \$2,801.42 to the Neurological Examination Account, and \$245,024.96 to the Boxers Pension Fund. He further explained \$200,000 of the deposits to the Pension Fund was from the SMIF account to pay benefits.

b. Report on Pending and Proposed Regulations

- **Payment of Contestants (Amendment to Title 4, California Code of Regulations section 232.)**

EO Foster reported the final rulemaking package was submitted to the Office of Administrative Law (OAL) on November 6, 2017. He continued there was originally some debate on whether the Commission has legal authority to impose such a regulation and confirmed with DCA Legal the Commission does. Mr. Duke clarified although DCA has given their legal opinion, OAL must still make their legal determination on the Commission's authority.

- **Examination of Boxer Applicants (Amendment to Title 4, California Code of Regulations section 280.)**

EO Foster reported the rulemaking package was submitted to DCA and is currently under review by DCA Legal. Mr. Duke explained to the Commission this regulation

was originally going through the regulatory process, but had been withdrawn and what is currently under review is an entirely new package.

Assistant Executive Officer, Sophia Cornejo, explained DCA has a new process for regulation packages and the review period is now completed prior to submitting to OAL.

c. Status Update of Delegated Entities

- California Amateur Mixed Martial Arts Organizations (CAMO)

Mr. JT Steele, President, reported CAMO experienced an unexpected increase of events in December, which caused them to push back some of their inspector trainings. He reported they held a Promoter/Stakeholder meeting in Southern California which was very productive and provided them with a lot of insight with their promoters. He explained many suggestions were discussed and he will brief the EO on those before bringing them to the full Commission.

Commissioner Shen-Urquidez asked what Mr. Steele attributes the upswing of events to. Mr. Steele responded there are better opportunities for promoters to secure better venues in the winter months, he also suggested it could be from approving a few new promoters. Commissioner Shen-Urquidez recognized CAMO inspectors and acknowledged how well trained they are.

- USA Boxing (USA Boxing)

Mr. Mike McAtee, Executive Director, introduced himself and gave background on the changes occurring within USA Boxing as an organization. Commissioner Shen-Urquidez mentioned there was a great relationship between this Commission and his predecessor Mike Martino. Mr. McAtee has not appeared at previous Commission meetings despite requests and as much as she appreciates his attendance, Mr. Joe Zanders is not able to report on the entire state of USA Boxing's affairs. She explained that the Commission had received complaints about the new fee schedule and asked for clarification and an update on the new fee schedule.

Mr. McAtee explained one of the primary changes in the process under his leadership has been fee schedule changes for sanctions must be voted on by the Board of Governors of each Local Boxing Club. Commissioner Shen-Urquidez clarified that the fees for each athlete does not go to the LBC for approval, that USA Boxing is still responsible for fee increases. Additionally, she inquired about the sanction fees that are waived for certain contests, and asked whether the athlete fees are also waived.

Vice Chair Lehman requested EO Foster coordinate a conference call to discuss the additional concerns the Commission is hearing from their stakeholders. Commissioner Sauter asked Mr. McAtee to report on the 2028 Olympic status. Mr.

McAtee explained Los Angeles is slated to receive about 10.8 million a year over the next 10 years, they would like to see a western qualifier in Los Angeles in 2019 or 2020.

- International Kickboxing Federation (IKF)

Mr. Steve Fossum, President, reported there was an issue at one of the events where the athlete was knocked out. The Ringside Physician's assessment was the athlete needed to go to the hospital by ambulance. He further explained once the ambulance team arrived in the back room, the athlete was aware of what was going on and adamant he did not want to go to the hospital. He explained the ambulance team gave him a waiver to sign.

Mr. Fossum asked the Commission on direction of what to do moving forward in instances where athletes refuse care. Commissioner Shen-Urquidez explained there are only certain instances where you can hold an athlete, or in any case, a patient against their will.

Vice Chair Lehman explained the Ringside Physician may be able to advise the athlete to go to the hospital by warning them if they don't they may not be able to medically compete again. However, the Commission does not have the authority to impose or threaten sanctions or suspensions on an athlete because they refuse care.

Mr. JT Steele explained the Commission must consider their liability when it comes to negligence. He stated if there is a form created or new process, and then it is not used or followed, for whatever reason, the Commission might be put in a situation of liability.

Vice Chair Lehman suggested the Commission refer this topic to the Medical Advisory Committee to advise the Commission.

- United States Fight League (USFL)

EO Foster explained Mr. Jon Frank sent his apologies that he would not be able to appear at the meeting, however his report was included in the Commission Meeting Materials.

d. Update on C3 Logix Sports Concussion Management Program

EO Foster reported that the Commission continues to test athletes both at the gyms and at the weigh ins. He explained that the Commission has uploaded approximately 420 C3 Logix exams and that Commission staff is on track to meet the goal of 500 uploaded exams by year end. He further reported that he has had discussions with the C3 Logix vendor to allow more locations for athletes to get tested throughout the state.

e. Upcoming Event Schedule and discussion regarding event activity

EO Foster explained this item will be discussed in another agenda item later in the meeting.

f. Staffing update

EO Foster reported that the Director of Consumer Affairs has requested, on behalf of the Commission, to California Human Resources that the Chief Athletic Inspector Classification be resurrected for State Athletic Commission utilization if needed. The position was eliminated without the Commission's knowledge because it was vacant for over two years. He explained the position is unique to the State Athletic Commission and was in existence for approximately 80 years before it was eliminated. He further reported that it is a mission critical position and it should be returned to the State Athletic Commission.

g. Office Licensing and Field Database demonstration

EO Foster invited Ms. Heather Jackson, Associate Analyst in the Commission office. Ms. Jackson provided the Commissioners with a demonstration of the field database.

Agenda Item 8 – a. Business and Professions Code section 18640.5 requires the Commission to invite stakeholder testimony at Commission meetings in order to identify actions that may lead to greater opportunities for licensees to participate in major professional boxing contests.

Due to loss of quorum, this item was tabled.

MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #6 – Review and Possible Action of Petition to Change the Decision for Michael Guy vs. Junior Younan bout on July 29, 2017, in Long Beach, CA

BACKGROUND

On July 30, 2017, the Commission received a formal petition to change the decision of a bout which occurred at the Queen Mary on July 29, 2017, in Long Beach, CA. The Commission considered this petition at the December 12, 2017, Commission meeting. Due to a lack of preparation and information provided by the petitioner, the Commission postponed this agenda item to the February 27, 2018, Commission meeting.

APPEAL DETAIL SUMMARY

Mr. Michael Guy and Mr. Junior Younan competed in a bout refereed by Wayne Hedgepeth which was scheduled for eight rounds and went to a unanimous decision in favor of Mr. Younan. In his appeal, Mr. Guy details three instances in the fight where he claims that the referee did not indicate knockdowns against Mr. Younan. He believes that had the knockdowns been identified and appropriate points been deducted, the scoring of the bout would have significantly changed and ultimately resulted in Mr. Guy winning.

MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #7 – Pension Fund Subcommittee

The Commission paid \$227,733 in pension payments in 2017. For the past year, the World Boxing Council (WBC) has assisted the Commission in locating boxers that may be eligible for the Boxer Pension Plan. They have sent information to the Commission for several boxers which have resulted in many pension payments. The WBC recently sent to us a boxer that is eligible for over \$95,000 in pension benefits. He is currently only 42 years old, but because of the WBC's help, he knows he can claim this benefit when he reaches 50 years of age.

I would like to thank the WBC for their continued support and assistance in locating retired boxers that may have pending benefits in the Boxer Pension Plan.

The following chart shows the pension distributions for the past 10 years.

MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #8 - Executive Officer's Report

A. Budget Update for the Support Fund, the Neurological Fund, and Pension program

The Commission's revenue from July 1, 2017, to February 16, 2018, is \$1,129,012.95 to the Support Fund, \$5,295.54 to the Neurological Examination Account, and \$259,733.28 to the Boxers Pension Fund.

The Commission recently received Fiscal Month 1 from the new Fi\$cal accounting system. The majority of the expenditures in FM 01 are in the Personal Services section of the report. The Operating Expenses and Equipment expenditures will appear in future monthly reports. The revenue section of the report is not as detailed as the Calstars reports were. The Budget Office is working to improve these reports so that they provide additional revenue detail in the future.

B. Report on Pending and Proposed Regulations

- **Examination of Boxer Applicants** (Amendment to Title 4, California Code of Regulations section 280.) Submitted to DCA for review and approval on 8/29/17.

C. Status Update on Delegated Entities

- CAMO Report – please see attached report.
- USA Boxing Report – please see attached report.
- USFL Report – please see attached report.
- IKF Report – please see attached report.

D. Update on C3 Logix Sports Concussion Management Program

The Commission continues to test athletes both at the gyms and at the weigh ins. We exceeded its goal of 500 exams by the end of 2017 by 98 (a total of 598 exams). As of this writing, the Commission has uploaded approximately 657 C3 Logix exams.

E. Upcoming Event Schedule and discussion regarding event activity

I would direct your attention to the following significant events:

- 3/10/18 – Top Rank at Stub Hub Center – broadcast on ESPN

F. Staffing Update

One staff member is currently out on maternity leave until mid-July and another staff member will be leaving on maternity leave on March 30 through October 2018. Due to the staffing shortage, we are currently recruiting for two seasonal clerks to assist with the workload.

G. Report on Advisory Committee on Medical and Safety Standards Meeting on January 27, 2018

The Advisory Committee on Medical and Safety Standards (MAC) discussed the protocol for athletes who refuse care. They discussed Ringside Physicians requirement to indicate after care remarks on the post bout evaluation form. If the Ringside Physician feels that the athlete should go to the hospital, they should indicate 'sent to hospital' on the form; and if the athlete refuses, indicate that as well. The only exception would be if the doctor believes there to be a head injury – they should involve the paramedics and transfer care. The paramedics are trained on the protocol for individuals refusing care. They will typically have them sign a waiver.

There were three applicants reviewed by the MAC for medical clearance to compete. The MAC cleared two and denied one.

Raymond James & Associates, Inc. (RJ&A), member New York Stock Exchange/SIPC, carries your account and acts as custodian for funds and securities deposited with us, directly by you, through Raymond James Financial Services, Inc. (RJFS), or as a result of transactions we process for your account. RJFS maintains written agreements with financial institutions. Unless otherwise specified, products purchased through RJFS or held at RJ&A are not insured by the FDIC, NCUA, other financial institution insurance or government agencies, are not deposits or other obligations of and are not guaranteed by the financial institution, and are subject to investment risks, including possible loss of principal invested. Our independent financial advisors may also be involved in other business entities, including their own registered investment advisor firms and/or independent insurance relationships, unrelated to their association with RJFS. These entities are completely independent of Raymond James. RJFS serves as the broker/dealer of record for your investment securities accounts only. Checks for the purchase of investment securities should be made payable to Raymond James & Associates unless you are submitting your investment directly to a recognized mutual fund or insurance company. Information about commissions, service fees and other charges related to your transactions is included on your transaction confirmations. All financial products you have purchased or sold through your Raymond James financial advisor should appear on a trade confirmation and your account statements. Please contact your financial advisor and Raymond James Client Services at 800-647-7378 if you do not see any such purchase or sale reported on your trade confirmation or account statements; if you have questions about the securities positions, balances and transactions in your account; or if you note any other inaccuracy on your account statement. Any oral communications should be reconfirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act. Raymond James' financial statement is available for your inspection at its offices or at <https://www.raymondjames.com>, or a copy will be mailed upon your written request. All other inquiries, [including updates to your investment profile] and questions about the following information regarding the investments held in your account should be directed to your financial advisor.

Securities offered through Raymond James Financial Services, Inc. Member FINRA/SIPC. Investment Advisory Services offered through Raymond James Financial Services Advisors, Inc. and/or the Independent Registered Investment Advisor, or both. Please refer to your advisory services contract and form ADV for more information. Your financial advisor may operate under a separate business entity. The business entity is independent of Raymond James Financial Services and not a broker/dealer.

Securities Investor Protection Corporation - Raymond James & Associates, Inc. is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000, including \$250,000 for claims for cash. Money market fund shares are not considered cash for this purpose; they are securities. An explanatory brochure is available upon request by calling 202-371-8300 or visiting <http://www.sipc.org>. Raymond James & Associates, Inc. has purchased excess SIPC coverage through various syndicates of Lloyd's, a London-based firm. Excess SIPC coverage is fully protected by the Lloyd's trust funds and Lloyd's Central Fund. The additional protection currently provided has an aggregate firm limit of \$750 million, including a sub-limit of \$1.9 million per customer for cash above basic SIPC for the wrongful abstraction of customer funds. SIPC coverage is not the same as, and operates differently from, FDIC deposit insurance. Account protection applies when a SIPC-member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against market fluctuations.

Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are affiliated with Raymond James Bank, National Association (N.A.), member FDIC. Unless otherwise specified, products purchased from or held at Raymond James & Associates or purchased from Raymond James Financial Services are not insured by the FDIC, are not deposits or other obligations of Raymond James Bank, N.A., are not guaranteed by Raymond James Bank, N.A., and are subject to investment risks, including possible loss of the principal invested.

FINRA Disclosure - For additional background information on any firm or representative registered with the Financial Industry Regulatory Authority (FINRA), please contact FINRA at 800-289-9999 or <http://www.finra.org> and request the public disclosure program brochure.

MSRB Disclosure - Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are registered with and subject to the rules and regulations of the U.S. Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB). Both the SEC and the MSRB publish websites containing information and resources designed to educate investors. In addition to educational materials about the municipal securities market and municipal securities market data, the MSRB website includes an investor brochure describing protections that may be

provided by MSRB rules, including how to file a complaint with the appropriate regulatory authority. For more information, visit <https://www.sec.gov/> and <http://www.msrb.org/>.

Availability of Free Credit, Bank Deposit Program, and Shares of the Cash Sweep Money

Market Mutual Fund Balance - You have the right to receive, in the normal course of business, any free credit balance, bank deposit program balance, the net asset value of shares of the cash sweep money market mutual fund balance, and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

Third Party Payments Disclosure - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

Cost Basis - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Understanding Your Statement (continued)

California State Athletic Comm Account No. 56658065

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A wash sale occurs when a security is sold for a loss and is re-purchased either 30 days before or after the sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are not calculated for depreciated gifted securities, referred to as dual basis, indicated by a "d." Both Total Cost and Gift FMV exist, as the actual gain/loss cannot be determined until the position is sold.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

Raymond James Bank Deposit Program - The Raymond James Bank Deposit Program is a multibank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>.

The Raymond James Bank Deposit Program rate displayed in the Cash & Cash Alternatives section of your statement is the established rate for the last business day of the reported month. However, in the event that a large deposit is made on the last business day of the month, the rate for the next business day may be displayed. Estimated Annual Income is calculated using this rate and, therefore, is solely an estimated value for the month and may not reflect your actual income.

"Your bank priority state" indicates the corresponding Bank Priority List that applies to your account. "RJBDP participating banks you declined" displays the names of the banks you have designated as ineligible to receive your funds, which results in your funds being directed to the next bank on the Bank Priority List. "Participating banks recently added" displays additional banks that have been added to the program in the last 90 days. You have the right to designate any bank in the program as ineligible to receive your funds by contacting your financial advisor.

More information about the Bank Deposit Program, including the current Bank Priority Lists, is available at <https://www.raymondjames.com/rjbdp>.

Exchange-Traded Products (ETPs) - ETPs are investment products that are listed on a national stock exchange and can thus be bought and sold in the equity trading markets. ETPs encompass a number of structures that track an underlying benchmark, index or portfolio of securities. ETPs may be structured as registered unit investment trusts (UITs), exchange-traded funds (ETFs), exchange-traded notes (ETNs), grantor trusts or commodity pools.

A number of ETPs employ, to varying degrees, more sophisticated, financial strategies and instruments such as leverage, futures, swaps and derivatives in order to achieve their investment objectives. Those ETPs are commonly referred to as "non-traditional ETPs." Non-traditional ETPs are more complex than traditional ETPs and may not be appropriate for all investors. These may include leveraged or inverse ETPs, some actively-managed ETPs, futures-linked ETPs, volatility ETPs, some ETNs and other products.

Non-traditional ETPs will generally have higher fees than traditional ETPs. All fees and expenses are described in the prospectus. The ability of an ETP issuer to perpetually create new shares contributes to an ETP's efficiency and accuracy in tracking its index. However, under certain circumstances, issuers may cease or suspend creating new shares, which may cause ETPs to trade at a price that differs significantly from the value of its underlying holdings or index. Furthermore, all ETPs may trade at a premium or discount to their net asset value (NAV) or indicative value in the case of ETNs.

Some ETPs may not trade in high volume, which could impact your ability to buy or sell your shares at the desired price and/or quantity. ETPs can be closed for a variety of reasons, which can cause forced taxable events for investors, including capital gains distributions. Furthermore, there can be closing costs associated with the final liquidation of the ETP and index tracking uncertainty as the ETP liquidates its assets.

Investors should consider an ETF's investment objective, risks, charges and expenses carefully before investing. The prospectus, which contains this and other important information, is available from your financial advisor and should be read carefully before investing.

Time Weighted Performance Reporting - Performance returns are calculated net of management fees, if applicable. Returns for periods greater than one year are annualized returns unless they represent entire 12-month periods. All performance figures exclude unpriced securities (including securities of indeterminate value), limited partnerships (other than limited partnerships classified as Alternative Investments and appearing in that section of your statement). Performance for Annuity and RJ Bank CD's may not be all inclusive. Previous calculations for managed accounts may have been adjusted for investment manager performance. Considering these exclusions, overall performance may be different than the results presented in this statement. Past performance is not a guarantee of future results. Information used to calculate performance may have been obtained from third party sources and Raymond James cannot guarantee the accuracy of such information.

Understanding Your Statement (continued)

California State Athletic Comm Account No. 56658065

Quarterly Asset-Based Advisory Fees - After the initial billing, your advisory fee is typically calculated in advance and deducted from your account(s) in the months of January, April, July and October. Your advisory fee is calculated based on the Account Value as of the last business day of the previous quarter (ex. the quarterly fee assessed in July is based on the last business day of June). The actual fee shown under the "Account Activity" section is calculated using the following formula:

$$(\text{Account Value} \times \text{Advisory Fee Rate}) \times (\text{Days in period} \div \text{Days in year})$$

For purposes of calculating asset-based advisory fees, Raymond James uses the term "Account Value". Account Value is defined within your investment advisory agreement as "the total absolute value of the securities in the Account, long or short, plus all credit balances, with no offset for any margin or debit balances." The value displayed on your brokerage statement may be different than the Account Value for any of the following reasons:

- trade date (Account Value) versus settlement date (brokerage statement)
- margin balances, proceeds from short sales & call/put writing
- billing treatment on cash balances
- designation of administrative-only assets
- primary market distributions (initial public offerings and other new issues)

Please see the "Brokerage Statement and Performance/Billing Valuation Differences for Fee-Based Accounts" section of Raymond James' Form ADV Part 2A or Wrap Fee Program Brochure for a more thorough discussion regarding how Raymond James values your account for advisory fee purposes, a current copy of which may be obtained from your financial advisor or by contacting the Asset Management Client Services department at (800) 248-8861, extension 74991.

Estimated Annual Income and Estimated Income Yield - The Estimated Annual Income (EAI) and Estimated Income Yield (EIY) provided on this statement are an estimate of the income a security will distribute during the year. These figures should not be confused with actual cash flows, investment yields or investment returns. Actual income or yield may be lower or higher than the estimated amounts. A number of factors may influence the actual income or yield that is received. The amount or frequency of an issuer's dividend may fluctuate or cease, which may cause the income and or yield of the security to fluctuate. EIY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. EAI and EIY for certain types of securities could include a return of principal or capital gains which could overstate the EAI and EIY. Information used to calculate Estimated Annual Income and or Estimated Income Yield may be obtained from third party sources and Raymond James cannot guarantee the accuracy of such information. Estimated Annual Income and or Estimated Income Yield amounts should not be used as a financial planning tool.

Pricing - While sources used for pricing publicly traded securities are considered reliable, the prices displayed on your statement may be based on actual trades, bid/ask information or vendor evaluations. As such, the prices displayed on your statement may or may not reflect actual trade prices you would receive in the current market. Pricing for non-publicly traded securities is obtained from a variety of sources, which may include issuer-provided information. Raymond James does not guarantee the accuracy, reliability, completeness or attainability of this information. Investment decisions should be made only after contacting your financial advisor.

Standing Withholding Elections - The term "standing withholding election" refers to a federal or state income tax withholding election made for a Raymond James IRA that is carried over and applied to all future distributions from that IRA unless it is changed or revoked.

If income taxes are being withheld from the IRA payments you are receiving and you do not wish to have taxes withheld, please notify your financial advisor. However, if you elect not to have withholding apply or you do not have enough federal income tax withheld from your IRA payments, you may be responsible for the payment of estimated taxes. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

If income taxes are not being withheld from your IRA payments because you elected not to have withholding apply and you now wish to revoke that election and have income taxes withheld, please notify your financial advisor.

Asset Allocation Analysis - This analysis is for informational purposes only and is intended to be used as part of a complete portfolio review with your financial advisor. The data provided in the asset allocation analysis is subject to inherent limitations and is not guaranteed to represent actual asset class exposure(s) within your account(s) at the time of calculation. See <https://investoraccess.rjf.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

Product Interest Rate Risk - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. An overview of this and other risks is available at <https://www.raymondjames.com>, <http://www.finra.org>, <https://emma.msrb.org>, and <http://investinginbonds.com>.

STATUS:

California Amateur Mixed Martial Arts Organization (CAMO) Report

February 16, 2018

To: California State Athletic Commission

From: California Amateur Mixed Martial Arts Organization, Inc. ("CAMO")

Re: CAMO UPDATE / DOCUMENT REQUEST

Below and attached please find a CAMO update and report in anticipation of the regularly scheduled CSAC meeting scheduled for February 27, 2018 in Anaheim, CA:

1. CAMO SAFETY AND SUSPENSION REPORT: UPDATE

There have been no major injuries of a heightened concern for the commission to review since the last CSAC meeting and report on December 12, 2017 in Sacramento, CA.

2. FINANCIAL REPORT:

No update from last report. CAMO reserves are within required operating ranges.

3. INSPECTOR ONLINE TRAINING:

CAMO is committed to training and preparing excellent officials including inspectors that will, one day, work with the California State Athletic Commission on the largest stages in the world. Continued training is paramount to CAMO's mission but comes with geographical challenges that naturally occur with our vast state. In order to more efficiently address training, CAMO is developing a new online curriculum for athletic inspectors that will involve instruction and testing of rules, regulations, and practical scenarios. The curriculum is being developed by a veteran CAMO official who is a college professor with experience in developing instructional curriculums. CAMO has beta-tested the curriculum with success and anticipates launching this initiative in 2018 as one of our 2018 goals. This online and uniform curriculum will further lead the way in amateur regulation and continue to set California apart from all others.

4. BELLATOR MMA:

On January 20, 2018, Bellator MMA featured one amateur CAMO bout on the undercard of their large stadium event in Inglewood, CA. CAMO would like to thank Executive Officer Andy Foster and the Commission in their support of the pro-am model and allowing several amateur officials to participate in the event and oversee the amateur bout. The crowd, and Bellator, was treated to a spectacular and exciting amateur bout that demonstrated the talent level of California's amateur program is second to none. We hope to work with the Commission and Bellator in a similar fashion in the future.

In closing, 2018 is off to a tremendous start and we are looking forward to reporting on our new online training program. CAMO is expecting to see new growth this year with new promotions and venues. We hope to

continue to collaborate with CSAC in 2018 to explore opportunities to address weight cutting and maintain CAMO at the forefront of this issue. Thank you for your continued support.

Sincerely,

JT Steele | President, California Amateur Mixed Martial Arts Organization, Inc.

Difference in fees between Local Boxing Committees (LBCs)

USA Boxing charges all LBCs the same price the LBCs may add additional charges based upon a vote by their Board of Governors. In 2018 USA Boxing raised its computer support convenience fee from \$3.00 to \$5.00. The additional funds raised must be used for grassroots training of leaders, officials, coaches and/or boxers.

\$305 plus LBC Fee	+	\$200	X	# of days	USA Boxing/LBC Sanction fee + \$200 x # of days

Multi-day competition would be charged a flat rate of \$200 per additional competition day(s). The additional competition day fee will be split with USA Boxing receiving \$100 and the LBC receiving \$100.

Example: Any Name Boxing Club hosts a three-day open tournament in the Arizona LBC.

The sanction fee would be calculated as follows:

The first day is the standard sanction fee for a club show \$355

The second and third days of competition would be \$200 per boxing day, \$200 x 2=\$400

The total sanction fee would be: \$355+\$400=\$755

VII. Proposed rule changes for 2018

Article II

Section 3

(Proposal to remove this rule and declare the uninjured athlete winner via injury default.)

- If the bout ending injury was caused by no fault of either fighter, the bout will be declared a Draw. A “No fault” injury is defined as an injury that does not involve the contest itself or an injury where both athletes are equally at fault. If a “no fault” injury

occurs in a tournament the uninjured athlete will advance in the bracket.

Section 4

- **(Proposal to add this rule which has been the practice of referees to protect an injured athlete from being “finished off” during a state of distress)** Athletes hurt by a legal technique should be afforded a short recovery period and not be “finished off” while injured. Referees should halt the bout and conduct a short evaluation to determine if the athlete is fit to continue. The medical official may be summoned to help in the evaluation.

Article III

Section 5: Re-Start Positions

- **(Proposal to add this rule, which has been the practice of referees to protect both athletes from intentional or unintentional slamming.)** Elevating opponent fully above hips is considered an effective escape of attempted submission or guard. Referee should break the hold to prevent an unintentional slam.

Licensing requirements/ fees:

USFL is planning to introduce Safe Sport training in Spring 2018 for licensed coaches and officials who have direct contact with youth athletes. An additional licensing cost of \$5 may be added to reimburse for this service.

IKF CALIFORNIA "SHORT REPORT" FOR THE CSAC

December 4th, 2017 TO FEBRUARY 12th, 2018

Since the last CSAC report of December 4th, 2017, the IKF has regulated *6 Amateur Muay Thai / Kickboxing Events in the State of California. (*) This report also includes the missing stats of the last event from the last report that were left out having not been received as of the report date. That missing event was included in the event totals of the last report but the other stats were not, and they have been included in this report. Here are the event details of the total "7" IKF Sanctioned Events which include the 1 missing event:

MONTH OF EVENTS	BOUTS	DECISIONS	ENDED IN KO/TKO	MEDICAL SUSPENSIONS	NOR CAL EVENTS	SO CAL EVENTS
DECEMBER	27	21	5	8	1	2
JANUARY	21	18	3	3	0	1
FEBRUARY	57	24	10	14	1	2
(**) 1 Event was an In Gym Training event with 23 sparring bouts.						
TOTAL	*105 / 82	*63	18	25	2	5

ALL OF THE ABOVE BOUT DETAILS CAN BE FOUND AT THIS WEB PAGE:

<http://www.ikfkickboxing.com/IKFCAPASTEVENTS.htm>

◆ Of these Events, 1 of them was a combined Pro & Amateur Events with the CSAC.

(*) 6 Events were Actual Full Contact Muay Thai/Kickboxing Events with 82 competition bouts fought.

(*) 1 Event was an In Gym Training event with 23 sparring bouts.

(**) Add to these the 1 bout that ended in a NO CONTEST. *Accidental knee to head in round 1.*

◆ Of the 82 REAL Full Contact Competition Bouts, the IKF Physicians issued 25 Medical Suspensions.

- 6 were 180 day Medical Suspension.
- 4 were 60 day Medical Suspension.
- 10 were 45 day Medical Suspension.
- 5 were 30 day Medical Suspension.

◆ Of the 1 "In Gym Training" Event there were no Medical Suspension issued.

◆ On -3- of these events, the stopped (KO/TKO) athlete/fighter was recommended by IKF Medical Doctor to be transported by Ambulance to the Hospital. On all 3 occasions, the athlete/fighter refused to be transported. In order to protect the IKF, Officials and Medical Staff the IKF added the following paragraph on all MANDATORY pre-bout physicals that must be completed prior to every IKF Sanctioned bout, even the IN GYM Training events:

FIGHTER: If while At THIS event, you become injured and refuse Medical care or the Ringside Physician determines you need to be transported by Ambulance to a Hospital, and you Refuse, YOU have RELEASED ALL LIABILITY to YOURSELF and may NOT be covered under the Event Medical Insurance Policy. This RELEASES The IKF, International Kickboxing Federation and ANY and ALL Staff, Officials & Medical Personnel working this event. YOU acknowledge YOU fully understand this by signing below.

MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #9 – Discussion and possible action on the Association of Boxing Commissions' Unified Rules of Kickboxing

BACKGROUND

From August of 2016 to July of 2017 I had the privilege to Chair the Association of Boxing Commission's Kickboxing Subcommittee. The Committee consisted of Commissioner Martha Shen-Urquidez, Muay Thai Referee Blake Grice, International Sport Karate Association President Cory Schafer, and acclaimed Kickboxing trainer Arnold Urquidez. The rules were submitted to the full body of the Association of Boxing Commissions at the Annual meeting in July of 2017. With some minor amendments, the rules passed unanimously. Included are the adopted rules.

RECOMMENDATION

It is my recommendation that the Commission consider the adoption of these rules.

UNIFIED RULES OF PROFESSIONAL KICKBOXING

As approved on July 26, 2017

1. Bouts may consist of a maximum of ten (10) rounds of three (3) minutes each in duration, with a minimum of one (1) minute rest period between each round.
2. The referee and/or the ringside physician are the only individuals authorized to stop the contest, as determined by the presiding commission. This rule shall not preclude a video or other review of a decision under the procedures of the applicable regulatory authority if a protest is filed claiming a clear rule violation.
3. All bouts are evaluated and scored by three (3) judges.
4. Scoring:
 - A. The 10 Point Must System will be the standard system of scoring a bout. Under the 10 Point Must Scoring System, 10 points must be awarded to the winner of the round.
 - B. The fighter who has lost the round may be awarded 9, 8, or 7 points.
 - C. If the round is determined to be an even round, a score of 10/10 may be awarded.
 - D. Partial or incomplete rounds will be scored. If no significant action has occurred, the round shall be scored as an even round. This is at the discretion of the judges.

Scoring Criteria:

Bouts will be evaluated using the following prioritized criteria;

1. Number of Knockdowns.
 2. Cumulative effective Impact on the Opponent.
 3. Number of Clean Scoring Strikes
 4. Ring Generalship or Aggressiveness
5. In the event of a knockdown the referee shall send the standing fighter to a neutral corner and administer a Mandatory Eight (8) Count to the downed fighter.

A knockdown is defined as when a fighter touches the mat with anything other than the soles of their feet as the result of a legal, damaging strike – or is in a defenseless position grabbing the

opponent, or hanging on or over the ropes. The referee will have sole discretion in determining a knockdown versus a slip.

If a fighter goes down from what the referee indicates is a "slip" but fails to rise after the referee's repeated commands, the referee will initiate a count, and follow the procedures of a knockdown. If the fighter does not rise at the count of 10, it will be considered a TKO.

If a fighter injures him/herself and then fails to intelligently defend him/herself by turning their back on the opponent, the referee may, in the proper exercise of their discretion either treat the injury the same as one produced by a fair blow from the opponent and follow the procedures for a knockdown, or terminate the bout and declare the opponent winner by TKO.

6. The Three (3) Knockdown Rule is in effect only where a fighter has been knocked down 3 times in the same round by strikes/kicks to the head. In this event, this fighter shall be determined to have lost the bout by **TECHNICAL KNOCKOUT**.
7. There is **NO** Standing Eight (8) Count.
8. A fighter who has been knocked down CANNOT be saved by the bell in any round, including the final round.
9. All fighters are required to wear a mouthpiece during any contest. No round can begin without the mouthpieces in place. If any mouthpiece becomes dislodged during the contest, the referee shall call time and have the mouthpiece rinsed and put back in the fighter's mouth at the first opportune moment, without interfering with the action. The referee may deduct points if he/she feels the mouthpiece is being intentionally dislodged.
10. A fighter shall receive a 20 second count if the fighter is knocked out of the ring and onto the floor. The fighter shall **NOT** be assisted by anyone, including spectators or his seconds. If the fighter is assisted, he may be deducted points, or disqualified, at the sole discretion of the referee. If the fighter falls or is thrown from the ring the referee shall "stop time", allow the fighter to return, seek the council of the ringside physician and/or penalize the other fighter if there was a fouling action, where appropriate.
11. **Fouls:**
 - A. Head butts.
 - B. Groin strikes.
 - C. Thrusting or Linear kicks directed at the knee joint
 - D. Striking the back of the head or the spine – defined as striking any of the area beginning at the back of the head starting at the crown of the head and running directly down the center of the head, spreading from ear to ear in the back of the head, running down the entire rear portion of the neck, and beginning again at the occipital junction and stopping at the top of the trapezius, and again from the trapezius muscle down the spine to the tailbone
 - E. Attacks to the throat.
 - F. Striking a downed fighter (a fighter is considered "down" whenever they have any part of their body other than the soles of their feet touching the canvas).
 - G. Failure to obey the referee's commands.
 - H. Striking on a break.
 - I. Striking after a bell.

- J. Holding or using the ropes while striking or clinching.
- K. Timidity: Repeatedly, intentionally avoiding engagement or contact with the opponent.
- L. Use of abusive language and/or gestures.
- M. Causing intentional delays in the action: For example, repeatedly spitting out the mouth piece, falling out of the ring to cause delay.
- N. Thumbing
- O. Holding the opponent's leg without executing a legal strike or while executing more than one striking technique. (A fighter may grab the opponent's kicking leg and immediately execute one legal strike while taking one step, and then they must immediately release the leg.)
- P. Any effort to down a fighter by a method other than a legal strike or strikes; this includes, but is not limited to joint locks, submission attempts, sweeps, reaps, takedowns and throws.
- Q. Biting.
- R. Spiting at the opponent.
- S. Striking with the elbow, arm, wrist, or other part of the glove that is not the padded part of the glove
- T. Holding, which is defined as repeatedly grabbing, grasping or tying up an opponent in order to prevent the opponent from striking. Clinching is allowed in order to immediately launch a credible knee attack. If in the referee's estimation the attack and/or counter knee attack is consistent and effective, he may allow it to continue for up to five seconds at which point he will separate the fighters. If within the five seconds the knee attack or counter-attack wanes or appears ineffective the referee will immediately separate the fighters.

12. Permissible Strikes:

- A. All boxing strikes to permissible target areas.
- B. Spinning backhands/fists to permissible target areas
- C. Knee strikes to permissible target areas
- D. All kicking strikes to permissible targets above the belt line
- E. All kicking Strikes executed with the foot or shin directed to the legs (excluding linear or thrusting kicks directed to the knee joint.

Permissible target areas: a) front and sides of the head; b) front and sides of the torso above the belt; c) entire leg, except the knee joint by thrusting or linear kicks.

13. The winner of a match may be decided in the following ways:

- A. Points Decision: When both contestants finish the scheduled rounds, victory is awarded by majority decision of the judging panel.
- B. Knockout: If a contestant is incapable of resuming the fight within the referee's ten-count due to legal strikes.
- C. Technical Knockout :
 - 1. If the official determines a contestant shows no will to, or is incapable of resuming the fight due to a legal technique
 - 2. If the official determines the contestant can no longer intelligently defend him/herself
 - 3. If the contestant does not leave his corner to take part in the fight following the sounding of the bell.
 - 4. If the referee is of the opinion that one contestant is outmatched by the opponent and continuing the match would jeopardize the athlete's health and safety
 - 5. If the bout is terminated for medical reasons due to injury resulting from a legal technique.
 - 6. Where an athlete's corner indicates to the official they no longer wish to continue the contest and "throws in the towel") If a contestant or his coach/corner man gives up the fight. The contestant or his coach/corner man will indicate this to the referee or the regulatory representative assigned to his corner (The corner "throws in the towel").

D. Disqualification :

1. The referee disqualifies the fighter for any reason including intentional, deliberate, flagrant or repeated fouling.
2. The referee disqualifies the fighter if anyone from their corner enters the ring during the bout or touches one of the fighters during the contest, other than during the rest period, or when permitted by the commission representative.

E. Draw :

1. If following the end of all rounds, at least two of the three judges do not pronounce one of the fighters a winner.
2. If both fighters go down at the same time and neither can resume the fight within the referee's ten-count.

F. No Decision:

1. If a fighter cannot continue as the result of an accidental foul and the bell has not yet sounded completing the second round of a three round bout, or completed the third round of a five round bout, or completed the fourth round of a bout scheduled for more than five rounds.
2. If the referee decides both fighters must be disqualified
3. Where the commission determines any other determination would result in a miscarriage of justice.

14. A fighter who has been struck with a low blow is allowed up to five minutes to recover from the foul as long as in the referee and/or ringside doctor's opinion the fighter may continue on in the contest. If the fighter states that they can continue on before the five minutes of time have expired, the referee shall as soon as practical restart the fight. If the fighter goes over the five (5) minute time allotment, the fight cannot be restarted, and the contest must come to an end with the outcome determined by the round and time in which the fight was stopped.

15. Injuries Sustained by Intentional Fouls:

- A. If an intentional foul causes an injury, which is severe enough to terminate the bout immediately, the fighter causing the foul shall lose by **DISQUALIFICATION**.
- B. If the referee determines that a contest may continue despite an injury caused by an intentional foul, the referee shall immediately inform the Commission's representative and the judges and the judges shall deduct the points as determined by the referee and/or the commission's representative
- C. If an injury caused by an intentional foul results in the contest being stopped later in the bout, or in a later round:
 - (i) If the injured fighter is ahead on the scorecards, he shall be declared the winner by a **TECHNICAL DECISION**, or
 - (ii) If the injured fighter is behind or even on the scorecards, the contest shall be declared a **TECHNICAL DRAW**.
- D. If a fighter injures himself while attempting to foul his opponent, but is able to continue fighting, the referee shall take no action and treat the injury as if produced by a fair blow. If the referee determined fighter who injured him/herself is unable to continue, that fighter will lose by **TECHNICAL KNOCKOUT/KNOCKOUT**.

16. Injuries Sustained By Unintentional Fouls:

- A. If an unintentional foul causes an injury, which is severe enough to terminate the bout immediately, the contest shall result in a **NO DECISION**, if a bout has not completed the rounds necessary to score a technical decision.
- B. If an unintentional foul causes an injury severe enough to terminate the bout once the bout is considered official, the bout shall be awarded to the fighter ahead on the scorecards, including incomplete rounds, by way of a **TECHNICAL DECISION**.

A bout is considered "official" if completing the second round of a three round bout, or completed the third round of a five round bout, or completed the fourth round of a bout scheduled for more than five rounds.

If the injury from the UNINTENTIONAL foul is not severe enough to immediately stop the bout but later becomes aggravated and causes the bout to be stopped, the bout shall be awarded to the fighter ahead on the scorecards, including incomplete rounds, by way of a **TECHNICAL DECISION** if the bout has been official. Otherwise the bout will result in a **NO DECISION**.

- C. If a fighter injures themselves while attempting to intentionally foul their opponent:
 - (i) and is able to continue fighting, the referee will not take any action;
 - (ii) If the referee feels that a fighter has conducted themselves in an unsportsmanlike manner, the referee may stop the bout and disqualify the fighter
 - (iii) If the offending fighter fails to intelligently defend him/herself by turning their back on the opponent, the referee may, in the proper exercise of their discretion, either treat the injury the same as one produced by a fair blow from the opponent and follow the procedures for a knockdown, or terminate the bout and declare the opponent winner by TKO.

-
- 17. 8 oz. and 10 oz. boxing gloves are the industry standard for professional kickboxing. All issues pertaining to mandatory and optional equipment will be determined by the presiding commission.
 - 18. Male contestants must not wear clothing or other attire on their upper bodies. Female contestants must wear short sleeved (above the elbow) form fitting tops or a sports bra.
 - 19. No fighter may leave the ring before the end of the bout. MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #10 – Report on CSAC 10 Point Plan to address severe dehydration and weight cutting in MMA

At the May 16, 2017, Commission meeting in Anaheim, the Commission approved the 10 Point Plan to address severe weight cutting and dehydration in mixed martial arts (MMA) athletes. In approving the plan, the Commission requested a review of the plan's progress in approximately 6 months. Since the plan initiated, Commission physicians have administratively moved a total of 18 MMA athletes up to more appropriate weight classes. In my view, the plan has had a high degree of success, as hundreds of athletes have participated in the program and many have taken steps to improve their weight cutting process.

After careful study, I have noticed that one element should perhaps be added to address extreme weight cutting, although it would not be from the Commission's regulatory side. Addressing the proper fight weight through some form of incentives for proper weigh-in behavior would be beneficial for promoters to engage in. For example, the contract could be written a bit differently. Currently, we penalize the athlete on their show and win bonus (if they win) when they miss weight. One idea would be to offer a small bonus for making weight, and then not weighing more than the 10% plus one pound the next day. I am not certain of exactly the right approach, but financial incentives for appropriate behavior would be very beneficial to the promoters, as I would hypothesize that fighters would respond favorably and try to "win" the extra money by practicing safer weight management.

MEMORANDUM

DATE	February 27, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item # 13 – Recognition of Rebecca Relyea for her work in developing a new CSAC Event Information Database.

Rebecca Relyea, a volunteer Athletic Inspector, has volunteered her hard work and time to this Commission for the past several years. You will frequently see her standing outside in the hot sun or the cold weather during events handing out credentials to all of our Athletic Inspectors, staff and Commissioners. She also volunteered her time to develop a new database that easily tracks event and fighter information. This database is now used by both the office and field staff.

Accordingly, to show the Commission's appreciation to Rebecca Relyea, Chairman Carvelli has requested that the Commission recognize her for her service and dedication to this Commission.
