*Motion **passed** 5-0 by roll call vote.*

Agenda Item 4-Discussion and Possible Action on Petition to Change the Decision for Emanuel Navarrete vs. Charly Suarez bout on May 10, 2025 in San Diego, CA.

EO Foster explained that during this WBO championship bout, Mr. Navarrete received a laceration from what appeared to be a headbutt that led to the ringside physician ending the fight in round 8, resulting in a technical decision win for Mr. Navarrete. EO Foster explained that the injury occurred so quickly that he and referee Ed Collantes initially thought it was caused by a headbutt. Additional video from other angles revealed that the laceration was caused by a punch, according to EO Foster. He stated that he believes the punch made contact and there was incidental contact with Mr. Suarez's wrist, causing the laceration. Videos of the fight were played for review.

Commissioner Dr. De Mars stated that she is always against changing a loss to a win because you would have to agree that changing one thing in a fight would have changed the result of the entire fight. She agreed with EO Foster's recommendation of changing the bout to a no contest.

*Chairman Villegas **moved** to approve the change of decision to a no contest.*

*Commissioner Gruwell **seconded** the motion.*

Public Comments

Ricardo Navalta, Manager for Mr. Suarez, argued that the result should be ruled a TKO per the Unified Rules of Boxing that state if a cut is caused by a legal punch and the fight is stopped because of the cut, the injured boxer loses by TKO.

*Motion **passed** 5-0 by roll call vote.*

Agenda Item 5-Discussion and Possible Action on Petition to Change the Decision for Cesar Francis vs. Emiliano Moreno bout on February 19, 2025, in Jamestown, CA.

EO Foster explained that Mr. Francis was ahead on the cards 4 to 2 during the bout. Referee Dan Stell stopped the fight, ruling Mr. Moreno the winner, and EO Foster was not sure why. Commissioner Wetch asked if the Commission had the authority to review the petition when the petitioner selected collusion on the petition form. Legal Counsel John Kinn stated the Commission is able to look at any of the grounds for changing the decision once the petition is being heard. EO Foster stated that he spoke to the petitioner and that they did not intend to select collusion on the petition form. Video of the fight was played for review.

Commissioner Dr. De Mars moved approved the change of decision to a no contest but clarified that there was no collusion involved.

Commissioner Wetch seconded the motion.

No public comments.

Motion passed 5-0 by roll call vote.

Agenda Item 6-Discussion regarding Commerce Casino's proposed fee increase on combative sports promoters and update on other alternative venues in the area.

EO Foster explained that Commerce Casino is a venue that promoters use frequently and that the Commission has a good relationship with the casino. Commerce Casino has increased costs of security for events and promoters are facing difficulty bringing in enough people to meet the new food and beverage minimum. EO Foster wants to make the Commissioners aware that there may be a drop in the number events held at Commerce Casino.

Dennis Sloper, representative of Commerce Casino, expressed his disappointment in the lack of notification of the agenda item. Mr. Sloper explained that the casino feels that the events require more security to protect employees and patrons. Mr. Sloper explained that it was a contract issue with the promoter and did not expect to have to come before the Commission regarding the issue.

Stakeholders expressed concerns about the financial viability of continuing events at Commerce Casino under new conditions. Roy Engelbrecht stated that in order to put on an event and not lose money you would need to have a minimum 1,000 seats which is what made the Commerce Casino so attractive to promoters. He explained that the initial agreement was \$25,000 for food and beverage and if a promoter was able to get 1,000 attendees, they would not owe the casino rent. Mr. Engelbrecht stated that if promoters are unable to bring in 1,000 attendees, they only have themselves to blame and understands why Commerce Casino is having to increase fees.

JT Steele, president of CAMO, explained that he is uncertain if promoters will be able to continue to operate under the circumstances given the increasing costs of operation.

Steven Bash has experienced increased food and beverage minimums from \$15,000 to \$25,000. Last year, Mr. Bash received an email requesting an event schedule 12 months in advance and stating that food and drink minimums would go up to \$27,000. A few months later, he says, that the minimum increased to \$50,000. Mr. Bash explained that in order to reach the minimum he tried to hold ProAm

events with permission from EO Foster to hold over the maximum number of allowed bouts, going from an average of 8 bouts per event to about 20 bouts. Mr. Bash stated that it's difficult to plan events 6 months in advance not knowing what the deal with the casino will be. Mr. Bash explained that the unique location and amenities of Commerce Casino provide mutual benefits for promoters and the venue and hoped that the casino and promoters can come to a mutual agreement.

Commissioner Wetch explained that agendaizing this item was not meant to disparage Commerce Casino in any way, but that the Commission's budget is currently so thin that any loss of events would affect the Commission negatively and the Commission is seeking more information on the issues.

Agenda Item 7-Discussion about the incorporation of the Association of Boxing Commissions and Combative Sports unified rules for all combat sports that the Commission oversees and regulates.

EO Foster explained that there is not much difference between the California rules and the Unified Rules of boxing, but the most significant difference is the unintentional foul rule. EO Foster believes it would be in the best interest of the state to use the ABC's Unified Rules for boxing.

Chief Athletic Inspector Mark Relyea explained that the Commission inspectors are constantly having discussions with TV crews on what rules will be used at events. Mr. Relyea stated that the Commission inspectors would like to be able to use one set of rules for clarity.

EO Foster explained that the California rules predate the ABC Unified Rules of Boxing and that historically the Commission did not want to accept the Unified Rules of Boxing. EO Foster believes that a legislative fix would be the best way to go about it due to the occasional changes the Unified Rules undergo.

Commissioner Wetch does not believe the Commission should abdicate authority to the ABC because the constant changing of the rules would mean the Commission would have to create new rule packages. Commissioner Wetch believes it would be best to adopt individual rules on an item-by-item basis.

Chairman Villegas requested more information to be able to discuss the item in a future meeting.

Agenda Item 8-Strategic Planning Session.

The Commission viewed a training video produced by DCA's SOLID department on DEI (Diversity, Equity, and Inclusion).

Solid assisted the Commission in their Strategic Planning discussion, items discussed were:

- *The Commission faces funding challenges due to reliance on event-generated revenue rather than general funds.*
- *Increased workload and travel demands on staff require ongoing evaluation for sustainability.*
- *The Commission's unique revenue generation from events supports local economies significantly.*
- *The Commission would like to focus on improving public outreach for commissions, especially in Southern California.*

- *The Commission would like to enhance social media presence and create promotional materials to raise awareness of commission activities.*
- *The Commission would like to foster tribal relationships through formal communication and collaborative events to benefit tourism and engagement.*

Agenda Item 9-Executive Officer's Report

About the Commission

The California Athletic Commission (Commission) was created by an initiative in 1924 and is now a part of the Department of Consumer Affairs (DCA). The Commission was established because of the increasing number of boxer injuries/deaths occurring in the ring; and the involvement of unethical persons, management, and promoters in the sport. Prior to the Commission, no government agency existed to provide oversight of managers, promoters, event officiating; or to protect the health and ensure the safety of the participants.

Today, the Commission oversees the licensing, prohibited substance testing, and event regulation throughout the state with a seven-member Commission; five appointed by the Governor, one by the Senate Rules Committee, and one by the Speaker of the Assembly.

The full Commission meets at least four times per year to 1) handle matters related to licensure and appeals of license denials, suspensions and fines; 2) propose and review regulations or legislation focused on maintaining the health and safety of fighters; 3) consider issues related to the Boxer's Pension Program and the Neurological Examination Account; 4) evaluate funding and revenue strategies; and 5) address a variety of topics brought forth by stakeholders.

The Commission licenses fighters, promoters, managers, seconds, matchmakers, referees, judges, timekeepers, professional trainers and approves ringside physicians. The Commission regulates professional events within its jurisdiction and regulates each event by staffing the event with several specialized and well-trained athletic inspectors to enforce the regulations related to combat sporting events.

- Internal staff²: interviews and online surveys.
- Commission members: interviews and online surveys.

Form CRS and Important Client Information - For further information about Raymond James, visit <http://www.raymondjames.com/legal-disclosures> to access the relevant Form CRS and Important Client Information.

Availability of Free Credit and Bank Deposit Program - You have the right to receive, in the normal course of business and subject to Raymond James having received the funding, any free credit balance, bank deposit program balance, and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

Third Party Payments Disclosure - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

Cost Basis - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A wash sale occurs when a security is sold for a loss and is re-purchased 30 days before or after the

sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are calculated for depreciated gift taxlots. This is referred to as dual basis and is indicated with a "d." The current market value is used to estimate the cost basis and gain/loss until the position has been sold. Once sold, cost basis and gain/loss will be established as the final proceeds are available, and true cost and gain/loss can be determined.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. Amount Invested should not be used for trading purposes, it does not represent taxable cost basis, and gains/losses based on amount invested may vary from actual realized gain/loss that will appear on year end 1099's. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Realized Gain/loss - is based upon total cost basis, and includes the cost basis of reinvested shares. Realized gain/loss does not include mutual fund long term capital distribution amounts. For taxable accounts, including those that receive information only 1099's, short term debt instruments that result in a capital gain will generally not appear on the realized gain/loss report, as those amounts are reported as ordinary income on the year end 1099. Market Discount is generally not reportable as a realized gain/loss amount, as it is also reportable as ordinary income on the year end 1099.

Cost basis for 529 accounts is provided as informational only and year end 1099Q reports are prepared independently from cost basis data shown on the brokerage statement.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

Raymond James Bank Deposit Program - The Raymond James Bank Deposit Program is a multibank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>. If you elected the Raymond James Bank Deposit Program as your sweep option, then any balance in a bank deposit account in the RJBDP can, on your order, be liquidated and the proceeds returned to your securities account or remitted to you.

See <https://clientaccess.rjf.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

Product Interest Rate Risk - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. Status Update of Delegated Entities

**California Amateur
Mixed Martial Arts
Organization (CAMO)
*J.T Steele***

August 22, 2025

To: California State Athletic Commission

From: California Amateur Mixed Martial Arts Organization, Inc. ("CAMO")

Re: CAMO UPDATE / DOCUMENT REQUEST

Below and attached please find a CAMO update and report in anticipation of the CSAC meeting scheduled for September 8, 2025, in Sacramento, CA:

1. CAMO SAFETY AND SUSPENSION REPORT:

We are pleased to report that there have been no injuries of heightened concern since the last CAMO report on June 2, 2025. This is a positive reflection of our collective focus on athlete safety. Attached please find our injury and suspension list for your review (Exhibit 1).

2. FINANCIAL REPORT:

CAMO's reserve accounts continue to maintain appropriate levels, having replenished following the seasonal slowdown earlier in the year. We remain within all recommended financial ranges. CAMO's fiscal year closes on May 31, 2025, and tax preparations are underway in accordance with all requirements.

3. CAMO INITIATIVES:

Training and Testing: Training is an ongoing effort within CAMO, and a new digital testing and training initiative represents a long-term commitment to raising standards across the state. We anticipate at least one final in-person or online training and promoter summit before the close of 2025.

Recruitment: We are seeing an increase in applicants interested in becoming referees and judges across the state. We focus on cultivating the best talent for CSAC, and while not every applicant will advance to become a referee or judge, many find meaningful long-term roles as athletic inspectors, timekeepers, or other regulatory staff.

Online Inspector Exam: The development of the online Inspector Exam—a key CAMO initiative—remains on track. This online testing will be required for licensure and is designed to test knowledge of California’s rules, regulations, and best practices. Together with our training program, this advancement will significantly improve the competency and standards of new inspectors, strengthening both integrity and safety in amateur combat sports statewide.

4. UPCOMING EVENTS:

We expect to conclude 2025 with 35–40 sanctioned events, which is a substantial number by any standard. The scale of this schedule requires consistent, close coordination with CSAC. We extend our appreciation to CSAC staff for their collaboration in staffing these events each weekend across California. As requested by the Commission, attached please find our upcoming event calendar (Exhibit 2), which is also available on our website: www.camomma.org.

In closing, the summer was a wonder season of amateur MMA in California. We renew our resolve to continue working with CSAC and explore solutions to maximize fighter safety. Thank you for your continued support.

Sincerely,

JT Steele

For Consideration

The USFL would like to ask for the commission to consider on an ambulance waiver for all events that are within 30 minutes of a Hospital with under a 15 minuets ambulance response time. This will allow for the athletes to fall in the Golden hour of advanced life support. We have had 5,316 athlete exposures with no serious injuries to date documented by a medical doctor since 2014

Continuous training for ring officials is a priority. The next training course is scheduled for October 25, 2025, in Southern, CA. through the Stellar Officials program led by Dan Stell. We intend to also schedule an ABC Unified Rules of Muay Thai approved trainer to host officials training before the end of the year. The continuous training of officials includes scoring, judging, and ring mechanics. We also provide an extensive course for timekeepers and inspectors. Every effort is made to “cross train” officials to allow for versatility and larger opportunities for participation in all events.
