Agenda Item 2 – Welcome –Chairman's opening remarks

Chair John Carvelli welcomed new Commission employee Patrisha Blackstock. He also announced legal counsel Spencer Walker was appointed to the Department of Treasury and thanked him for all his hard work.

Chair Carvelli announced he and Commissioner Shen-Urquidez had a chance to attend the recent event at Microsoft Theater. He added the set-up was interesting as the ring was on a stage and you had a chance to see the event from a different perspective. The event was well attended and had great fights with great warriors. There was a total of 13 bouts with 100 plus rounds.

Chair Carvelli mentioned a recent article was published about the California Commission. California breaking records with the number of events being held in the state. In 2018, the Commission ran 118 professional boxing events with 59 of them being televised events. He stated the Commission is doing more events than other states combined, not including amateur events. This is very exciting, we have a lot of activity and there is a lot of respect for California. Chair Carvelli congratulated the Commission and complimented the staff and associates for all their hard work.

Agenda Item 3 – Election of Officer for 2019 Pursuant to the Requirements of Business and Professions Code section 18606

Commissioner Shen-Urquidez motioned to approve the minutes.

Vice Chair Lehman seconded the motion.

No commissioner or public comment.

*The motion **passed** 7-0 by roll call vote.*

Agenda Item 5- Update from Dean Grafilo, Director of the Department of Consumer Affairs

Dean Grafilo, Director of the Department of Consumer Affairs (DCA) stated the Commission will always be his favorite program under the DCA umbrella as he is a former Commissioner. Director Grafilo highlighted some of the things DCA accomplished in 2018; 9 licensing, enforcement and workgroup meeting, 3 substance abuse seminars, 4 Director

quarterly meetings, 3 DCA pro rata work groups and 2 Director, Board Members and Advisory tele-conference meetings. The goal of these meetings is for us to break those silos and ensure there is a cross pollination between the programs. Director Grafilo stated his goal is to create an organization without those silos. The Commission does a good job about reaching out to DCA and he hopes the Commission staff are able to reach out to other agencies.

January 7th marked a new era for the State, as Governor Gavin Newsom was sworn in as the 40th Governor of California. DCA met with the Governor's transition team and are looking forward to working with the Governor. As for current appointees of the Commission, there is nothing that needs to be done, other than continuing the great work done by the Commissioners. January 10th of 2019 Governor Newsom released the budget for California and will seek to pay down debt while building a more robust reserve. DCA hosted a tele-conference with Board leadership, Executive Officers and Board Chiefs to discuss how the Governor's new budget will affect those agencies under DCA. Fiscal operations began scheduling meetings to discuss how the proposed budget changes will affect those under DCA.

Director Grafilo reminded the Commission members they are required to complete Board Member training within 1 year of appointment or reappointment to a Board. He also stated 2019 is a mandatory training year for Sexual Harassment Prevention and all employees, Board Members and Commission members are required to take the training. He wished the Commission his best at their Sunset review, and hoped they have a smooth review process.

Chair Carvelli thanked Director Grafilo for his detailed preparation process for the Sunset review and the Commission is now awaiting the final report. Chair Carvelli also welcomed Deputy Director Christopher Castrillo and thanked him for all his support as well.

Agenda Item 6-Review and Possible Action of Petition to Change the Decision for Cathilee Zingano vs. Megan Anderson bout on December 29, 2018, in Los Angeles, CA

EO Foster presented the Commission with background on the petition to change the bout decision. Megan Anderson threw a high kick towards Cathilee Zingano's face which struck her in the eye during round 1 of the bout on December 29, 2018. Referee Marc Goddard ruled the kick a legal strike and instructed Ms. Zingano to continue. Mr. Gable on behalf of Ms. Zingano is requesting the decision be changed from a TKO loss to a no contest.

EO Foster informed the Commission Mr. Goddard was in England but if they wished to speak to him, he could be reached by phone. Mr. Goddard provided a written statement which was provided to the Commission and a statement from the Association of Boxing Commissions (ABC) and Combative Sports MMA rules committee. EO Foster didn't give a

recommendation, as he was instrumental in working on the new unified rules and felt it would be a conflict of interest.

A health document was handed to the Commissioners during the meeting as it was not included in the packet. Ms. Zingano was okay with the document being added to the record. Mr. Nathan Gable was present as Ms. Zingano's representation. Megan Anderson was not present, nor did she submit any written documentation or videos.

Mr. Gable played the video from the bout on December 29, 2018, in Los Angeles. He stated you can clearly see Ms. Anderson's toe grazes across the eye socket and gets caught under Ms. Zingano's eyelid. Photographs were also submitted to the Commission along with a better description of the injury from Ms. Zingano's doctor. Mr. Gable stated there are 2 components which must be looked at; the legal strike of the toe crossing the eye socket and the toe going under the eye lid into the eye ball which is an eye gouge.

Rule number 2 of the ABC Unified MMA Rules states, "that an eye gouging of any kind (fingers, chins, elbows) is illegal, but legal strikes that contact the fighter's eye shall be considered legal." Mr. Gable further explained a strike to the eye socket or the eye is different than an eye gouge of any kind. The contact to the eye socket is very minimal and the eye gouge is accidental therefore the bout should result in a no contest. Mr. Gable pointed out in the letter from the ABC MMA rules committee it is noted the kick was legal with no intent to eye gouge, but toes aren't included in rule number 2.

Mr. Gable stated the kick to the eye socket was legal and the gouge to the eye was illegal; it's not where the kick starts out but where the kick ends makes it illegal. Both referee Marc Goddard and the ABC MMA rules committee stated it has to be intentional but nowhere in the rules is that stated. In fact, the rules mention accidentals fouls and those should result in a "no contest". Referee Marc Goddard quoted rule number 9 in his statement which is the out stretched finger rule and that rule doesn't apply to this as this was an eye gouge.

Ms. Zingano stated she didn't think this was done on purpose. Ms. Zingano stated she feels the rule is vague and could be dangerous going forward for other fighters. Chair Carvelli inquired as to how Ms. Zingano was doing. Ms. Zingano responded she was getting better but still has spots in her vision and her vision is still blurry. She stated she would like to see this rule written better moving forward for fighters. Mr. Gable closed by saying referee Marc Goddard had the power to rule this a no contest and based on his letter alone he got the rule wrong.

Commissioner Araby asked EO Foster if this was the first instance of this he had heard of. EO Foster stated this was the first time he had seen or heard of this happening. EO Foster agreed the ABC MMA rules committee should address this issue. Commissioner Araby questioned if the Commission reversed this decision would open the flood gates on decisions going forward. EO Foster stated he hadn't seen this before so he didn't think

changing the decision would open a floodgate. The language in rule number 2 is crystal clear on what constitutes a legal strike. EO Foster stated he agreed with Ms. Zingano the committee should address this issue. Commissioner Araby recommended the Commission make a recommendation to the ABC MMA rules committee for a more defined definition of eye gouging.

Commissioner Ayala stated he saw the fight and felt it was a very unfortunate situation. He asked if the Commission had any rules in place regarding how trimmed nails had to be. EO Foster stated the Commission did. Commissioner Ayala asked for more clarification on whether the eye poke had to be intentional or not.

Commissioner Shen-Urquidez stated the current rule was modified so when a fighter's hand is at eye level they need to close their fingers otherwise, if there is an eye poke, it is an intentional foul. It is considered a deliberate act to open the hand at eye level and risk the injury to the opponent. She further stated athletes are told they must move their hands up or down if they want to open their hands, otherwise, keep their fingers closed. The rule, she said, specifically addresses fingers, elbows and chins, and states all other strikes or punches that contact the eyes are legal. Therefore, until the rule is changed or made more specific as to toes, the strike to Ms. Zingano, as unfortunate as it was, must be considered a legal strike.

EO Foster informed the Commission the inspectors have nail clippers, inspect nails, and they make sure those are available to ensure the nails are clipped.

Vice Chair Lehman thanked Mr. Gable for his letter and stated she thought it was very logical. Vice Chair Lehman asked Mr. Gable to explain what he meant when he stated rule number 2 is not a limitation. Mr. Gable stated the rule starts off saying "of any kind" and is an open-ended preface to the sentence.

Commissioner Dr. Williams asked if Mr. Gable's assertion was rule number 2 and number 9 are separate and independent of each other. Mr. Gable stated they aren't separate, but they aren't pre-requisites of each of other. Commissioner Dr. Williams stated the letter from the ABC MMA rules committee takes a different position, rule number 9 further addresses rule number 2 to help avoid eye pokes with the fingers.

Commissioner Sauter asked for EO Foster to give the Commission a summary of their options and his recommendation. EO Foster stated the Commission could let the decision stand or reverse the decision to a "no contest". The case for letting the win stand, would be the 2nd sentence of rule number 2, "legal strikes or punches that contact the eye socket are not eye gouging". The option to make it a no contest was laid out very well by Mr. Gable and EO Foster thought the argument was compelling and interesting. EO Foster stated if the commission ruled this a no contest, the Commission would be taking away a fighter's win. EO Foster recommended the decision stand as a TKO.

Vice Chair Lehman asked Commissioner Dr. Williams for some clarification. If rule number 2 states "legal strikes that connect with the fighter's eye sockets", would it be correct to assume the eye socket doesn't include the eye ball? Commissioner Dr. Williams stated he would interpret it to include the eye socket and the content.

*Commissioner Shen-Urquidez motioned to let the decision stand as is.
Commissioner Sauter seconded the motion.*

*Vice Chair Lehman motioned to change the decision to a no contest.
Motion died for lack of a second.*

Commissioner Shen-Urquidez's motion stands.

No public comments

Commissioner Araby stated he felt the Commission needed to look for a clearer definition moving forward, and he would feel uncomfortable overturning this decision without more clarity on the rules.

Commissioner Shen-Urquidez thanked Ms. Zingano for her participation in the sport and for being one of the athletes who started MMA for women. Furthermore, she thanked Mr. Gable for making this argument as best as he possibly could. She felt this was an important health and safety issues, as this is how rule number 2 came about; people brought appeals and the rules were re-evaluated. She stated she's watched hundreds if not thousands of rounds of MMA and Kickboxing and has never seen this happen before. She asked MMA experts and officials and no one has ever seen or heard of this occurring. However, Commissioner Shen-Urquidez stated just because we haven't seen it doesn't mean we shouldn't look into it. She was glad Ms. Zingano brought this to the Commission. The Commission asked EO to address this with the ABC MMA rules committee and report back.

Chair Carvelli stated he was at the event and it was just rotten how it ended. He wished there was more the Commission could do more to help Ms. Zingano and asked her to please not stop competing and being an ambassador to the sport.

Vice Chair Lehman pointed out the rules of statutory construction state if rules are ambiguous, the Commission can look to public policy as to the result and intent behind the rules.

*The motion **passed** 6-1 by roll call vote (Vice-Chair Lehman voted against)*

Agenda Item 7-Review and Approval of changes to Examination of Boxer Applicants regulation language

EO Foster informed the Commission they are close to finishing the regulation package. The last part are the changes from the legal affairs committee. Counsel Walker handed the Commission documents which state reasons for the changes to the proposed text.

Commissioner Ayala motioned to approve the amended language and direct staff to continue with the process.

Commissioner Dr. Williams seconded the motion.

Vice Chair Lehman stated the Commission wants this to go forward and they understand there is a new process. She asked for Counsel Walker to please make sure whoever takes over after he leaves not let this get buried. She also stated moving forward, the Commission had mentioned doing telephonic meetings to get this approved rather than having to wait for the next meeting.

Commissioner Shen-Urquidez asked if this will be done before the next meeting? Counsel Walker informed the Commission it wouldn't be.

No public comments

*The motion **passed** 7-0 by roll call vote.*

Agenda Item 8- Subcommittees Updates

a. Pension Fund Subcommittee (Commissioners Lehman and Ayala)

i. Report from Beth Herrington from Benefit Resources regarding the pension fund administration

Beth Herrington reported the balance in the plan at the end of 2018 was \$4,950,731, they have 287 covered boxers totaling \$3,779,840 of the plan asset and of those covered 11 were paid a total of \$176,332. 11 late claimants came forward representing \$186,075. Commissioner Sauter asked what the average payment was. Ms. Herrington stated the average is about \$15,000.

Ms. Herrington stated in the past the Commission discussed collecting more to ensure there was enough in the fund for the payouts, but they never discussed what that number should be. She also stated the plan assets are at a low, distributions have slowed down some, but we are stable with the number of participants getting paid.

Commissioner Shen-Urquidez asked if the Commission should be worried about the amount of assets in the fund, having discussed at the beginning of the review there may come a time when the fund balance may need to be replenished? Ms. Herrington stated the concern is when over \$ 2 million is transferred to the suspense account and people come for their pay-outs when

their sums have already been transferred into the suspense account. Vice Chair Lehman asked what happens if we get 11 claimants in next the two months and we don't have the funds, does our plan address this?

Commissioner Araby summarized that according to the reports provided to the Commission, the Commission has 4.9 million in the plan balance, 3.8 million claimed and if all benefits are claimed, the Commission would have 1.1 million in assets. Where does the 1.1 million in assets go? Ms. Herrington stated the 1.1 million in the account would be for the 1,291 boxers who are working to be covered. There are 146 boxers who haven't claimed benefits whose balance exceeds 2 million. Funds from what is owed to those un-claimed boxers have been used to cover what is owed to the boxers who have claimed their benefits.

Chair Carvelli asked if Ms. Herrington had a proposal for what we could do about this? Ms. Herrington proposed the Commission increase the hold back amount from 20% to 50%. Chair Carvelli asked Ms. Herrington how she came up with that number. Ms. Herrington stated the Commission transferred \$186,000 last year, the 20% hold back left the fund with \$23,000. Almost 50% was used to pay the benefits for those that came forward last year. Commissioner Sauter asked if the process continues, where will the Commission be in 5 years? Ms. Herrington stated in 2012 the Commission adjusted and transferred \$250,000 to the suspense account and if we stay on the same trajectory the fund would be minus \$230,000.

Vice Chair Lehman thanked Ms. Herrington for getting the language that allows the Commission to change the amount of the hold back percentage. Commissioner Araby stated he was uncomfortable in deciding to change the amount of the hold back without seeing a more solid argument and reports.

Commissioner Shen-Urquidez asked if the Commission decided to move up the amount of the holdback, how long would it take to make it happen? Ms. Herrington stated it would not take long, less than a week. Chair Carvelli asked EO Foster what his thoughts were on moving up the holdback amount to 50%. EO Foster stated he would have to defer that question to the experts. Chair Carvelli stated the Commission could authorize the EO to grant the increase after more data is reviewed or the Commission could authorize the Pension Fund Subcommittee to make that decision.

Commissioner Sauter motioned to have Ms. Herrington come back in 6 months to report on the pension fund and for the Pension Fund Subcommittee to have the authority to increase the holdback percentage.

Commissioner Shen-Urquidez seconded the motioned.

Pension fund subcommittee members are Vice Chair Lehman and Commissioner Araby.

Director Grafilo stated he appreciated the Commissioners' desire to get to the root of this. He also stated he has been asked what some of the most rewarding things he has done, and without a doubt it was being able to give a former boxer his pension check.

Chair Carvelli stated there are only two pension funds in the State of California: The California Public Retirement System (CalPERS) and this one.

No further commissioner or public comment.

*The motion **passed** 7-0 by roll call vote.*

Vice Chair Lehman stated considering this is a big issue and it's something Ms. Herrington put thought in, where is it at in the report. Ms. Herrington stated it is in the expense summary in section 3. Commissioner Shen-Urquidez confirmed it was mentioned in section 3D but stated it was just a little note. She further explained she understood this because the Chair and she tore this pension plan apart 5 years ago, but the rest of the Commissioners weren't a part of the process. Therefore, these significant substantive issues need to be made clear for everyone to understand.

Ms. Herrington informed the Commission she provided EO Foster with a search service that will help locate those boxers owed money under the pension plan.

ii. Report from Cyril Shah of Raymond Jones Financial Services regarding the status of the Pension Fund investment account and allocation of assets

Reports were provided to the Commission by Cyril Shah. He stated the account is at 50% equity and the account saw a slowing in the 4th quarter. For the first time in 10 years the account saw a negative return because of the drop-in stocks and bonds.

Commissioner Shen-Urquidez asked Mr. Shah if he re-allocated any of the funds in 2018. Mr. Shah stated assets were reallocated into domestic equities. Commissioner Shen-Urquidez asked Mr. Shah if he looked at the pension's performance at the beginning of the 1st quarter. He informed the Commission he did, and changes were made to insulate the fund from the volatility of the market.

Mr. Shah stated there was a significantly large increase in distributions being made and the Commission may be a need to find other ways to fund distributions. However, even though calendar year 2018 saw a 4.9% dividend decline, we are still above our target.

Commissioner Shen-Urquidez pointed out the report shows a 12.1% loss. Mr. Shah stated it was because of the drop to the MSCI, one of the most volatile investments in the profile, which is related to what is happening in Europe. Commissioner Shen-Urquidez asked if there is a way to measure how our pension fund is doing compared to others? Mr. Shah stated they use benchmarks to track how the fund is doing.

Mr. Shah reported if the fund sees a large influx in payouts to boxers during a down period it would eat away at the principal and it wouldn't have the opportunity get back to where it was. That would create inequity to a boxer who came forward 5 years ago compared to a boxer who came forward during a down period.

Commissioner Sauter asked, if one fighter would get a certain amount money but if another fighter came forward during a down period he would get less money? Commissioner Araby asked for Mr. Shah to define whether the plan is a contribution plan or a defined benefit plan. Mr. Shah stated the pension fund made the transition from a defined benefit plan to a defined contribution plan. If we define the benefit and all boxers come forward, then the pension would be unstable, by changing the plan we were able to ensure boxers who came forward were able to get their fair share.

Commissioner Sauter stated boxers don't know what type of plan we have, and they don't know about fluctuations. He stated he felt there are equity deficiencies in the plan if a boxer comes in during a bad period. Mr. Shah stated they are ways to minimize the volatility and help grow the fund. They have been successful in making sure the value of the fund stays even, despite the number of payouts.

Chair Carvelli informed the Commission the fund is stable and as the fund balance increases, the Commission can continue giving out money to the boxers, as that is the purpose of the fund.

Reassessment of criteria for eligibility

Tabled to the next meeting so the Pension fund subcommittee has a chance to meet.

Agenda Item 9-Discussion and Possible Action of creation of Pension Benefits for Mixed Martial Arts Athletes

Chair Carvelli wanted to get a sense from the Commission if this was something they needed to look at and discuss more. Commissioner Shen-Urquidez stated she and EO Foster had talked about this over the years. It is a complicated issue but is possible. Commissioner Shen-Urquidez stated she wasn't sure if they would need to bring in a non-profit or look at going to the ABC level. She recommended the Commission look at creating a subcommittee for a detailed look into this.

Chair Carvelli stated he was comfortable with the actions taken today with regards to the boxers' pension fund. Vice Chair Lehman asked the Commission to create a subcommittee to investigate creating the same for MMA, she nominated Commissioner Shen-Urquidez. Chair Carvelli nominated Commissioner Ayala for the subcommittee. Commissioner Shen-Urquidez and Commissioner Ayala accepted

Vice Chair Lehman asked if the pension fund subcommittee had the authority to instruct Ms. Herrington to increase the holdback percentage amount. EO Foster stated yes and informed the Commission \$300,000 was just requested from Mr. Shah for payouts. EO Foster informed the Commission they are in the process of working on getting a contract with a company to assist in locating those boxers. Commissioner Sauter asked if the Commission should look at using some internal resource on these matters? Chair Carvelli stated instead of hiring someone, the Commission could reach out the Department to see if they have resources available.

Agenda Item 10-Executive Officer's Report

a. Budget Update for the support Fund, the Neurological Fund, and Pension Program

The EO presented to the Commission the updated revenue numbers as of the morning of December 11, 2018. The Commission has deposited into the support fund \$1,645,000, the neurological fund \$8,889.38, and \$261,663.52 into the Boxers pension fund. The Commission is well above 1.9 million in deposits, the Commission is budgeted for 1.7 million. EO Foster is not certain how much has been spent but EO Foster stated the Commission is revenue positive. The FI\$CAL system is not working which is why EO Foster can't present the Commission with a definite number of how much has been spent.

Commissioner Shen-Urquidez asked if there was an ETA on when the FI\$CAL system would be ready? Chris Castrillo with DCA stated they expect to have the FI\$CAL numbers by the end of March 2019.

Chair Carvelli stated EO Foster has a good idea of what the Commission's expenses are and EO Foster has done a good job of budgeting. The fiscal state of

this Commission is a good one. Commissioner Shen-Urquidez stated it would be nice to just have a better understanding down to the dollar.

EO Foster presented the Commission with charts on the fund condition, showing the Commission is having a record year.

b. Report on pending and proposed Regulations

EO Foster stated the Commission discussed this in Agenda item #7. Commissioner Shen-Urquidez stated she understood they have now streamlined process, but the process is still taking too long. Commissioner Araby inquired about the process involving regulation packages. EO Foster gave the Commission a summary of the steps involved and will provide the Commission with the regulation timeline.

Chris Castrillo stated he understands the process takes a lot of time and the hope is the proposed regulation unit will assist in streamlining the process. Commissioner Shen-Urquidez stated when the Commission went through the process in the past, it seemed as if the people reviewing the proposed regulations didn't understand what the Commission does. Perhaps it was a function of the Commission having the opportunity to do better outreach with DCA and Agency so we are on the same page.

c. Status update of Delegated Entities

- California Amateur Mixed Martial Arts Organizations (CAMO)
JT Steele, President of CAMO, presented the Commission with his report, which is contained in the meeting materials. He stated CAMO is off to a busy start with 4 events in the upcoming weekend. Mr. Steele informed the Commission CAMO will be able to have their amateur drug testing done and he thanked Commissioner Shen-Urquidez, the Contact Sports Foundation, and EO Foster for their help with this.

Mr. Steele wanted to publicly thank the CAMO officials for all of their hard work. Chair Carvelli asked Mr. Steele to summarize his financial situation. Mr. Steele stated CAMO is stable and busy.

- USA Boxing (USA Boxing)
Mr. Mike McAtee presented the Commission with his written report, which is contained in the meeting materials. Mr. McAtee asked the Commission if could be able to present his reports to the Commission quarterly, the Commission agreed that would be fine. Mr. McAtee informed the Commission in 2018 USA Boxing sanctioned 158 bouts, 191 competition days. The Southern California is the largest LBC in the country, USA Boxing is proud of the LBC.

Mr. McAtee informed the Commission in March of 2019, USA Boxing will begin their new coaching training program which will address nutrition and weight cutting. USA Boxing has been working closely with the Police Athletic league and are helping them to expand their program.

EO Foster asked Mr. McAtee to explain why so much money is being spent on the elite level athletes and if the report is correct regarding the amount of money spent on the female athletes compared to the male athletes. Mr. McAtee stated the discrepancy regarding the youth male and females boxers may be a misprint Chair Carvelli asked he look into this and report back at the next Commission meeting. Mr. McAtee stated the high-performance boxers participate year-round which is why more money is allocated towards them.

Chair Carvelli pointed out women's participation is in increasing and the Commission appreciates the detailed reports are now being provided by USA Boxing.

- United States Fight League (USFL)

Jon Frank submitted his report to the Commission, which is contained in the meeting materials. Mr. Frank informed the Commission two amateur sanctioning mixed martial arts organizations have joined together and will have a youth division. That organization has conceded to removing head strikes from the youth division. The new leadership program was developed has entered Phase II and they are interviewing some of the participants and parents. Mr. Frank informed the Commission once kids have competed in 10 bouts and are recommended they will receive rings with their names on them.

EO Foster stated this Commission took the lead on this and it is a big deal that these international bodies are adopting the rules the Commission created.

- International Kickboxing Federation (IKF)

Steve Fossum, President of IKF, submitted his report to the Commission which is contained in the meeting materials. Mr. Fossum stated they have had a couple of new promoters in 2018 and those promoters have been great to work with.

Commissioner Shen-Urquidez stated she is happy to see all the organizations working together. EO Foster pointed out since the Commission has delegated authority to IKF they have done 232 events.

d. Update on C3 Logix Sports Concussion Management Program

EO Foster presented the Commission the brief background of the C3 Logix system and informed the Commission they have tested a large quantity of the participants. EO Foster stated the Commission is now ready to move onto Phase II, a spreadsheet was presented showing where C3 Logix will be added. He stated when shows are being worked in the office the staff will now input whether the athlete needs to do a test or the date of the athletes last date. Commissioner Dr. Williams added this great and repeat testing will be a part of Phase II, the hope is some of the information will assist the Commission in better evaluating fighters. Chair Carvelli asked for Commissioner Dr. Williams to send those points to EO Foster. Chair Carvelli stated the hopes that some of these items will be presented at the Sunset review hearing.

Commissioner Shen-Urquidez asked if it was possible to use this data to customize a return to play for each athlete instead of using the current arbitrary dates since this was the original reason for obtaining the concussion system and the mandate for it. Commissioner Dr. Williams stated in the future it could be possible and maybe could be used as in incentive to get the athletes to participant.

e. Staffing Update

EO Foster introduced new Commission employee Patrisha Blackstock. EO Foster informed the Commission there is one vacant position but at this time the Commission doesn't have the appropriation to fill the position.

f. Association of Boxing Commissions Ratings Criteria Update

EO Foster informed the Commission the World Boxing Council (WBC) and the International Boxing Federation (IBF) have internal regulations that exceed the health and safety provisions regarding extreme weight cutting in the ABC ratings criteria.

EO Foster requested Spencer Walker send letters to the World Boxing Organization (WBO) and the World Boxing Association (WBA). The WBO has responded they intend to fully comply with the new health and safety provisions regarding weight cutting that have been tied to the ratings criteria. The World Boxing Association (WBA) has not responded as of this date.

EO Foster informed the Commission he is looking into the enforcement aspect of the rating criteria update.

g. Association of Boxing Commission (ABC) Report of Number of Show Regulated

EO Foster stated California is number one, but of note is the sharp increase in the number of boxing shows regulated. In 2017, the Commission regulated 87 boxing

events compared to 118 boxing events in 2018. The Commission regulated more boxing events in 2018 than Texas, New York, New Jersey, and Nevada combined.

EO Foster presented the Commission with a graphically breakdown of the number of shows, type of shows and revenue of each show held in California. EO Foster pointed out that a great deal of the shows are now being streamed on many of the different streaming services.

h. Upcoming Event Schedule and discussion regarding event activity

EO Foster stated the Commission has 2 major Bellator events coming up, a world title fight at Fantasy Springs and several Combate events scheduled. EO Foster informed the Commission on April 12th Lomachenko would be fighting at the Staples Center and on March 9th Shawn Porter would be fighting at Dignity Health Sports Park.

BACKGROUND

Ms. Ravalo's legal counsel submitted a request on March 28, 2019 asking that Mr. Pulev's boxing license be suspended and that the Commission investigate the incident.

An appeal and request for a hearing in front of the Commission was submitted by Mr. Pulev's legal counsel on March 30, 2019.

Ms. Ravalo hired Gloria Allred, and on March 28, 2019, Ms. Allred held a news conference in California with Ms. Ravalo that was streamed live worldwide on Ms. Allred's firm's FaceBook page:

STATEMENT OF JENNY RAVALO

March 22nd, 2019 I was at the Mangia 100 event center in Costa Mesa, California. When I met Kubrat Pulev for the first time ever, I was there for the weigh-in. I asked him if he could do an interview for Vegas Sports Daily. He said "Yes". We did a pre-fight interview. The next day, March 23rd, 2019 after the fight between Kubrat and Bogdan Dinu, I asked Kubrat for a post-fight interview. He said "Yes". I conducted the interview in a backstage area inside his tent. I started the interview. Mid-interview, he grabbed my face and kissed me. I was immediately shocked and embarrassed, and didn't know how to respond. Next, I walked to the table to put my tent in my backpack. He grabbed both of my buttocks and squeezed with both of his hands. Then he walked away without saying anything to me and laughed. It made me feel uncomfortable and frustrated that Kubrat Pulev had abused me in such an unprofessional manner. I did not encourage or consent to Mr. Pulev grabbing my face, kissing me, or grabbing my backside. I was there at the event covering the boxing match as a professional member of the press. Kissing a woman on her face without her consent and grabbing her is not acceptable. Later that night, a friend invited me to an after-party. There was an opportunity to interview more fighters and therefore I decided to go. Mr. Pulev did not join until the very end of the night. He acted like nothing happened but later at the party he asked me to remove the kiss from the interview. I did not remove it and instead posted it because I wanted people to see what he had done to me. I wanted him to be accountable. I didn't want him to get away with it. What he did to me was disgusting. I felt humiliated. No woman should be treated this way. Mr. Pulev and I were not friends and we were not in a romantic relationship. He had no right to kiss me. I contacted Gloria Allred because I felt that Ms. Allred could help me impose consequences on Mr. Pulev for what he did to me. I never had this happen to me before and I never want it to happen again. A man should ask a woman before he kisses her. That did not happen in this encounter with Mr. Pulev and that is why I'm speaking out today.

JENNY RAVALO
REPRESENTED BY ATTORNEY GLORIA ALLRED
MARCH 28, 2019

In her statement, Ms. Ravalo states what Mr. Pulev did "was disgusting" and that she did not "encourage" Mr. Pulev's kissing her. She further states that she was not "friends" with Mr. Pulev and that she decided to go to the post-fight party because "[t]here was an opportunity to interview other fighters."

The Commission is undoubtedly aware of a number of photographs, videos and other evidence that has been posted on the Internet following Ms. Allred's press conference that reveal that Mr. Pulev's account of events is accurate and that Ms. Ravalo's public statement is misleading, deceptive and mendacious, and that she is "playing the victim" in order to garner her 15-minutes of fame.

The intimacy of the photos below and the video of the post-fight party that have been posted today on the Internet,¹ establish that Mr. Pulev was right in his initial belief that Jenny was his friend:

¹ See, e.g., <https://www.foxsports.com/story/boxing-jenny-ravalo-kubrat-pulev>

Ms. Ravalo's account of events--that she only went to the post-fight party to interview other fighters--is belied by the video and the fact that during the 5+ hours she was at the post-fight party, she did not conduct any interviews according to Tervel Pulev, Kubrat Pulev's brother, who was present at the post-fight party the entire time Ms. Ravalo was.

Furthermore, when I personally arrived in the hotel lobby at 6 am Sunday morning to check out on my way to the airport after the fight, the party was still going on in the lobby. I saw Kubrat and went over to talk to him. He introduced me to his "friend" Jenny who was sitting next to him on the sofa. Given the way they interacted with each other, it was quite apparent to me that there was a relationship between them and that they were friends. She and I and Kubrat chatted for a few minutes. During our chat, Jenny was not upset and in fact was very friendly towards Kubrat. She kept saying how awesome he was and what a great fight he had had.

Ms. Ravalo's statement that Mr. Pulev "did not join [the post-fight party] until the very end of the night" is belied by the time stamp of the video (3 am) and the fact that she was still partying with Mr. Pulev and his team three hours later at 6 am when I checked out.

Ms. Ravalo also failed to disclose that prior to the post-fight party in the hotel lobby, she went to dinner with Tervel Pulev and Kubrat's other friends at a club near the site hotel after the fight. This photo was taken at the dinner table at the club:

Kubrat was not at this dinner because he had gone to the hospital to get his cut stitched. He arrived to the party in the hotel lobby at approximately 2 am. Tervel, Ms. Ravalo and Mr. Pulev's other friends were already there having arrived at the hotel after their dinner at the club.

In a text message that Ms. Ravalo sent a friend later on Sunday, when the friend asked if she had had a good time, Ms. Ravalo texted the friend "Ya!" and then unprompted, proceeded to send her the video of the post-fight interview. Notably, there is no further text with the video (where Ms. Ravalo could have said something negative about the video, but did not).

In any event, Mr. Pulev's kiss with Ms. Ravalo does not rise to a "sexual assault" under California law. The California statute requires the offender to touch "an intimate part" of another person. *Cal. Penal Code § 243.4(e)(1) (West, Westlaw through 2009 Sess.)* The statute defines this term as including "the sexual organ, anus, groin, or buttocks of any person, and the breast of a female." *Id. § 243.4(g)*. The statute's omission of the words "lips" or "neck" as an intimate part of the body means that Mr. Pulev's kiss cannot be a "sexual assault" under California law.

Section 18842 of the California Business and Professions Code empowers,

[t]he commission, the executive officer and other employees duly authorized by the executive officer, . . . to suspend temporarily, any license until final determination by the commission when, in his or her opinion, the action is necessary to protect the public welfare or is in the best interest of boxing or martial arts.

Mr. Pulev's due process rights have been abrogated as a result of the Commission's temporary suspension. We submit that Mr. Pulev's suspension is not "necessary" to protect the public welfare nor is it in the best interest of boxing given these circumstances. The material evidence is clear that it is Mr. Pulev who is the victim of Mr. Ravalo's improper attempt to "play the victim" under the #MeToo movement.

We respectfully submit that under the circumstances, the temporary suspension should be immediately vacated. If, after a fair and impartial hearing on May 14, 2019, the Commission determines that Mr. Pulev should nonetheless be suspended or otherwise punished for the kiss, while we do not believe that there in fact exist any such grounds, at least Mr. Pulev will have been given due process and a chance to confront his accuser and be heard.

Mr. Pulev's mistake was trusting someone who he thought was his friend, and who he believed would have been receptive to a kiss, but who really had an ulterior motive. He had just won a big fight—his first in the United States, was elated and believed, based on Ms. Ravalo's prior interactions with him, that she would be receptive to a kiss. It was not meant to be broadcast around the world. Ms. Ravalo made these false accusations for financial gain and/or fame and made the video public for her own personal agenda, not because she "didn't want him to get away with it."

Boxing is Mr. Pulev's life. He wants the Commission to know that he would never do anything intentionally to hurt his beloved sport and that he fights for honor and country, not money. He now realizes that there are people who will try to use his fame and position for their own improper and ulterior purposes.

For the foregoing reasons, we respectfully request that the Commission vacate Mr. Pulev's temporary suspension and that he be permitted to present his case at the hearing on May 14, 2019. We are confident that Mr. Pulev will prevail and will be found innocent of any wrongdoing.

Please be advised that this letter does not purport to be a complete statement of the facts or the law with respect to this matter and is without prejudice to any of our client's rights, interests or remedies at law, in equity or otherwise, all of which are hereby expressly reserved.

Sincerely,

Kubrat Pulev

Dear Mr. Foster:

Please be advised that our law firm represents Ms. Jenny Ravalo, a reporter for Vegas Sports Daily.

On March 22, 2019, Ms. Ravalo conducted a pre-fight interview with boxer Kubrat Pulev in preparation for the March 23, 2019 boxing match in Costa Mesa, CA in which Mr. Pulev was a participant. Shortly after the conclusion of the March 23, 2019 boxing match, Ms. Ravalo conducted a post-fight interview of Mr. Pulev. During said interview, Mr. Pulev suddenly grabbed Ms. Ravalo's face and kissed her. Said assault was unwelcomed and unlawful. A video of said unwanted kissing was documented in a video that went viral¹ and can be viewed by the Commission. Following the post-fight interview, Ms. Ravalo walked to a nearby table to put items into her backpack. She alleges that at that time Mr. Pulev, without Ms. Ravalo's consent, suddenly grabbed both of her buttocks and squeezed them, and thereafter Mr. Pulev walked away and laughed, leaving Ms. Ravalo in shock.

Ms. Ravalo was at the March 23, 2019 boxing event as a member of the press covering the match in her professional capacity. Mr. Pulev's disgusting behavior towards her was unlawful and unprofessional.

Business and Profession code section 18602.1 states:

“Protection of the public shall be the highest priority for the State Athletic Commission in exercising its licensing, regulatory and disciplinary functions. Whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public shall be paramount. “

Furthermore, CCR section 390 states in part:

“Any licensee who violates the laws of the State of California...or the rules of the Athletic Commission...or who conducts himself or herself at any time or place in a manner which is deemed by the Commission to reflect discredit to boxing, may have his or her license revoked, or may be fined, suspended or otherwise disciplined in such manner as the Commission may direct.”

Mr. Pulev’s reprehensible conduct and battery described above violates California law as well as the rules of the Athletic Commission.

We hereby request that the Commission conduct an immediate investigation into the serious allegations herein. It is my understanding that the next Commission hearing is set for May 14, 2019 in Los Angeles. Pending said hearing, we request that Mr. Pulev’s boxing license be suspended. We also respectfully request that the Commission place this issue and Mr. Pulev’s conduct on the agenda of the May 14, 2019 hearing, and that Ms. Ravallo and I be permitted to testify on that issue before the Commission at that hearing.

We would greatly appreciate your attention to this matter and we look forward to your response.

Very truly yours,

AGENDA

ITEM #5

MEMORANDUM

DATE	May 14, 2019
TO	Chairman John Carvelli and Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #5 – Review and Possible Action on Petition to Change the Decision for Kubrat Pulev vs. Bogdan Dinu bout on March 23, 2019 in Costa Mesa, CA.

BACKGROUND

On March 28, 2019, the Commission received a formal petition to change a decision from Greg Cohen on behalf of Bogdan Dinu. The bout occurred at The Hanger in Costa Mesa on March 23, 2019 and ended with Kubrat Pulev winning by knockout in round 7 at 2:40.

During the bout referee Raul Caiz Sr. took 1 point from Mr. Pulev during round 7 for an unintentional foul and Mr. Dinu was allowed up to 5 minutes to recover from the foul. The ringside physician was brought in to assess Mr. Dinu and after taking time to recover, Mr. Dinu stated that he was able to continue boxing. Later in round 7, Mr. Dinu was knocked down with a legal punch and was able to continue boxing before Referee Caiz Sr. finished his count. The bout was stopped by Referee Caiz Sr. when Mr. Dinu was knocked down again during round 7 and was unable to continue.

APPEAL DETAIL SUMMARY

Mr. Cohen on behalf of Mr. Dinu, claims that during the bout Mr. Pulev repeatedly struck Mr. Dinu with illegal blows behind the head, after a series of punches including punches to the back of Mr. Dinu's head he went down on his knees. While Mr. Dinu was down, Mr. Pulev punched Mr. Dinu with a downward angle right hand to the back of the head. Referee Raul Caiz Sr. ruled the punch as an accidental foul and gave Mr. Dinu five minutes to recover. Mr. Cohen claims that the foul resulted in Mr. Dinu's inability to continue competing at the same level before the foul occurred. Mr. Cohen claims that Mr. Pulev should have been disqualified and requests that the Commission declare the bout a "no contest".

Mr. Cohen provided a PowerPoint presentation and video footage of the bout for the Commission to review.

RECOMMENDATION

While I do not believe that the punch at the 37 second mark of round 7 was a “continuation” of a combination, I feel strongly that the overall outcome of the bout would not have changed whether the foul was ruled intentional or unintentional. EO Foster recommends that the decision of Raul Caiz Sr. to award the fight to Mr. Pulev by knockout stand as is.

Petitioner Address: [REDACTED]

Telephone Number: [REDACTED] Email Address: [REDACTED]

Date of Decision/ Bout: 3/23/19 Bout Results: Pulev Victory TKO 7

Manager Name: Sorin Flores

Under which subsection(s) of 4 CCR § 368 are you requesting a change of decision (please check all that apply):

- ☐ (a) There was collusion affecting the result of the contest;
- ☐ (b) The compilation of the scorecard of the judges, and the referee when used as a judge, shows an error which would mean that the decision was given to the wrong boxer;
- ☒ (c) There was a violation of the laws or rules and regulations governing boxing which affected the result of the contest.

If requesting a change of decision under subsections (a) or (b), please explain in detail the facts showing you qualify for a change of decision under that section (attach additional sheets of necessary). Please also attach to this form any further factual support in support of your position.

Kubrat Pulev repeatedly struck Bogdan Dinu with illegal blows behind the head. after a series of blows including punches that landed behind the head Dinu was on his knees on the canvas when Pulev struck him with a jack hammer like right hand on the back of Dinu's head thrown with "bad intentions" + full force at a downward angle, while Dinu was defenceless on the canvass. The referee Raul Ruiz

¹ Note that 4 CCR 368, subd. (e), allows the Commission, on a vote of at least a majority of the commissioners present, to hold a hearing to change a decision at any time.

reversely ruled the illegal punches as an "accidental foul".
The video evidence which is attached to this email shows that
the ~~it~~ it is irrefutable that the blows landed behind Dino's head while
he was on the canvas were not only illegal, but intentional.

If requesting a change of decision under subsection (c), please answer the following questions and also attach to this form any further factual information in support of your position:

- What Laws, Rules or Regulations governing boxing were violated in your bout?

Repeated blows to the back of Dino's head & intentionally striking
Dino while he was defenseless & on the canvas.

- How did the violation of those Laws, Rules or Regulations affect the result of your bout?

Dino was so severely damaged as a result of the illegal blows
that even after taking the 5 minute referee care allotted him,
he was unable to recover as the damage was already done.
The intentional foul inflicted upon Dino by Pulev while Dino
was on his knees, defenseless while on the canvas, resulted in
Dino's inability to continue competing at the same level prior
to the bout. At the time of the infraction I believe the bout was
even/draw on the scorecards. It is my opinion that Pulev should
have been immediately disqualified (like Roy Jones Sr. was v. Montell Green
8/7/97. At the very least we request that the bout be declared a
No Contest. We respectfully appreciate the Commission's consideration.

§ 339. Unintentional Foul.

- (a) When a bout is interrupted due to an injury caused by an unintentional foul, the referee in consultation with the ringside physician shall determine whether the boxer who has been fouled can continue or not. If, at the end of the recovery period, the referee or the ringside physician determines that the injured fighter cannot continue, the bout will be decided on the score cards if the bell has rung to begin the fourth round or, if the bell has not rung to start the fourth round, the bout will be called a technical draw.

Appeal of Bogdan Dinu vs Kubrat Pulev

Overview of Infractions

We contend that the result of Kubrat Pulev vs Bogdan Dinu should be changed to a No Contest on the basis of the following infractions:

- * The fouls by Pulev were flagrant, continual, and reckless
- * The actions of Referee Raul Cai's Sr. were negligent and violated the duties set by the Association of Boxing Commissions (ABC)
- * Referee Raul Cai's Sr. incorrectly classified Pulev's foul as accidental rather than intentional

Round 7

*While Dinu was on his knees defenseless, Pulev struck him twice on the back of the head. The second of which was effective enough to warrant disqualification.

*Referee deducts 1 point for hitting a downed opponent

*2 minutes and 29 seconds after the illegal blow occurred, the fight resumed, even though Dinu was clearly not fully recovered. Referee tells Pulev "don't be crazy".

*Pulev proceeded to strike Dinu numerous times to back of the head and knocked him down two more times with illegal punches to the back of the head.

Fouls by Pulev

Fouls Committed

- Hitting an opponent who is knocked down
- Hitting an opponent below the navel or behind the ear
- Using the pivot blow or the rabbit punch (punches thrown to the back of the head or neck area)

Violated Referee Responsibilities

Referee's Responsibilities according to the ABC:

- Ensure the safety of the boxers
- Maintain control of the fight at all stages and issue cautions and/or deduct points as appropriate
- Immediately stop a contest to inform the commission and boxers of an injury caused by a head butt or foul, determine if the act was intentional or accidental, and determine if the bout can continue.

Negligence

Referee Paul Calo Sr. was negligent in officiating this bout because he failed to adhere to the standards of ordinary care set forth by the ABC.

- Duty of Care**
 - Duty to ensure the safety of the boxers and to maintain control of the fight at all stages and issue cautions and/or deduct points as appropriate
- Breach**
 - The referee failed to maintain control of the fight by being out of position to stop the action in the event of a knockdown. It was reasonably foreseeable that a knockdown could occur and the referee failed to adhere to the standard of conduct set forth by the ABC.
- Proximate Cause**
 - The referee's failure to separate Pulev and Dinu following the knockdown was a substantial factor in the two illegal blows landing. The infraction would not have occurred but for the referee's conduct.
- Injuries**
 - The injuries led to the termination of the bout. Bogdan Dinu is still experiencing neck pain.

Intentional Fouls

"Regardless of whether or not Pulev knew that Dinu's knees were on the canvas, the strikes were still thrown intentionally."

"Pulev's strikes to the back of Dinu's head were intentional fouls that should have warranted disqualification."

"If not a DQ, the following procedure should have been followed as per ABC:

- If an intentional foul causes an injury and the bout is allowed to continue, the referee shall notify the authorities and deduct two (2) points from the boxer who caused the foul. Point deductions for intentional fouls will be mandatory.
- If an intentional foul causes an injury and the bout is allowed to continue, and the injury results in the bout being stopped in any round after the fourth (4th) round, the injured boxer will win by TECHNICAL DECISION if he is ahead on the score cards; and the bout will result in a TECHNICAL DRAW if the injured boxer is behind or even on the score cards.

Billy Dib vs. Kenichi Yamaguchi

"The initial bout took place on July 9th, 2009

"At the end of Round 1, Dib dropped Yamaguchi with a three punch combination.

"A fourth punch landed late, while Yamaguchi was on the ground

"Referee Les Fear declared the bout a knockout in favor of Dib

"Days after the fight, Yamaguchi filed an official protest, claiming that the strike was accidental but still illegal

"On August 18th", the official decision was changed to a no decision.

Rances Barthelemy vs Argenis Mendez 1

- The bout took place on January 3, 2014
- The original decision was a KO win for Barthelemy
- After further review, it became clear that the knockout blow landed after the bell
- On January 30, 2014, Mendez won their appeal with the Minnesota Combative Sports Commission and IBF. The result of the contest was changed to a no decision
- Established a precedent that the commission can overstep the initial ruling of the referee to change the result of a bout if they feel a foul was unaccounted for.

Conclusion

- A precedent exists that allows the commission to overturn unjustifiable decisions based on video review
- Pulev's illegal blow was both flagrant and significant enough to warrant disqualification
- A 1-point point deduction is not sufficient punishment for hitting a downed opponent. This falls out of line with past decisions.
 - Dib vs Yamaguchi, Roy Jones Jr. vs Montell Griffin, Abraham vs. Dirrell
- Referee Raul Caiz Sr. failed in ensuring the safety of the boxers and in maintaining control of the bout

21
22 Kubrat Pulev ("Respondent" or "Pulev"), by and through his undersigned
23 attorneys, hereby files this his response in opposition to the Petition For Change of
24 Decision Under 4 CCR § 368 (the "Petition") by Greg Cohen Promotions, LLC
25 ("Petitioner" or "GCP")) with respect to the Kubrat Pulev vs. Bogdan Dinu ("Dinu")
26 bout (the "Bout") that took place on March 23, 2019 at The Hangar in Costa Mesa,
27 California, and in support thereof, states as follows:
28

1 GCP has filed a petition to change the decision on the Bout, alleging that Pulev
2 committed flagrant fouls, including hitting Dinu with punches behind the head and
3 while he was down, that GCP argues justify the result of the Bout being changed to a
4 "no decision."

6 **A. Greg Cohen Promotions Does Not Have Standing to Protest Bout.**

7
8 Section 368(b) of the Professional Boxing Rules (the "PBR") set out in the
9 California Code of Regulations (4 CCR § 368(b)) provides the procedure for an
10 allegedly aggrieved boxer to petition the California State Athletic Commission
11 ("CSAC") to change a decision with respect to a bout: "A petition to change a decision
12 shall be in writing and filed by a boxer or the boxer's manager within five (5)
13 calendar days from the date the decision was rendered."

15 It is undisputed that the Petition was not filed by Dinu or his manager and
16 therefore does not comply with Section 368(b). Under Section 368(b) only the boxer
17 or his manager have standing to challenge the outcome of a decision. A boxer's
18 promoter is not authorized to file a petition under Section 368. GCP is clearly
19 identified in the Petition as being the "Promoter of Bogdan Dinu." GCP is not licensed
20 in California as a manager and the Petition clearly sets forth that it is being filed by
21 GCP as Dinu's promoter:

25 Petitioner Name: Greg Cohen Promotions LLC (Promoter of Bogdan Dinu)

26
27 GCP is not authorized and therefore has no standing to file the Petition on behalf of
28 Dinu and therefore the Petition should be denied.

1 **B. The Alleged Fouls**

2 In the Petition, GCP alleges that “Pulev repeatedly struck Bogdan Dinu with
3 illegal blows behind the head. After a series of blows including punches that landed
4 behind the head Dinu was on his knees on the canvas when Pulev struck him.” In the
5 supplemental PowerPoint GCP provided to the CSAC on April 18, 2019 (the “GCP
6 PowerPoint”), GCP specifies the following as the fouls that Pulev committed:
7

- 8
- 9 1. Hitting an opponent who is knocked down
 - 10 2. Hitting an opponent below the navel or behind the ear
 - 11 3. Using the pivot blow or the rabbit punch (punches thrown
12 to the back of the head or neck area)

13 Section 337 of the PBR sets out the list of the various fouls in boxing
14 recognized by the CSAC and include the following:

- 15 (1) Hitting below the hip line.
16 (2) Hitting an opponent who is down

17 * * *

- 18 (9) Deliberate use of the rabbit punch (hitting behind the head).
19

20 It should be noted that the while hitting below the belt and hitting an opponent who
21 is down do not consider the boxer’s intent in determining whether a foul occurred, to
22 be guilty of the foul of hitting behind the head requires the “deliberate” use of that
23 punch.
24

25 While the GCP PowerPoint references hitting an opponent below the navel or
26 behind the ear, nowhere in either the Petition nor in the GCP PowerPoint does GCP
27 discuss Pulev committing a foul by hitting Dinu below the “navel” or behind the “ear.”
28

1 Indeed, the list of fouls in the PBR does not utilize the terms “navel” or “ear.”
2 Because the Petition and GCP PowerPoint are limited to claims that Pulev hit Dinu
3 with rabbit punches and while he was down, those fouls are addressed below.
4

5 **C. Hitting Behind the Head**

6 In its Petition, GCP alleges that “Pulev repeatedly struck Bogdan Dinu with
7 illegal blows behind the head.” As noted above, hitting a boxer behind his head is not
8 “illegal” unless it is established that the boxer was “deliberately” trying to hit his
9 opponent behind his head. In other words, to be guilty of this foul under the PBR,
10 there must be a finding that the boxer intentionally tried to hit his opponent behind
11 his head. GCP’s argument that Pulev’s “illegal” blows require a change in the
12 decision is unavailing because there was in fact no finding by the referee or CSAC
13 that Pulev committed the foul of the “deliberate use of the rabbit punch.”
14
15
16

17 The video clip (the “Clip”) of the footage from the Bout submitted by GCP as
18 evidence as part of the GCP PowerPoint,¹ shows that Dinu was crouching down and
19 leaning forward in an extremely unusual and awkward defensive posture to evade
20 Pulev’s punches. It is while Dinu is in this unusual crouching position that some of
21 Pulev’s punches inadvertently strike Dinu in the back of the head. The footage of
22 these punches does not establish, however, that Pulev was deliberately trying to hit
23

28

1 Dinu in the back of his head—rather, the footage establishes the opposite--that Pulev
2 was hesitant, was aiming and waiting for the right moment to punch so that he would
3 be able to throw a clean blow (*see*, Clip at 0:12). It was Dinu's unusual head
4 movement and crouching style which made it extremely difficult for Pulev to throw a
5 punch and not inadvertently hit the back of Dinu's head.
6

7
8 Because the foul of hitting behind the head requires the conduct to be
9 deliberate, and because the only time that Pulev hit Dinu behind the head was when
10 Dinu was in his awkward crouching position and the footage from the bout shows
11 Pulev's hesitation when trying to throw clean blows while Dinu was crouching, Pulev
12 should not be found guilty of the foul of hitting his opponent behind the head.
13

14 **D. Hitting an Opponent Who is Down**
15

16 In the Petition, GCP also alleges that "Dinu was on his knees on the canvas
17 when Pulev struck him." Section 337(2) of the PBR provides that "[h]itting an
18 opponent who is down" is a foul.
19

20 Section 339 of the PBR addresses unintentional fouling and provides that,

21 (a) When a bout is interrupted due to an injury caused by an
22 unintentional foul, the referee in consultation with the ringside
23 physician shall determine whether the boxer who has been fouled
24 can continue or not. If the referee sees, or if after consultation
25 with the judges, determines that a boxer is unintentionally fouled
26 and if the boxer's chance of winning has not been seriously
jeopardized as a result of a foul, the referee may order the bout
continued after a reasonable interval.

27 (b) If the referee and/or the ringside physician determine that the
28 bout may not continue because of an injury suffered as the result

1 of an unintentional foul or because of an injury inflicted by an
2 unintentional foul which later becomes aggravated by fair blows,
3 the bout must be declared a draw if the bout is stopped before the
4 bell rings to begin the fourth round. After the bell rings to begin
5 the fourth round, the outcome shall be determined by scoring the
6 completed rounds and the round during which the referee or
7 ringside physician stopped the bout.

8 (c) When an unintentional foul causes the bout to be interrupted
9 for the purpose of allowing the injured boxer time to recover, the
10 referee shall penalize the boxer guilty of the foul one or more
11 points.

12 Stills from the Clip do not conclusively establish if Dinu's knee was touching
13 the canvas when Pulev hit him. The following stills are taken just before Pulev is
14 about to hit Dinu before he goes down, and as can be seen at 0:21 and 0:35 on said
15 Clip, from these angles, it is not clear that Dinu's knee is touching the canvas (note
16 that the referee's hand is the top photo is still on the rope and he has not yet started
17 to move to intervene once he sees Dinu's knee touch the canvas):

In the following stills taken right after Pulev hit Dinu with the punch while Dinu was allegedly down (*see* Clip at 0:22 and 0:37), the referee only starts to signal to stop punching after Pulev throws the punch. Presumably, the referee only starts to signal the boxers to stop once he sees Dinu's knee on the canvas, but by that point, Pulev's punch had been completed (note the referee's hand at bottom of second photo below):

After Dinu was knocked down, the referee called “time” and the Bout was suspended for approximately 2 minutes and 21 seconds. During the suspension, the ringside physician entered the ring, in accordance with Section 339 of the PBR, and the referee and the ringside physician examined Dinu. After examining Dinu, the referee advises Dinu “we’ll give you a couple of minutes to get ready.” The referee then walks to the CSAC side of the ring to inform the CSAC what had happened stating, “knockdown, he hit him behind the back of the head. It was a continuation so it was an accidental foul. But hopefully he will be able to continue, if not, we’ll go to the scorecards. Accidental foul.”

The referee then returns to speak with Dinu, asking him “are you Ok.” Dinu responds, “Yeah.” The ringside physician also then approaches Dinu with the referee present and asks him “What’s your name?” Dinu responds “Bogdan.” The ringside physician then asks Dinu, “where are you from?” Dinu responds, “Romania.” Finally,

1 the ringside physician asks Dinu, "OK, do you want to continue fighting?" Dinu
2 responds, "yeah."

3
4 During the Bout, the referee clearly rules that the foul was accidental, that the
5 punch was a "continuation" of punch that Pulev had already started to throw, and that
6 the Bout could continue, particularly after Dinu tells the ringside physician, with the
7 referee present, that he wanted to continue fighting. Under these circumstances, the
8 decision on the Bout should not be changed.
9

10 **E. CONCLUSION**

11 Under Section 368(b) of the PBR, GCP does not have standing to file the
12 Petition, and therefore it should be denied on procedural grounds. Even if, however,
13 the CSAC were to consider the merits of GCP's Petition, the evidence establishes that
14 the referee complied with the PBR and that there are no valid grounds for the decision
15 on the Bout to be changed.

MEMORANDUM

DATE	May 14, 2019
TO	Chairman John Carvelli and Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #6 – Pension Fund Subcommittee

The Pension Fund Subcommittee and staff met on March 12, 2019, to discuss the Pension Plan and the Commissions outreach efforts for the plan. The following is a list of action items as a result of the meeting and the status of each:

1. Update the Potential Late Claimants list on the web – **COMPLETED**
2. Bids on Locator Services – *Staff contacted the company that Beth Harrington suggested to perform locator services for some of our potential late claimants. Unfortunately, the Commission cannot do business with this company as they will not agree to the State of California terms and conditions for contracting with them. Staff are continuing to research companies that can perform similar services.*
3. Social media postings regarding the Pension Plan – *There were several posts since our last meeting on social media that have reached thousands of people. The office has noticed an increase in pension inquiry telephone calls as a result of the social media postings.*
4. Request from Cyril Shah (Raymond James) projections on the fund 20 years out (in order to maintain a sustainable course for the Pension Plan) – *I requested this information from Cyril Shah and he agreed to put something together. This is still pending.*
5. Request from Beth Harrington, Pension Plan Administrator, statistics on how many fighters does the Break in Service (BIS) affect and the percentages. – *The statistics received from Ms. Harrington are as follows:*

**CSAC Boxer Pension Plan
 Summary of boxers who forfeited benefits due to Break in
 Service**

	2016	2017	2018	3-year Average
Number of boxers who had a BIS	277	318	334	310

# of boxers who forfeited as a % of all Pending boxers	22%	25%	25%	24%

As of May 1, 2019, the Commission has distributed \$175,254 in Boxer Pension Plan benefits this calendar year. It appears that by the end of this year, distributions may be slightly higher than last year.

SUBJECT	Agenda Item #7 – Discussion and Possible action for a Timekeeper pay increase and review of the Officials pay scale

BACKGROUND

In recent years, California has experienced an increase in the number of scheduled fights and title fights. Securities Investor Protection Corporation - Raymond James & Associates, Inc. is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000, including \$250,000 for claims for cash. Money market fund shares are not considered cash for this purpose; they are securities. An explanatory brochure is available upon request by calling 202.371.8300 or visiting <http://www.sipc.org>. Raymond James & Associates, Inc. has purchased excess SIPC coverage through various syndicates of Lloyd's, a London-based firm. Excess SIPC coverage is fully protected by the Lloyd's trust funds and Lloyd's Central Fund. The additional protection currently provided has an aggregate firm limit of \$750 million, including a sub-limit of \$1.9 million per customer for cash above basic SIPC for the wrongful abstraction of customer funds. SIPC coverage is not the same as, and operates differently from, FDIC deposit insurance. Account protection applies when a SIPC-member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against market fluctuations.

Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are affiliated with Raymond James Bank, National Association (N.A.), member FDIC. Unless otherwise specified, products purchased from or held at Raymond James & Associates or purchased from Raymond James Financial Services are not insured by the FDIC, are not deposits or other obligations of Raymond James Bank, N.A., are not guaranteed by Raymond James Bank, N.A., and are subject to investment risks, including possible loss of the principal invested.

FINRA Disclosure - For additional background information on any firm or representative registered with the Financial Industry Regulatory Authority (FINRA), please contact FINRA at 800.289.9999 or <http://www.finra.org> and request the public disclosure program brochure.

MSRB Disclosure - Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are registered with and subject to the rules and regulations of the U.S. Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB). Both the SEC and the MSRB publish websites containing information and resources designed to educate investors. In addition to educational materials about the municipal securities market and municipal securities market data, the MSRB website includes an investor brochure describing protections that may be

provided by MSRB rules, including how to file a complaint with the appropriate regulatory authority. For more information, visit <https://www.sec.gov/> and <http://www.msrb.org/>.

Availability of Free Credit, Bank Deposit Program, and Shares of the Cash Sweep Money Market Mutual Fund Balance - You have the right to receive, in the normal course of business, any free credit balance, bank deposit program balance, the net asset value of shares of the cash sweep money market mutual fund balance, and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

Third Party Payments Disclosure - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

Cost Basis - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Understanding Your Statement (continued)

Continued from Understanding Your Statement, Page 2

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A wash sale occurs when a security is sold for a loss and is re-purchased either 30 days before or after the sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are not calculated for depreciated gifted securities, referred to as dual basis, indicated by a "d." Both Total Cost and Gift FMV exist, as the actual gain/loss cannot be determined until the position is sold.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

Raymond James Bank Deposit Program - The Raymond James Bank Deposit Program is a multi-bank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>.

The Raymond James Bank Deposit Program rate displayed in the Cash & Cash Alternatives section of your statement is the established rate for the last business day of the reported month. However, in the event that a large deposit is made on the last business day of the month, the rate for the next business day may be displayed. Estimated Annual Income is calculated using this rate and, therefore, is solely an estimated value for the month and may not reflect your actual income. For current rates visit <http://www.raymondjames.com/rates.htm>.

"Your bank priority state" indicates the corresponding Bank Priority List that applies to your account. "RJBDP participating banks you declined" displays the names of the banks you have designated as ineligible to receive your funds, which results in your funds being directed to the next bank on the Bank Priority List. "Participating banks recently added" displays additional banks that have been added to the program in the last 90 days. You have the right to designate any bank in the program as ineligible to receive your funds by contacting your financial advisor.

More information about the Bank Deposit Program, including the current Bank Priority Lists, is available at <https://www.raymondjames.com/rjbdp>.

As a reminder, Raymond James may modify or amend the Cash Sweep Program including the terms, conditions and availability of any Cash Sweep option at any time in its sole discretion by providing you with thirty (30) days' prior notice, or in some cases, as set forth in your account opening documentation, no prior notice.

Exchange-Traded Products (ETPs) - ETPs are investment products that are listed on a national stock exchange and can thus be bought and sold in the equity trading markets. ETPs encompass a number of structures that track an underlying benchmark, index or portfolio of securities. ETPs may be structured as registered unit investment trusts (UITs), exchange-traded funds (ETFs), exchange-traded notes (ETNs), grantor trusts or commodity pools.

A number of ETPs employ, to varying degrees, more sophisticated, financial strategies and instruments such as leverage, futures, swaps and derivatives in order to achieve their investment objectives. Those ETPs are commonly referred to as "non-traditional ETPs." Non-traditional ETPs are more complex than traditional ETPs and may not be appropriate for all investors. These may include leveraged or inverse ETPs, some actively-managed ETPs, futures-linked ETPs, volatility ETPs, some ETNs and other products.

Non-traditional ETPs will generally have higher fees than traditional ETPs. All fees and expenses are described in the prospectus. The ability of an ETP issuer to perpetually create new shares contributes to an ETP's efficiency and accuracy in tracking its index. However, under certain circumstances, issuers may cease or suspend creating new shares, which may cause ETPs to trade at a price that differs significantly from the value of its underlying holdings or index. Furthermore, all ETPs may trade at a premium or discount to their net asset value (NAV) or indicative value in the case of ETNs.

Some ETPs may not trade in high volume, which could impact your ability to buy or sell your shares at the desired price and/or quantity. ETPs can be closed for a variety of reasons, which can cause forced taxable events for investors, including capital gains distributions. Furthermore, there can be closing costs associated with the final liquidation of the ETP and index tracking uncertainty as the ETP liquidates its assets.

Investors should consider an ETP's investment objective, risks, charges and expenses carefully before investing. The prospectus, which contains this and other important information, is available from your financial advisor and should be read carefully before investing.

Time Weighted Performance Reporting - Performance returns are calculated net of management fees, if applicable. Returns exclude some limited partnerships, unpriced securities and annuity history prior to the annuity being linked to the account. Returns for periods greater than one year are annualized returns unless they represent entire 12-month periods. All performance figures exclude unpriced securities (including securities of indeterminate value), limited partnerships (other than limited partnerships classified as Alternative Investments and appearing in that section of your

Understanding Your Statement (continued)

California State Athletic Comm Account No. 56658065

statement). Performance for Annuity and RJ Bank CD's may not be all inclusive. Previous calculations for managed accounts may have been adjusted for investment manager performance. Considering these exclusions, overall performance may be different than the results presented in this statement. Past performance is not a guarantee of future results. Information used to calculate performance may have been obtained from third party sources and Raymond James cannot guarantee the accuracy of such information.

Investment Advisory Program Client Notice - As an advisory client who has delegated investment discretion to Raymond James or a third-party manager, you should be aware that you have the ability to impose reasonable restrictions on the investments made within your managed and/or discretionary account(s), or reasonably modify existing restrictions you may have already imposed. Reasonable restrictions may include the designation of particular securities or types of securities that should not be purchased in your account. However, Raymond James or the manager may determine that the implementation of such a restriction may be impractical. In the event such a determination is made, you will be notified promptly. Raymond James cannot accept instructions to prohibit or restrict the purchase of specific securities or types of securities held within mutual funds or ETFs purchased by Raymond James or the manager on your behalf. Should you wish to impose or modify your existing restrictions, or your financial condition or investment objectives have changed, please contact your financial advisor or the Asset Management Client Services Department at 727.567.1000, ext. 74991.

Estimated Annual Income and Estimated Income Yield - The Estimated Annual Income (EAI) and Estimated Income Yield (EIY) provided on this statement are an estimate of the income a security will distribute during the year. These figures should not be confused with actual cash flows, investment yields or investment returns. Actual income or yield may be lower or higher than the estimated amounts. A number of factors may influence the actual income or yield that is received. The amount or frequency of an issuer's dividend may fluctuate or cease, which may cause the income and or yield of the security to fluctuate. EIY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. EAI and EIY for certain types of securities could include a return of principal or capital gains which could overstate the EAI and EIY. Information used to calculate Estimated Annual Income and or Estimated Income Yield may be obtained from third party sources and Raymond James cannot guarantee the accuracy of such information. Estimated

Annual Income and or Estimated Income Yield amounts should not be used as a financial planning tool.

Pricing - While sources used for pricing publicly traded securities are considered reliable, the prices displayed on your statement may be based on actual trades, bid/ask information or vendor evaluations. As such, the prices displayed on your statement may or may not reflect actual trade prices you would receive in the current market. Pricing for non-publicly traded securities is obtained from a variety of sources, which may include issuer-provided information. Raymond James does not guarantee the accuracy, reliability, completeness or attainability of this information. Investment decisions should be made only after contacting your financial advisor.

Asset Allocation Analysis - This analysis is for informational purposes only and is intended to be used as part of a complete portfolio review with your financial advisor. The data provided in the asset allocation analysis is subject to inherent limitations and is not guaranteed to represent actual asset class exposure(s) within your account(s) at the time of calculation. See <https://clientaccess.rj.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

Product Interest Rate Risk - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. An overview of this and other risks is available at <https://www.raymondjames.com>, <http://www.finra.org>, <https://emma.msrb.org>, and <http://investinginbonds.com>.

UPDATES TO THE RAYMOND JAMES CLIENT AGREEMENT

Raymond James recently changed the terms of our Client Agreement and Master Client Agreement. Pursuant to the terms of your agreement, if you do not contact us to terminate the agreement, your existing agreement will include the following changes effective 30 days from the date of this notice. To obtain a complete copy of the updated agreement, please contact your advisor or call Raymond James Client Services at 800.647.7378.

Raymond James is discontinuing the Eagle Class – JPMorgan Money Market Funds sweep options. Therefore, all references and content related to the Eagle Class – JPMorgan Money Market Funds have been deleted from the Client Agreement and Master Client Agreement.

For non-retirement accounts, the following sweep options are available: RJBDP, CIP, and RJBDP with CIP. For ERISA Accounts and IRAs that are Managed Accounts, the sole sweep option available is RJBDP – RJ Bank Only. This option uses exclusively Raymond James' bank affiliate – Raymond James Bank, N.A. – as the depository institution. Sweep deposits through RJBDP – RJ Bank Only will bear a reasonable rate of interest. For IRAs that are not Managed Accounts, the available sweep options are: RJBDP and RJBDP – RJ Bank Only.

The sixth paragraph in the "**Raymond James Cash Sweep Programs**" section of the Master Client Agreement and the seventh paragraph in the "**Raymond James Cash Sweeps Programs**" section of the Raymond James Client Agreement have been revised and restated below.

"If you open additional Accounts, you direct that: RJBDP with CIP be utilized for non-retirement Accounts, RJBDP – RJ Bank Only be utilized for ERISA Accounts and IRAs that are Managed Accounts, and RJBDP be utilized for IRAs that are not Managed Accounts. You may change your sweep option at any time by contacting your financial advisor. A listing of the Account types and Cash Sweep Program options is available at the website referenced above."

Similarly and as a result of Raymond James discontinuing the Eagle Class – JPMorgan Money Market Funds as sweep options, all references and content related to the Eagle Class – JPMorgan Money Market Funds have been deleted from the "**Terms and Conditions for Capital Access® Cash Management Accounts**" section of the Master Client Agreement and from the "**Raymond James Capital Access Account Agreement**" section of the Raymond James Client Agreement.

UPDATES TO IMPORTANT INVESTOR INFORMATION

Because Raymond James is discontinuing the Eagle Class – JPMorgan Money Market Funds as available sweep options, all references and content related to the Eagle Class – JPMorgan Money Market Funds have been deleted in their entirety.

As a result of Raymond James increasing its FDIC coverage under the Raymond James Bank Deposit Program, all references to coverage up to \$2.5 million per account shall be replaced with coverage up to \$3 million per account and all references to coverage up to \$5 million for joint accounts of two or more shall be replaced with coverage up to \$6 million for joint accounts of two or more. Additionally, all references to available cash in your Raymond James account deposited into interest-bearing deposit accounts at up to 12 banks shall be increased to up to 20 banks.

The following "**Retirement Accounts**" subsection has been added after the subsection "**Raymond James Bank Deposit Program – Raymond James Bank Only**" in the "**Sweeps (Transfers) To and From Income-Producing Accounts**" section:

"Retirement Accounts"

There are two sweep options available to IRAs that are not Managed Accounts: RJBDP and RJBDP – RJ Bank Only. For more information, please see "**Raymond James Bank Deposit Program**" above and "**Raymond James Bank Deposit Program Disclosures**" below:

The sole sweep option available to ERISA plans and IRAs that are Managed Accounts is RJBDP – RJ Bank Only. For more information, please see "**Raymond James Bank Deposit Program – Raymond James Bank Only**" above and "**Raymond James Bank Deposit Program Disclosures**" below."

The second to last sentence of the fourth paragraph of subsection "**Raymond James Bank Deposit Program Disclosures**" in the "**Sweeps (Transfers) To and From Income-Producing Accounts**" section is deleted and replaced with the following:

"Once funds equal to the Deposit Threshold have been deposited for you through the Program in each Bank on the Priority List, any additional cash balances will be directed to the Client Interest Program, which is eligible for coverage provided by the Securities Investor Protection Corporation (SIPC) and excess SIPC, or, if you do not elect the above option, or if you are not eligible for CIP, to a designated bank (an "Excess Bank") without limit and without regard to maximum-available FDIC insurance coverage. Please refer to the section titled "**Information About FDIC Insurance**" for additional information."

Additionally, effective on or about May 5, 2019, Raymond James is changing the calculation methodology for determining interest rate tiers for your cash sweep deposits from a total assets (cash and non-cash) based analysis to a cash-based analysis. This methodology change is described more fully in the revised language in the "**Sweeps (Transfers) To and From Income-Producing Accounts**" disclosure section, as set forth below, which will take effect on the same date. We currently anticipate that this change in calculation methodology will not substantially impact most clients; however, as interest rates are heavily impacted by market conditions, we are unable to determine what the impact will be to your account(s). Some clients may receive an increase in the applicable interest rate, while other clients may receive a decrease in the applicable interest rate. Additional information will be provided at the end of April on Raymond James' public website at <http://www.raymondjames.com/rates.htm> or you may contact your financial advisor. For information on cash sweep alternatives, please refer to the Cash Sweeps Alternatives chart in your "Important Investor Information" disclosures or consult with your financial advisor.

- The "Rate/Yield Calculation Method and Frequency" row in the Cash Sweeps Alternatives chart has been revised to indicate the following for all options: "Based on relevant competitive money market rates and various market factors. Additional information is in the "**Interest on the Deposit Accounts**" section."
- The first five paragraphs of the subsection "**Interest on the Deposit Accounts**" and the first six paragraphs of the subsection "**Interest on Balances in the Deposit Accounts**" have been revised and restated as set forth below. The remainder of the subsections remains the same.

"Your balances in the Deposit Accounts will earn the same interest rate at all of the Banks. Your interest rate will be based on the type of relationship you have with Raymond James as well as the interest rate tier ("Interest Rate Tier") for which your accounts are eligible. Eligibility for an Interest Rate Tier is based on the total of (1) the cash balance in RJBDP (inclusive of the balance in RJBDP – RJ Bank Only) and (2) the cash balance in CIP (collectively, "Relationship Cash Value"). The Interest Rate Tier applicable to your Deposit Accounts will be adjusted weekly (normally after market close on the last business day of the week that the New York Stock Exchange is open ("Aggregation Day")) and is based on your Relationship Cash Value at that time. Interest rates may change at any time. Interest Rate Tiers and applicable rates are posted online at the link provided in the Cash Sweeps Alternatives chart above; rates are also

Important Account Information (continued)

available through Client Access or by contacting your financial advisor.

A cash balance in a non-Retirement Account opened during the week will be assigned the greater of: (1) the Interest Rate Tier applicable for such Account only taking into consideration the cash balance in such Account, or (2) the Interest Rate Tier based on your Relationship Cash Value, excluding the cash balance in the new Account. On the Aggregation Day following the opening of such non-Retirement Account, any available cash balance will be added to your Relationship Cash Value and all Deposit Accounts will fall under the same Interest Rate Tier, based on the total Relationship Cash Value.

For cash balances held in IRAs opened during the week, each IRA will be assigned the Interest Rate Tier applicable for such Account, only taking into consideration the cash balance in that Account. On the Aggregation Day following the opening of such IRA, any available cash balance will be added to your Relationship Cash Value and all Deposit Accounts will fall under the same Interest Rate Tier, based on the total Relationship Cash Value.

For cash balances held in Accounts that are subject to ERISA, each ERISA Account will be assigned the Interest Rate Tier applicable for such Account, only taking into consideration the cash balance in that Account."

- If you opened an account under a Master Client Agreement on or after January 28, 2019, the following changes apply. The subsections "*Interest on the Deposit Accounts*" and "*Interest on Balances in the Deposit Accounts*" each included two notes, which have been revised and restated as follows: "NOTE – THE FOLLOWING IS EFFECTIVE UNTIL ON OR ABOUT MAY 4, 2019," and "NOTE – THE FOLLOWING IS EFFECTIVE ON OR ABOUT MAY 5, 2019."
- The Interest Rate Tiers listed in the subsection "*Interest on Balances in the Deposit Accounts*" have been revised and restated as set forth below, and the following sentence has been added to the paragraph immediately following the Interest Rate Tiers: "Additional Interest Rate Tiers may be available for Relationship Cash Values exceeding those listed. Please consult your financial advisor for more information."

"The Interest Rate Tiers are:

1. \$0 to \$24,999
2. \$25,000 to \$99,999
3. \$100,000 to \$249,999
4. \$250,000 to \$499,999
5. \$500,000 to \$999,999
6. \$1,000,000 to \$2,499,999
7. \$2,500,000 to \$4,999,999
8. \$5,000,000 to \$9,999,999
9. \$10,000,000 to \$24,999,999
10. \$25,000,000 or above"

IMPORTANT CASH SWEEP OPTIONS INFORMATION

Effective on or about May 5, 2019, Raymond James will increase its deposit insurance coverage by the Federal Deposit Insurance Corporation (FDIC) under the Raymond James Bank Deposit Program from up to \$2.5 million per account to up to \$3 million per account (and from \$5 million to \$6 million for joint accounts of two or more) and the available cash in your Raymond James account will be deposited into interest-bearing accounts at up to 20 banks.

Raymond James is discontinuing the Eagle Class – JPMorgan Money Market Funds sweep options. Re: CAMO UPDATE / DOCUMENT REQUEST

Below and attached please find a CAMO update and report in anticipation of the regularly scheduled CSAC meeting scheduled for May 14, 2019 in Los Angeles, CA:

1. CAMO SAFETY AND SUSPENSION REPORT: UPDATE

There have been no major injuries of a heightened concern for the commission to review since the last CSAC meeting and report on February 19, 2019 in Anaheim, CA. All suspensions since the February 19, 2019 CSAC meeting have been attached hereto as Exhibit A. CAMO did see a precautionary transport on the Combate Americas event on April 26, 2019 in Los Angeles, CA involving an amateur fighter. The athlete was released from care shortly thereafter and is doing well. By all accounts, the evacuation process was effective and efficient.

2. FINANCIAL REPORT:

CAMO has provided Executive Officer Andy Foster with CAMO's most recent tax returns including an internal financial report in advance of the July 24, 2018 meeting. CAMO reserves are within required operating ranges.

3. PED & DRUGS OF ABUSE TESTING:

As announced at the December 11, 2018 CSAC meeting, CAMO is in the process of designing a new comprehensive drug testing program that includes testing for anabolic steroids for amateur athletes—the first of its kind. CAMO has tested at every event southern California event since the February 19, 2019 Commission meeting. CAMO is currently in the process of training inspectors and adjusting the process to make the program efficient and effective. We are currently focused on coordinating and training our northern California inspectors so that a uniform testing process and procedure may be created across the state.

4. SIGNIFICANT EVENTS; FEMALE ATHLETES:

On April 26, 2019, four female CAMO athletes were asked to compete on the Combate Americas fight promotion in Los Angeles, CA. Combate Americas is a widely recognized professional promotion and a significant amount of their roster includes CAMO alumni. Combate Americas featured two CAMO female MMA bouts in their current search for talent. CAMO proudly continues to produce the majority of the female talent in the industry, an interesting and compelling trend.

5. CAMO UPCOMING EVENTS:

As requested by the Commission, attached please find our upcoming event calendar (Exhibit B) that is also maintained on our website: www.camomma.org. CAMO is off to an exciting 2019. It is always our pleasure to have a member of the Commission visit our events.

In closing, we look forward to advancing our steroid testing program. We hope to continue to collaborate with CSAC in 2019 to explore opportunities to advance our unified interest in preventing the use of performance enhancing substances and to maintain CAMO at the forefront of this issue. Thank you for your continued support.

Sincerely,
