Passcode: 2722713

Members of the public may but are not required to identify themselves. When signing into the Webex platform, participants may be asked for their name and email address. Participants who choose not to provide their names will need to provide a unique identifier such as their initials or another alternative, so that the meeting moderator can identify individuals who wish to make public comments.

Participants who choose not to provide their email address may use a fictitious email address in the following sample format: XXXXXX@mailinator.com.

Public comments will be limited to two minutes unless, at the discretion of the Chair, circumstances require a shorter period; members of the public will not be permitted to “yield” their allotted time to other members of the public to make comments.

AGENDA

OPEN SESSION

1. Call to Order/ Pledge of Allegiance/ Roll Call/ Establishment of a Quorum.
2. Welcome - Chair's Opening Remarks.
3. Review and **Possible Action** to approve the July 13, 2026, Commission Meeting Minutes.
4. Review and **Possible Action** to approve the September 8, 2026, Commission Meeting Minutes.
5. Discussion and **Possible Action** on Petition to Change the Decision for Ruben Eduardo Aguilar vs. Tre'Sean Wiggins on July 18, 2026, in San Bernardino.
6. Review, Discussion, and **Possible Action** regarding request to waive the requirement that annual physicals for USA Boxing be completed by a licensed M.D. or D.O. and allow annual physicals to be completed by a licensed Physician Assistant or Nurse Practitioner pursuant to Business and Professions Code, chapter 2, article 3, section 18646.
7. Executive Officer's Report
 - a. Budget Update for the Support Fund, the Neurological Examination Account, the Boxers' Pension Fund, and the MMA Fund.
 - b. Status Update of Delegated Entities
 - California Amateur Mixed Martial Arts Organizations (CAMO)- J.T Steele
 - USA Boxing (USA Boxing)- Mike McAtee
 - United States Fight League (USFL)-Joe Stevenson
 - International Kickboxing Federation (IKF)- Toni Fossum
 - World Association of Kickboxing Organizations (WAKO)- Thomas Henniger
 - International Sport Karate Association (ISKA)- Cory Schafer
 - c. Upcoming Event Schedule.
8. Public Comment on Items Not on the Agenda.
(The Commission may not discuss or take action on any matter raised during this public comment section, except to decide whether to place the matter on the agenda of a future meeting pursuant to Government Code sections 11125 and 11125.7(a))

CLOSED SESSION

9. Pursuant to Government Code section 11126(e)(1), the Commission will confer with and receive advice from legal counsel and deliberate regarding the following matter: Marshall Walker III v. California State Athletic Commission, et al., Superior Court of the State of California, County of San Mateo, Case No. 24-CIV-03883.

OPEN SESSION

10. ADJOURNMENT

Important Notices to the Public:

The time and order of agenda items are subject to change at the discretion of the Commission Chair. The meeting may be canceled without notice, for verification of the meeting, call (916) 263-2195. The meeting is open to the public except when specifically noticed otherwise, in accordance with the Open Meeting Act.

Public comments will be taken on agenda items at the time the item is heard. Total time allocated for public comment may be limited. Public comments will be limited to two minutes unless, at the discretion of the Chair, circumstances require a shorter period; members of the public will not be permitted to "yield" their allotted time to other members of the public to make comments.

The meeting is accessible to the physically disabled. To request disability-related accommodation, use the contact information below. Please submit your request at least five (5) business days before the meeting to help ensure availability of the requested accommodation.

FOR OBSERVATION ONLY:

View at <https://thedcapage.blog/webcasts>. Using the livestream link will allow only for observation with closed captioning. Livestream availability cannot be guaranteed due to technical difficulties or resource limitations. The meeting will not be cancelled if livestream becomes unavailable.

Monique Azar, Analyst I

AGENDA

OPEN SESSION

Agenda Item 1-Call to Order/ Pledge of Allegiance/ Roll Call/ Establishment of a Quorum.

The meeting was called to order at 10:00 am by Chair Villegas. Executive Officer (EO) Foster call roll. A quorum was established. Commissioner Wetch and Hendrickson were absent.

Agenda Item 2-Welcome - Chairman's Opening Remarks.

Chair Villegas welcomed everyone to the meeting and wanted to make a special acknowledgement since it's our country's 250th birthday. He added that this celebration is recognized many figures, but I'm proud when it during the celebration, they recognized someone from our world, the greatest of all time

Muhammad Ali during all of their recognition and celebration of this country. Ali embodies American ideals such as courage, conviction freedom, and humanitarian services.

Agenda Item 3-Review and Possible Action to approve the March 9, 2026, Commission Meeting Minutes.

Commissioner Gruwell moved to approve March 9, 2026, Commission meeting minutes.

Commissioner Fiore seconded the motion.

No public comments.

Motion passed 5-0 by roll call vote.

Agenda Item 4-Review and Possible Action to approve the March 20, 2026, Commission Meeting Minutes.

Commissioner Gruwell moved to approve March 20, 2026, Commission meeting minutes.

Commissioner De Mars seconded the motion.

No public comments.

Motion passed 5-0 by roll call vote.

Agenda Item 5- Discussion and Possible Action on Petition to Change Decision for Danny Martinez vs. Ethan Morales bout on May 2, 2026, in Long Beach, CA.

On May 7, 2026, the Commission received a petition to change the decision from Franklin Aguirre on behalf of athlete, Daniel “Danny” Martinez. EO Foster informed the Commission that Assistant Chief Inspector Sean Wells had reviewed the petition to change decision request and on May 8, 2026, he informed Mr. Aguirre that the petition was denied. Mr. Aguirre has appealed the denial of the petition.

EO Foster stated that during the bout Referee Romero gave several warnings to bout athletes about various fouls including grabbing the fence and back of the head shots. EO Foster added that he felt the Mr. Morales was attempting to “catch” the ear in some of shots and that nothing abnormal occurred during the bout. EO Foster recommended that the decision rendered by Referee Romero on May 2, 2026, stand and that petition to change decision is denied.

The video of the bout was played for the Commission to review.

Mr. Aguirre stated that he felt a point should have been deducted from Mr. Morales for grabbing the fence. He requested that the Commission overturn the decision to a no contest.

Commissioner De Mars moved to deny the petition to change decision and accept the Executive Officers recommendation.

Commissioner Dr. Williams seconded the motion.

No public comments.

Motion passed 5-0 by roll call vote.

Agenda Item 6- Discussion and Possible Action on Petition to Change Decision for Phumi Nkuta vs Adriano Moraes bout on May 16, 2026, in Inglewood, CA.

On May 16, 2026, the Commission received verbal notice that Mr. Nkuta was going to submit a petition to change the decision of his bout that occurred earlier that evening. On May 22, 2026, the Commission received a petition to change decision from Lance Spaude on behalf of athlete, Phumi Nkuta.

EO Foster stated that, upon review of the bout, Mr. Nkuta appeared to be decisively ahead through the conclusion of Round 3. In the final seconds, Mr. Nkuta took actions that could be characterized as unnecessary risks in an effort to conclusively finish the contest. These actions allowed Mr. Moraes to secure positional advantage, take Mr. Nkuta's back, and apply a choke hold with approximately nine seconds remaining in the round.

EO Foster emphasized that the central issue before the Commission is determining the point at which Mr. Nkuta became unconscious. He noted that while it is undisputed that Mr. Moraes held the choke beyond the appropriate duration, fighters are repeatedly instructed not to release a submission until directed by the referee.

EO Foster referenced the statement provided by counsel for Mr. Nkuta noting that counsel acknowledged the uncertainty surrounding the exact moment of unconsciousness. Counsel indicated it was equally possible that Mr. Nkuta remained conscious until after the bell and that unconsciousness occurred only when the choke was maintained for several seconds beyond the end of the round.

EO Foster reported that Commission staff reviewed the instant replay multiple times and were unable to determine the precise moment of unconsciousness. He stated that, based on the replay, what could be confirmed was that Mr. Nkuta was unconscious at the bell. EO Foster underscored the importance of this Commission's recent adoption of instant replay for circumstances such as this and confirmed that it was properly utilized during the review.

EO Foster noted that Commissioners may wish to consider two questions: first, the point at which unconsciousness occurred; and second, whether a foul should have been assessed for holding the choke too long, with an estimated duration of approximately 2.15 seconds referenced during discussion.

The video of the bout was played for the Commission to review.

Mr. Nkuta stated that this bout was his first opportunity to compete on a major platform, and he felt a significant obligation to demonstrate that he belonged at that level. He reported that he remained conscious and was actively defending the choke at the moment the bell sounded. He asserted that Mr. Moraes maintained the choke for approximately 2.15 seconds after the bell, in addition to the prior 9-second application, which he described as consequential in high-level grappling.

Mr. Nkuta further noted that referee Herb Dean attempted to intervene and separate Mr. Moraes's grip, but he continued applying the choke despite the referee's efforts. He stated that, had the choke been released immediately upon referee intervention, the situation would have been clearer; however, the continued application resulted in what he believes to be a significant foul. Mr. Nkuta indicated that the extended choke negatively affected his performance and undermined his opportunity to present himself on a major stage.

He explained that he attended the meeting in person to provide his perspective directly and to affirm his belief that the foul materially impacted the outcome of the bout.

Chair Villegas thanked Mr. Nkuta for coming in person to speak with the Commission about his petition.

Commissioner De Mars commended Mr. Nkuta for his impressive performance, stating that his bout was memorable and that his efforts would not be forgotten by those who witnessed it. Commissioner De Mars emphasized the challenges faced by officials in making judgment calls under intense circumstances, especially with millions of viewers watching. She noted that for the Commission to overturn a referee's decision, the evidence must demonstrate a truly egregious situation. Commissioner De Mars further explained that maintaining a choke for approximately two seconds under pressure did not constitute a deliberate, egregious foul in her view. She recognized the high-pressure environment for both athletes and officials, highlighting that the referee, Herb Dean, made the best possible decision given the circumstances. Commissioner De Mars assured Mr. Nkuta that his skill and reputation as a great fighter were not diminished by the outcome, and his performance would be remembered by all present.

Commissioner Gruwell thanked Mr. Nkuta for coming to the meeting in-person. He added that he spoke to him after the fight in the elevator and that he felt he is an amazing fighter who showed passion for the sport in the cage.

Commissioner De Mars moved to deny the petition to change decision and accept the Executive Officers recommendation that decision given on May 16, 2026, stand.

Commissioner Dr. Williams seconded the motion.

Public comments

Lance Spaude, representing Mr. Nkuta, addressed the Commission and inquired whether Mr. Nkuta would have been declared the winner had the bout proceeded to the scorecards. EO Foster confirmed that Mr. Nkuta would have won if it had gone to the scorecards. Mr. Spaude emphasized the importance of replay review, noting that, upon watching the replay, referee Herb Dean did not stop the bout; rather, the bout concluded at the bell, which is when Herb intervened to remove Mr. Moraes's hands. Herb did not waive off the bout, indicating that the official conclusion occurred at the bell and should have resulted in a scorecard decision. Mr. Spaude commended California for implementing replay review and concurred with EO Foster that there must be clear and convincing evidence to overturn the decision. He stated his position that the bout was effectively overturned that night following the Commission's review. He clarified that, in his view, the Commission's determination that Mr. Nkuta was unconscious was made after the bout's conclusion, upon replay review. Had Herb Dean determined Mr. Nkuta was unconscious prior to the conclusion, he would have stopped and waived off the bout before or at the bell, which did not occur. Mr. Spaude requested the Commission to consider that the bout had already been overturned from the referee's initial decision, based on the subsequent review.

Motion passed 5-0 by roll call vote

Agenda Item 7- Discussion and Possible Action on Petition to Change Decision for Kevin Mosquera vs Renny Mastrapa bout on May 30, 2026, in San Diego, CA.

On June 5, 2026, the Commission received a petition to change decision from Sergio Zaragoza on behalf of Kevin Mosquera. The bout took place on May 30, 2026, at Town and Country Hotel in San Diego.

EO Foster explained that this petition comes down to the difference between a slip and a knockdown. The Commission would need to predict what the judge's scorecards would be if there was a knockdown and he does not believe that you should be extrapolating results down the line based on "what-ifs". EO Foster stated that he believed the referee made the right call, and that it appears that what occurred was a combination of the punch landing and the fighters' feet getting tangled up.

Referee David Soliven explained that from his position, he could clearly see Mr. Mosquera lunge forward with his right foot and step on Mr. Mastrapa's left foot. This caused Mr. Mastrapa to fall, not the punch. Mr. Soliven stood by his decision to rule it a slip and not a knockdown.

Commissioner Gruwell moved to deny the petition to change decision and keep the decision as a unanimous draw.

Commissioner Fiore seconded the motion.

No public comment

Motion passed 5-0 by roll call vote

Agenda Item 8- Discussion and Possible Action on Petition to Change Decision for Cody Kerr vs Iman Williams bout on May 22, 2026, in Palm Springs, CA.

On May 25, 2026, the Commission received a petition to change the decision from Ronald Rodriguez on behalf of athlete Cody Kerr. The bout took place on May 22, 2026, at the Acrisure Arena in Palm Springs.

EO Foster stated that upon initial review of the bout, it appeared that a punch was responsible for the stoppage, potentially breaking the athlete's nose. However, further discussion and review revealed that the eye poke was the determining factor in ending the fight, as confirmed in conversation with referee Jonathan Romero. EO Foster emphasized the importance for Commissioners to require clear and convincing evidence before overturning a referee's decision. In this case, EO Foster found the evidence to be both clear and convincing, affirming that the eye poke contributed significantly to the loss. EO Foster recommended that the bout be changed to a "No Contest."

Vice Chair Dr. Williams asked if there was a difference between a contributing event and the primary calls or primary event? EO Foster stated that yes, as you see in the video there was definitely part of that was legal and a part that went into the eye which was illegal.

Commissioner Gruwell moved to accept EO Foster's recommendation and overturn the results of the bout to a no contest.

Commissioner Fiore seconded the motion.

Public comments.

Referee Romero reported that he had submitted a letter regarding the bout. He added that upon further review, he observed that a punch was thrown with fingers extended; however, the eye poke was not noticed at first due to the speed at which the punches were delivered. After careful consideration, he agreed with the recommendation to change the bout result to a "No Contest."

Motion passed 5-0 by roll call vote.

Agenda Item 9- Review, Discussion, and Possible Action regarding Raul Caiz Jr. renewal application for boxing referee per Business and Professions Code section 18662.

This item was withdrawn by the licensee and will be heard at a later date subject to Mr. Caiz Jr. providing his current residence address on his application.

Agenda Item 10- Review, Discussion, and Possible Action regarding Raul Caiz Sr. renewal application for boxing judge per Business and Professions Code section 18662.

Legal Counsel John Kinn explained that EO Foster has presented Mr. Caiz Sr.'s application for judge license renewal for Commission consideration. Commissioners asked for clarification if this is usually how applications are approved. Mr. Kinn explained that it is not, but that the EO has discretion to act on all applications and in this situation where there is a history between the parties, EO Foster felt it prudent to have the Commission review the application. Mr. Kinn also explained that if the Commission does not make a motion to approve, the applicant may take whatever action they feel is necessary to force the Commission to either approve or deny the application.

Commissioners questioned whether Mr. Caiz Sr. Would be in violation of item number 15 on the Officials Acknowledgment form submitted with the application, due to his previous history with the Commission. Chair Villegas asked for clarification on whether "the sport" would also include the Commission regulating the sport. Mr. Kinn cautioned against that interpretation and explained that the license is to be based the applicant's professional qualifications and the discipline on a licensed official to the extent that they are deemed to be dishonest or performing acts that are detrimental to the sport itself.

The Commission decided to allow public comment before they decide on a motion.

Ms. Martha Shen-Urquidez, former CSAC Commissioner, spoke on her experience with the Commission prior to Andy being selected as EO and explained how no one worked for or licensed by the Commission got along. Ms. Shen-Urquidez explained that after speaking to stakeholders, she thought the Commission would need to have better protocols, policies, and rules to enable the Commission to become more unified. She explained that this approach worked until 2018 when the Commission was served with a lawsuit alleging these officials were not being assigned and were being retaliated against, causing them loss of income and loss of prestige.

Mr. Ray Corona, Commission licensed referee, commented that during the tenure of Armando Garcia as Executive Officer, that Caiz Sr. And Caiz Jr. got all of the assignments. He added that people just kept their mouth shut about it during that time. Mr. Corona stated that now that EO Foster is sharing wealth, when it comes to assignments, that was when they decided to file a lawsuit on EO Foster and the Commission.

Mr. Mike Beltran, Commission licensed referee, explained that Mr. Caiz and his son have been treated fairly by EO Foster, and that EO Foster has treated everyone licensed by the commission equally. Mr. Beltran also stated that he does not like the fact that Mr. Caiz and his son brought a lawsuit against the Commission that painted EO Foster in a horrible light and implying that he is racist against Hispanics, while he, himself, is Hispanic.

Mr. Jack Reiss, Commission licensed judge, stated he was there because he had witnessed and been a recipient of a long-standing pattern of poor behavior by Raul Caiz Sr. Mr. Reiss added that Mr. Caiz had displayed hostility towards him, which started very early in his career. He stated the one of the things he did was to try and influence and evaluate him by getting something negatively documented on his official performance evaluation that would have caused him big trouble. He added that later in his career, he protested and criticized him to a sanctioning body, this action had him removed from a main event in China of which he then replaced me. He emphasized that this is a pattern of hostility towards himself and others which has continued for decades. Mr. Reiss stated that he believes that Mr. Caiz Sr.'s influence has repeatedly opened doors for Mr. Caiz Jr.

Mr. Raul Caiz Jr. stated that it was unfortunate that there seemed to be an orchestrated attack on his father. He also noted that there appears to be documents included with this agenda item that were not included in the agenda materials and that they did have the opportunity to review prior to the meeting.

Mr. John McCarthy, Commission licensed referee, stated that he wanted to make a few things clear; he wanted to make this clear that Mr. Caiz Sr. and Jr. need to apologize to the Commission and EO Foster for the fraudulent lawsuit. He added that at the events that California puts on, you see the camaraderie between the officials, the inspectors, the ringside physicians and everyone. He emphasized that was built by EO Foster and was put to the test by people like them. He stated that he was asking the Commission to understand that by putting them in the ability to be part of CSAC as licensed officials, is putting a cancer inside of this establishment.

Mr. Rogelio Chapa, CSAC licensed judge, asked if the Caiz's have made any attempt to pay the settlement that was ordered by the court and stated that he believes that should be a factor in the Commission's decision on whether to approve their licenses.

Mr Roy Engelbrecht, CSAC licensed promoter, explained that in his 35 years as a licensed promoter in California, there has not been an EO that has been fairer and had more integrity, than EO Foster.

Chair Villegas reiterated that the Commission's decision should not be based on personal animosity but strictly on their responsibilities as Commissioners. He asked the Commissioners if there was a motion to table the agenda item for more discussion or a motion to move forward.

Commissioner Dr. DeMars moved to table the agenda item for further discussion.

Commissioner Gruwell seconded the motion.

No further public comment.

Motion passed 5-0 by roll-call vote.

Agenda Item 11-Executive Officer's Report

The Executive Officer's report was submitted by EO Foster can be found in the meeting materials.

a. Budget Update for the Support Fund, the Neurological Fund, Pension Program and MMA Benefit Fund.

EO Foster informed the Commission that for fiscal year 2025-2026 the Commission deposited \$2,490,545.13 to the support fund, \$34,628.19 to the neurological fund, \$276,304.80 to the Boxers Pension Fund, and \$29,640.84 to the MMA Benefit Fund.

According to the Raymond James statement, the Pension Investment account has approximately \$5.079 million dollars as of May 29, 2026.

b. Update on the Specialty License Plate.

On May 6, the Commission was notified by the DMV that our Specialty License Plate application had been approved, allowing us to begin accepting pre-orders. The Commission now has until May 6, 2027, to secure 7,500 pre-orders. Staff have been promoting the plate through social media and by mailing informational materials to our licensees. Pre-orders can be made on the website <https://www.dca.ca.gov/cafighterplate/>

c. Update on AB 2130

EO Foster provided an update on Assembly Bill 2130, noting that the Commission's legislation this year passed unanimously through both policy committees but was ultimately held on suspense. While the bill did not move forward, several of its concepts and revenue generation tools were incorporated into the Commission and Governor's budget bill language, resulting in positive outcomes. EO Foster expressed appreciation to Assemblymember Matt Haney for his support and assistance throughout the process. He emphasized the importance of continued advocacy for athletes and reaffirmed the Commission's commitment to this cause. Although the bill was not enacted this year, EO Foster stated that efforts would persist.

d. Status Update of Delegated Entities

- California Amateur Mixed Martial Arts Organizations (CAMO)- J.T Steele: Mr. Steele has submitted CAMO's quarterly report which can be found in the meeting materials.
- USA Boxing (USA Boxing)- Mike McAtee: USA Boxing didn't submit a report, the report will be provided at the next Commission meeting.
- United States Fight League (USFL)-Joe Stevenson: Mr. Stevenson has submitted USFL's quarterly report which can be found in the meeting materials.
- International Kickboxing Federation (IKF)- Toni Fossum: Mrs. Fossum has submitted IKF's quarterly report which can be found in the meeting materials.
- World Association of Kickboxing Organizations (WAKO)- Thomas Henniger: Mr. Henniger has submitted WAKO's initial quarterly report which can be found in the meeting materials.

- International Sport Karate Association (ISKA)- Cory Schafer: Mr. Schafer has submitted ISKA's quarterly report which can be found in the meeting materials.

e. Upcoming Event Schedule.

Agenda Item 12-Public Comment on Items Not on the Agenda.

(The Commission may not discuss or take action on any matter raised during this public comment section, except to decide whether to place the matter on the agenda of a future meeting pursuant to Government Code sections 11125 and 11125.7(a))

Agenda Item 13-ADJOURNMENT

The meeting adjourned at 12:14 p.m.

AGENDA

ITEM #4

4. The Commission will meet in closed session as authorized by Government Code §11126, subdivision (e) (1) to confer with and receive advice from its legal counsel regarding pending litigation and exposure to litigation.

OPEN SESSION

5. ADJOURNMENT

Meeting adjourned at 1:51 P.M

AGENDA

ITEM #5

**Discussion and Possible Action Petition to
Change Decision for Ruben Eduardo Aguilar vs.
Tre' Sean Wiggins on July 18, 2026 in San
Bernardino**

MEMORANDUM

DATE	September 21, 2026
TO	Chairman Peter Villegas and Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #5- Discussion and Possible Action on Petition to Change Decision for Ruben Eduardo Aguilar vs. Tre' Sean Wiggins on July 18, 2026, in San Bernardino

BACKGROUND

On July 21, 2026, Julian Levitt submitted a petition to change decision request on behalf of boxer Ruben Aguilar. Around :35 seconds in the video, in round 1, Referee Gerard White begins to give verbal commands to the boxers to stop the action. At :38 seconds in the video, Referee White is stepping towards the boxers, while giving a verbal command to stop. At the same time as the command, Mr. Aguilar throws and lands right punch to Mr. Wiggins' face. This punch knocks Mr. Wiggins down. Referee White calls a timeout at :44 seconds in the video to assess Mr. Wiggins. Mr. Wiggins gets to his feet on shaky legs and is walked to the neutral corner by the referee so he can be looked at by the ringside physician. The physician determined that Mr. Wiggins could not continue and Referee White called a stop to the bout at 1:01 in round 1, awarding Mr. Wiggins the win by disqualification due to Mr. Aguilar hitting him on the break.

Mr. Levitt's petition alleges that Mr. Aguilar didn't hear the referees' commands to stop and that the referee should have stepped in to break the action. He further states that since no "proper break" was conducted by the referee, then there was no intentional foul of hitting on the break. The full petition is included in the materials for review; Mr. Levitt is requesting the Commission to rule this bout a no contest.

EO RECOMMENDATION

Based on the evidence, to me it appears that Mr. Aguilar may not have fully registered the referee's command to stop, as his punch was already in motion. The timing of the command and the punch suggest that the action was not an intentional foul, but rather a result of simultaneous movement and instruction. Therefore, I recommend that the result of the bout be changed to a no contest, recognizing the unusual circumstances and lack of clear intent.

It is important to emphasize that Referee Gerard White acted promptly and professionally throughout the incident. He gave clear verbal commands, moved toward the fighters, and took immediate steps to protect the health and safety of both competitors.

ADDITIONAL INFORMATION:

- Petition to Change Decision submitted by Julian Levitt
- Video of the bout: <https://www.youtube.com/watch?v=7VrdhjKRkpA>

PETITION FOR CHANGE OF DECISION UNDER 4 CCR § 368

This request is to be forwarded to the Commission office at 2005 Evergreen Street, Suite 2010, Sacramento, California 95815 or via email at csac@dca.ca.gov and must be received by the office within five (5) days of the decision per 4 CCR § 368¹. This form is recommended but optional. The only requirements are that the petition be in writing and timely delivered to the Commission.

Petitioner Name: Probox Promotions, Robert Garcia House of Champions

Petitioner Address: [REDACTED]

Telephone Number: [REDACTED]

Email Address: [REDACTED]

Date of Decision/ Bout: July 18, 2026

Bout Results: Loss - Disqualification

Manager Name: Not Applicable

Under which subsection(s) of 4 CCR § 368 are you requesting a change of decision (please check all that apply):

- ☐ (a) There was collusion affecting the result of the contest;
- ☐ (b) The compilation of the scorecard of the judges, and the referee when used as a judge, shows an error which would mean that the decision was given to the wrong boxer;
- ☒ (c) There was a violation of the laws or rules and regulations governing boxing which affected the result of the contest.

If requesting a change of decision under subsections (a) or (b), please explain in detail the facts showing you qualify for a change of decision under that section (attach additional sheets if necessary). Please also attach to this form any further factual support in support of your position.

¹ Note that 4 CCR 368, subd. (e), allows the Commission, on a vote of at least a majority of the commissioners present, to hold a hearing to change a decision at any time.

If requesting a change of decision under subsection (c), please answer the following questions and also attach to this form any further factual information in support of your position:

- What Laws, Rules or Regulations governing boxing were violated in your bout?

4 CCR §376(a), 4 CCR §345, and 4 CCR §338 were violated in the Ruben Eduardo Aguilar vs. Tre'Sean Wiggins match on July 18, 2026.

- How did the violation of those Laws, Rules or Regulations affect the result of your bout?

4 CCR §376(a) - A referee is charged with the "overall ability to direct and control the contest in a manner designed to ensure the protection of the participants and to obtain the contestants' compliance with the statutes and rules of the commission applicable to the particular contest. During the 1st round clinch, the referee did not discharge that duty. He never stepped between the fighters, made no attempt to physically separate or restrain them, and called for the break only verbally from a distance so great that Aguilar could not hear the command. 4 CCR §345 - The referee "shall have the power to stop a contest at any stage" and to control the action to protect the contestants from serious injury. The referee here neither stepped in to separate the fighters nor took any physical action to stop the exchange despite being the sold official empowered and required to do so. 4 CCR §338 - The disqualification under §338 authorizes disqualification only for an intentional foul: "Any boxer guilty of an intentional foul shall be penalized" points, and "If the injured boxer is unable to continue, the offending boxer shall be disqualified." Hitting on the break under 4 CCR §337(14) presupposes a break the referee actually administered by intervening and separating the fighters. Because no proper break was imposed, there was no intentional foul to support a disqualification.

Will you require the services of an interpreter at a hearing if one is scheduled? ☐ Yes* ☒ No

*If yes, please state what language: _____

Are you relying on any videos, photos or other multi-media in support of your position?

☒ Yes* ☐ No

*If yes, please attach and/or otherwise send videos/photos or other multi-media to the Commission along with this form.

No new videos/photos or multi-media [or other evidence] will be allowed, absent extraordinary circumstances, at the hearing unless it is submitted beforehand to the Commission.

PAGE 2 TO PETITION FOR CHANGE OF DECISION UNDER 4 CCR §368

- **How did the violation of those Laws, Rules or Regulations affect the result of your bout?**

CONTINUED:

The referee's failure to control the contest and administer the break is the direct and but-for cause of the disqualification. (1) The referee's error caused the punch – because the referee remained too far from the fighters to be heard and made no attempt to physically separate them, Aguilar never received an effective break command and continued the exchange while the action had not, in fact, been stopped. Had the referee stepped between the fighters and physically separated them as §376(a) and §345 require, the punch would have not been thrown, Wiggins would have not have been knocked down, and the ringside physician would have no occasion to stop the bout. (2) The referee's error caused the disqualification – The disqualification under §338 required a finding that Aguilar committed an intentional foul that left Wiggins unable to continue. The blow was **not an intentional foul**; it was the direct consequence of the referee's failure to effect the break. Removing the referee's rule violation from the sequence removes the injury and the disqualification with it.

The referee's failure to direct and control the bout produced both the injury and the resulting disqualification, causing a violation of the rules governing boxing that "affected the result of the any contest." 4 CCR §368. The Commission is therefore authorized to change the decision "as the commission may direct." Given that disqualification under §338 was not the correct disposition on these fact, the appropriate change is to a **No Contest**.

Other Additional Facts Supporting the No-Contest From The Video Evidence:

(1) Aguilar had just badly hurt Wiggins, prompting Wiggins to seek the clinch. Immediately before the sequence that stopped the bout, Aguilar hurt Wiggins badly in an exchange, so much so that the reaction in the arena was audible, with spectators calling out that Wiggins "was hurt." It was in this condition that Wiggins twice attempted to initiate a clinch to buy recovery time. Both times, Aguilar instantly threw him off and reasonably believed he had successfully defended the attempted holds.

(2) There was no clinch and no break to violate at the moment of the final punch. Each attempted clinch was so brief that it never rose to a hold requiring the referee to intervene and administer a break. Critically, at the moment Aguilar threw the punch that put Wiggins down, **both boxers' hands were completely free**. The exchange therefore was not even a "hitting on the break" foul under 4 CCR § 337(14)), because there was no clinch in progress and no break to hit off of. The single predicate on which the disqualification rested is absent from the video.

(3) Aguilar could neither hear nor see the referee's command. The ring's crowd microphones are amplified so that the sound of punches carries to the audience; what is captured on the broadcast when the referee says "stop" is not the volume a boxer perceives inside the ring over a roaring crowd. In the split second before the final punch, it is unlikely Aguilar could hear the referee at all, and he could not see him, as the referee was gesturing directly behind Aguilar, outside his field of vision. This reinforces that the punch was not a knowing violation of any command.

(4) Wiggins appears to have exaggerated or feigned injury to obtain a favorable stoppage. On the video, after the final punch, Wiggins appears to exaggerate its effect, throwing himself backward and bracing his own fall while presenting as badly hurt. Yet after he spoke with the ringside physician, he appeared fully lucid and animated, moving freely around the ring and apparently acting visibly upset only once he learned the bout would be ruled a disqualification in his favor. A fighter genuinely unable to continue from an injury not caused by a foul is entitled

PAGE 2 TO PETITION FOR CHANGE OF DECISION UNDER 4 CCR §368

to up to five minutes of recovery time before the bout must be called. 4 CCR § 340(b). Wiggins did not ask for or use that recovery period, which is conduct difficult to reconcile with a genuine inability to continue.

(5) Feigning injury or failing to compete honestly is itself a violation of the boxing rules. The CSAC rules do not tolerate a bout being decided by a faked or exaggerated fall. Where the referee determines that "the contestants are not honestly competing, that the knockdown is a "dive," or the foul a prearranged termination of the bout," the rule directs that he "shall not finish the knockdown count or disqualify for fouling or render a decision," but shall stop the bout and hold both purses pending investigation, with the announcer informing the audience "that no decision has been rendered." 4 CCR § 346. The rules likewise embody an overriding requirement that every contest "be conducted honestly and fairly" and treat a "sham or collusive contest" as a reportable violation. 4 CCR § 398. The conduct visible on the video, an exaggerated fall followed by a full recovery the moment a disqualification was announced, is precisely the kind of dishonest, result-manipulating behavior these rules exist to prevent.

(6) The Commission should not reward this conduct. Feigning injury and effectively "throwing" the competitive outcome have real and lasting consequences for a fighter's record and career and have no legitimate place in the sport. In an abundance of caution, and to avoid rewarding conduct that at least appears designed to manufacture a disqualification victory, the decision should, at a minimum, be changed to a **No Contest**.

- **Supporting Video Evidence**

Petitioner relies on video of the incident, a portion of which is attached hereto as a DropBox Link for the Commission and shows the referee's positioning, his distance from the fighters, and the absence of any physical separation during the brief clinches and breaks.

<https://www.dropbox.com/scl/fo/4ziqnx9ysu91jxh21wt26/AAaB2wLRARTThdKnpohWYg?rlkey=hafdkmlmf07jqinxuya6t8nch&st=76plrnd5&e=1&dl=0>

In addition, the entire bout can be found at:

https://www.youtube.com/live/CcgaSqNDsDM?si=f5Jq_CtchZ8TXVna

The Time Stamp is from 2:36:19 – 2:47:23

This additional video footage shows the post-disqualification conduct of Wiggins.

CSAC,

I want to take a few moments to thank CSAC for giving me an opportunity to respond to the petition to change the decision of a Disqualification to a No Decision in the fight between Aguilar and Wiggings, on July 18th, 2026 in San Bernardino California.

My intention was to slow the pace of the fight by asking the fighters to stop because Mr Wiggings was clinching and making unorthodox movements. At the time in question Mr Wiggings clinched, Mr Aguilar spun Mr Wiggings and during the passion of the event he may not have seen my motivation to come to a stop and due to the noise level, possibly did not hear the command to stop. Mr Wiggings came out of the clinch with his hands down and was hit with a blow.

Unfortunately people make mistakes and given the opportunity, I would have done a few things a little differently. I would have touched Mr Aguilar while attempting to get him to respond to the command. I would have requested that the Doctor use the entire of the 5 minutes to render a decision, because Mr Wiggings could stand without assistance, was conscious at all time and gave a look of surprises, while on the canvas. Mr Wiggings even made a statement to the offense, while on the canvas.

But at the end of the day, it my responsibility and I could have done a few things differently.

If CSAC makes the decision to modify the decision, I am behind CSAC, 100%.

Gerard White

AGENDA

ITEM #6

Review, Discussion, and Possible Action regarding request to waive the requirement that annual physicals for USA Boxing be completed by a licensed M.D. or D.O. and allow annual physicals to be completed by a licensed Physician Assistant or Nurse Practitioner pursuant to Business and Professions Code, chapter 2, article 3, section 18646.

MEMORANDUM

DATE	September 21, 2026
TO	Chairman Peter Villegas and Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #6- Review, Discussion, and Possible Action regarding request to waive the requirement that annual physicals for USA Boxing be completed by a licensed M.D. or D.O. and allow annual physicals to be completed by a licensed Physician Assistant or Nurse Practitioner pursuant to Business and Professions Code, chapter 2, article 3, section 18646.

BACKGROUND

USA Boxing Rules mandate that all athletes competing in California must have an annual physical examination performed by a medical professional. Currently, USA Boxing follows professional rules requiring annual physical examinations to be performed by a physician licensed by the Medical Board of California (M.D.) or the Osteopathic Medical Board of California (D.O.). At this time, USA Boxing is seeking a rule waiver and clarification that the mandatory annual sports physicals for its amateur athletes may also be performed by a licensed Physician Assistant (PA) or a licensed Nurse Practitioner (NP), consistent with practices in other states.

On the day of competition, USA Boxing requires that all athletes undergo a pre-bout medical check conducted by the ringside physician during weigh-ins. After each bout, the athletes are seen again by the ringside physician for a post-bout evaluation. Additionally, USA Boxing enforces a rule that all competitors must wear headgear during matches to enhance safety.

Business and Professions Code 18646 states:

- (a) This chapter applies to all amateur boxing, wrestling, and full contact martial arts contests.
- (b) The commission may, however, authorize one or more nonprofit boxing, wrestling, or martial arts clubs, organizations, or sanctioning bodies, upon approval of its bylaws, to administer its rules for amateur boxing, wrestling, and full contact martial arts contests, and may, therefore, waive direct commission application of laws and rules, including

licensure, subject to the commission's affirmative finding that the standards and enforcement of similar rules by a club, organization, or sanctioning body meet or exceed the safety and fairness standards of the commission. The commission shall review the performance of any such club, organization, or sanctioning body annually.

(c) Every contest subject to this section shall be preceded by a physical examination, specified by the commission, of every contestant. A physician and surgeon shall be in attendance at the contest. There shall be a medical insurance program satisfactory to the commission provided by an amateur club, organization, or sanctioning body in effect covering all contestants. The commission shall review compliance with these requirements.

(d) Any club, organization, or sanctioning body that conducts, holds, or gives amateur contests pursuant to this section, which collects money for the event, shall furnish a written financial report of receipts and disbursements within 90 days of the event.

(e) The commission has the right to have present without charge or restriction such representatives as are necessary to obtain compliance with this section.

(f) The commission may require any additional notices and reports it deems necessary to enforce the provisions of this section.

(g) The commission, at its discretion, may rescind previously approved authorization of a nonprofit boxing, wrestling, or martial arts club, organization, or sanctioning body to administer its rules for amateur boxing, wrestling, and full contact martial arts contests.

California Code of Regulations chapter 3, § 601 states:

§ 601. Professional Boxing Rules Apply. The rules of the commission pertaining to professional boxing shall apply to amateur boxing unless the club or organization obtains a law and rule waiver under Section 18646 of the code or the professional boxing rules are inconsistent with these Amateur Boxing Regulations or the provisions of the Boxing Act pertaining to amateur boxing.

RECOMMENDATION

Given the safety standards and procedures established by USA Boxing, I am recommending that a waiver be granted to permit the acceptance of annual physical examinations performed by a licensed Physician Assistant or Nurse Practitioner. This recommendation is based on the confidence that USA Boxing's existing protocols ensure the health and safety of all participants.

PREPARTICIPATION PHYSICAL EVALUATION HISTORY FORM (Page 1 of 3)

(Note: This form is to be filled out by the patient and parent prior to seeing the physician. The physician should keep this form in the chart.)

Medicines and Allergies: Please list all of the prescription and over-the-counter medicines and supplements (herbal and nutritional) that you are currently taking

Do you have any allergies? ☐ Yes ☐ No If yes, please identify specific allergy below.

☐ Medicines ☐ Pollens ☐ Food ☐ Stinging insects

Explain "Yes" answers below. Circle questions you don't know the answers to.

GENERAL QUESTIONS	Yes	No	MEDICAL QUESTIONS	Yes	No
1. Has a doctor ever denied or restricted your participation in sports for any reason?			26. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
2. Do you have any ongoing medical conditions? If so, please identify below: ☐ Asthma ☐ Anemia ☐ Diabetes ☐ Infections Other: _____			27. Have you ever used an inhaler or taken asthma medicine?		
3. Have you ever spent the night in the hospital?			28. Is there anyone in your family who has asthma?		
4. Have you ever had surgery?			29. Were you born without or are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
HEART HEALTH QUESTIONS ABOUT YOU	Yes	No	30. Do you have groin pain or a painful bulge or hernia in the groin area?		
5. Have you ever passed out or nearly passed out DURING or AFTER exercise?			31. Have you had infectious mononucleosis (mono) within the last month?		
6. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?			32. Do you have any rashes, pressure sores, or other skin problems?		
7. Does your heart ever race or skip beats (irregular beats) during exercise?			33. Have you had a herpes or MRSA skin infection?		
8. Has a doctor ever told you that you have any heart problems? If so, check all that apply: ☐ High blood pressure ☐ A heart murmur ☐ High cholesterol ☐ A heart infection ☐ Kawasaki disease Other: _____			34. Have you ever had a head injury or concussion?		
9. Has a doctor ever ordered a test for your heart? (For example, ECG/EKG, echocardiogram)			35. Have you ever had a hit or blow to the head that caused confusion, prolonged headache, or memory problems?		
10. Do you get lightheaded or feel more short of breath than expected during exercise?			36. Do you have a history of seizure disorder?		
11. Have you ever had an unexplained seizure?			37. Do you have headaches with exercise?		
12. Do you get more tired or short of breath more quickly than your friends during exercise?			38. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY	Yes	No	39. Have you ever been unable to move your arms or legs after being hit or falling?		
13. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 50 (including drowning, unexplained car accident, or sudden infant death syndrome)?			40. Have you ever become ill while exercising in the heat?		
14. Does anyone in your family have hypertrophic cardiomyopathy, Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy, long QT syndrome, short QT syndrome, Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia?			41. Do you get frequent muscle cramps when exercising?		
15. Does anyone in your family have a heart problem, pacemaker, or implanted defibrillator?			42. Do you or someone in your family have sickle cell trait or disease?		
16. Has anyone in your family had unexplained fainting, unexplained seizures, or near drowning?			43. Have you had any problems with your eyes or vision?		
BONE AND JOINT QUESTIONS	Yes	No	44. Have you had any eye injuries?		
17. Have you ever had an injury to a bone, muscle, ligament, or tendon that caused you to miss a practice or a game?			45. Do you wear glasses or contact lenses?		
18. Have you ever had any broken or fractured bones or dislocated joints?			46. Do you wear protective eyewear, such as goggles or a face shield?		
19. Have you ever had an injury that required x-rays, MRI, CT scan, injections, therapy, a brace, a cast, or crutches?			47. Do you worry about your weight?		
20. Have you ever had a stress fracture?			48. Are you trying to or has anyone recommended that you gain or lose weight?		
21. Have you ever been told that you have or have you had an x-ray for neck instability or atlantoaxial instability? (Down syndrome or dwarfism)			49. Are you on a special diet or do you avoid certain types of foods?		
22. Do you regularly use a brace, orthotics, or other assistive device?			50. Have you ever had an eating disorder?		
23. Do you have a bone, muscle, or joint injury that bothers you?			51. Do you have any concerns that you would like to discuss with a doctor?		
24. Do any of your joints become painful, swollen, feel warm, or look red?			FEMALES ONLY		
			52. Have you ever had a menstrual period?		
			53. How old were you when you had your first menstrual period?		
			54. How many periods have you had in the last 12 months?		

Explain "yes" answers here

USA BOXING

INTRODUCTION

We want to thank you for volunteering your time to work as a ringside physician for one or more of our sanctioned boxing events. USA Boxing is a member-based organization, run by volunteers at the grassroots level throughout the United States. Without our volunteers, we could not do what we do. Having a doctor at our shows is a critical and mandatory component, so we are very appreciative of you!

Please wear your physician's badge when you are working the boxing event. It not only allows everyone to identify you as the ringside physician; it also contains your USA Boxing membership card to show that you are registered.

Again, thank you for volunteering as a ringside physician!

Feel free to call the membership department with any questions you may have. 719-866-2323.

For more information, please access the Physician's page on our website:

<https://www.usaboxing.org/ringside-physician-resources>

1 USA Boxing Ringside Physician Membership

- 1.1 At all USAB sanctioned competitions a ringside physician must be present at ringside, at least one per ring. Their task is to assist the referee in deciding whether a boxer is fit to continue and to provide an initial evaluation and first aid if a boxer sustains a serious injury or loses consciousness. The doctor may stop (suspend) or terminate the bout.
- 1.2 All ringside physicians must be licensed Medical Doctors (MD) or licensed Doctors of Osteopathy (DO).
- 1.3 All ringside physicians must be registered with USAB and must pass the background checks required by USAB. They must also pass the USOPC background check when it is required, such as when an event takes place at any of the USOPC training facilities. Ringside physicians must complete SafeSport training each year upon membership registration or renewal.
- 1.4 At the USAB National Championships Certified Ringside Physicians act as the ringside physicians. Being a Certified Ringside Physician also allows certified physicians to act as ringside physicians at other national level competitions. Certified Ringside physicians also are accredited to travel with the various USAB teams when they travel within the USA and overseas to training camps and competitions. A certified doctor is assigned to all of these trips except the Olympics and the Pan-American Games for which the U.S. Olympic & Paralympic Committee (USOPC) is responsible for medical care.
- 1.5 Medical Doctors and Doctors of Osteopathy desiring to participate at the national and international levels of training and competition are encouraged to review **Appendix A: USA Boxing High Performance Medical Staff Qualifications**. This document outlines the requirements for participating as medical staff at the highest levels of training and competition.
- 1.6 Ringside Physicians are responsible for performing Pre-Bout Physical Examinations and Post-Bout Physical Examinations as well as providing attendance, triage and first aid at ringside. Any licensed MD or licensed DO may do the Initial Medical Certificate (History and Physical Examination) and Annual History & Physical examinations.

2 Disqualifying Conditions

- 2.1 The examining physician at the Initial Medical Certification or any subsequent Annual Exam or a designated ringside doctor at any sanctioned event may declare a boxer unfit to box for any condition which would endanger that boxer, his opponent or the officials.
- 2.2 The most important consideration for all of us in this sport is the safety of the boxer. It is our goal as doctors, however, to allow as many candidates as possible to compete in boxing as their health and disabilities allow. The disqualifications listed in previous documents were intentionally left quite open to allow each individual to be judged on his/her own merits. Conditions specifically noted below are considered virtually absolute. Other abnormalities are to be judged according to each individual's capabilities. Questions and requests for review may be referred to the Medical Advisory Board by calling the USA Boxing national office (or directly to the Medical

Advisory Board, if needed).

- 2.3 USAB Medical Guidelines for disqualifying conditions are "evidence of or disclosed history of the following conditions in an initial, annual or pre-bout medical examination:"
- 2.3.1 Acute and chronic infections including those conditions, but not limited to fever, chest infection, intestinal infection with potential dehydration/malabsorption, hepatitis, open infected skin lesions (including H. Simplex, MRSA, impetigo, untreated fungal infections, etc.), and mononucleosis within the past month, etc.
 - 2.3.2 Severe blood dyscrasias and clotting disorders which include therapeutic anticoagulation
 - 2.3.3 Sickle cell disease
 - 2.3.4 History of HIV infection or Hepatitis B, Hepatitis C (individuals having completed Hep C Vaccination program may participate)
 - 2.3.5 Refractive (Lasik) and intraocular surgery, cataract, retinal detachment (Master's boxers may participate if they have completed "Release to participate with Lasik" form) Note: Photorefractive keratectomy or PRK laser eye surgery is NOT a disqualifying condition.
 - 2.3.6 Myopia of more than ---3.50 diopters in one or both eyes
 - 2.3.7 Recorded visual acuity in one or both eyes of: uncorrected worse than 20/200; corrected worse than 20/60
 - 2.3.8 Significant congenital or acquired cardiovascular and pulmonary abnormalities including, but not limited to, severe COPD, uncontrolled asthma with potential for hypoxemia, pulmonary hypertension, severe aortic or pulmonary stenosis, myocarditis or pericarditis, recent embolic disease, 3rd degree heart block, atrial or ventricular tachycardia, coarctation of the aorta, unclosed significant patent ductus arteriosus, aortic aneurysm and any of these conditions that have undergone corrective surgery or ablation unless specifically released by a cardiothoracic physician to return to contact/combat sports. Resting BP over 160/100 is considered uncontrolled and a disqualification. Any boxer with persistent BP over 140/90 should be recommended for follow-up with their own personal physician.
 - 2.3.9 Significant congenital or acquired musculoskeletal deficiencies including, but not limited to, spinal fractures, spondylolysis, atlantoaxial instability, and the following conditions if they inhibit the boxer's defense, balance or ability to use the authorized headgear/gloves: loss of thumb or great toe, unstable/subluxing joints

- 2.3.10 Unresolved post-concussion symptoms, which will need clearance from a qualified licensed physician
- 2.3.11 Significant neuropsychiatric disturbances or drug abuse
- 2.3.12 Significant congenital or acquired intracranial mass lesions or bleeding, (benign smaller CNS lesions require the clearance by a neurologist or neurosurgeon regarding participation in a contact/combat sport), history of craniotomy, cerebral palsy or hypoxic brain injuries, significant neuropathies which affect balance, sensation, and ability to provide adequate defense
- 2.3.13 Currently taking seizure medication
- 2.3.14 Any seizure activity within the last 3 years (not on medication)
- 2.3.15 Hepatomegaly, splenomegaly, ascites
- 2.3.16 Pregnancy
- 2.3.17 Uncontrolled diabetes mellitus or uncontrolled thyroid disease
- 2.3.18 Any implantable device which can alter any physiologic process or enhance performance

2.4 Conditions that are not disqualifying to box:

- 2.4.1 Deafness (but referee/judges must be made aware and the referee may tap the deaf boxer on the shoulder, if necessary, to signal "break" or "stop.")
- 2.4.2 Boxers with dental braces or other orthodontic appliances as long as there is a Release to Box with Braces or Orthodontic Appliances form attached to the boxer's passbook. Note that this includes the newer permanent retainers in use.
- 2.4.3 Boxers with non-incarcerated hernias or absence of one testicle or an undescended testicle may participate as long as a protective cup is in use at all times (competition and training).
- 2.4.4 Boxers with breast implants may participate as long as there is a Release to Box with Breast Implants form attached to the passbook.
- 2.4.5 There may be qualifying standards regarding Transgender Participation as outlined by the IOC (International Olympic Committee)
- 2.4.6 Photorefractive keratectomy or PRK laser eye surgery

3 Medical Examinations

"Medical Examinations or Exams," wherever mentioned in the Handbook, include a Relevant History and Physical Examination as outlined below.

3.1 All USA Boxing Boxers are required to have annual medical examinations. This may also be called the Medical Certificate. This is to be repeated annually according to the date.

3.2 Initial Medical History and Physical Examination

3.2.1 Current Personal History: Comment on the current state of health with notable abnormalities. State current medications and allergies and note status of immunizations

3.2.2 Past Medical History: Note any previous injuries whether in boxing or outside of boxing. Especially note suspension periods for head injuries (these should be found as well in the Athlete Passbook). List previous operations, hospitalizations, previously diagnosed medical issues and their treatments, etc.

3.2.3 Review of Systems: Run through this to find any symptoms of abnormalities not already noted.

3.2.4 Complete Clinical Exam to include:

- Vital signs and height and weight, general appearance- looking for deformities, general well-being, signs of Marfan's syndrome.
- Eyes - pupillary size, shape, reactivity; include fundoscopic exam and test of acuity such as the Snellen eye chart.
- Ears, Nose and Throat - including otoscopic exam.
- Cardiovascular Exam - attention should be paid to any cardiac abnormalities, especially tachycardia, dysrhythmia, murmurs, rubs or cardiac enlargement.
- Respiratory system - looking for signs of acute or chronic infection or dyspnea.
- Back and Chest - looking for deformities, tenderness, scars.
- Abdomen - looking for hernias, masses, organ enlargement.
- Genito-urinary system - a formal exam is generally not required in females. In a doctor's office further evaluation is appropriate for hernia or other abnormalities such as undescended testicle or masses in males. Although a unilateral testis is not disqualifying in itself; it should prompt discussion; the same is true for one kidney or for breast implants.
- Musculoskeletal system - looking for congenital or acquired deformities, range of motion, joint stiffness or laxity, signs of inflammation.
- Neurological Examination - includes exam of the cranial nerves, as well as evaluation for tremors, locomotor impairment, dysarthria, gait /balance/posture disorders and reflexes.
- Evaluation of mental/cognitive status by observation or testing as well as observation for review of possible psychiatric disorders.

3.2.5 If the history or physical examination suggests the presence of a disqualifying condition or other problem that requires further evaluation for diagnosis, the doctor shall require the boxer to undergo the appropriate

testing and/or referral. These could include, but are not limited to, blood work, EKG or stress EKG, X-Rays, CT, MRI, ophthalmologic referral, etc. The consult notes and any test results shall be documented in the Athlete Passbook.

- 3.2.6 We encourage the initial examining physician, as well as examiners at pre-bout physicals, to advise the boxer to compete only when they are in good condition and have been training in order to reduce the risk of injuries, and not to compete or train with an illness that is below the neck, i.e., fever, chest congestion, diarrhea. Athletes with simple head colds can safely train. Always have injuries treated. Compete in a weight class which corresponds to their natural weight, since forced weight loss can damage the health and reduce physical performance. Always be honest with the doctor and report any injuries, including head injuries sustained out of competition. Always abide by the rules and recommendations laid down to safeguard boxer health.

3.3 Annual Medical Examination

- 3.3.1 This is the same history and physical examination as noted in 3.4 and uses the form found in USA Boxing Rulebook, Appendix G.
- 3.3.2 Be sure to update the past medical history, family history and review of systems with special attention to any medical suspensions.
- 3.3.3 Update medications, allergies, and immunizations.
- 3.3.4 If there are any new findings that require further testing, evaluation, or referral, these are to be attended to at this time.

3.4 USAB sanctioned event Pre-competition Medical History and Physical Examination (H & P exam)

- 3.4.1 The Ringside doctor doing the pre-bout exams should check the Athlete Passbook for previous injuries and suspensions and ask the boxer as well.
- 3.4.2 The Athlete Passbook, in addition to noting previous injuries, can give hints as to the boxer's ability level so that attention to potential mismatches can be given.
- 3.4.3 The object of the pre-competition exam is to be sure the boxer is fully capable of boxing that day and also serves as an opportunity to avoid injuries. This is recorded in the Athlete Passbook on the line for that day's weigh-in.
- 3.4.4 Boxer should, in addition to the above, be questioned about any extraordinary head blows, blackouts, and concussions, and be free of any post-concussion symptoms and have a normal neurological survey, etc.
- 3.4.5 Boxer should not be ill with a febrile illness.

3.4.6 Medications should be discussed regarding potential doping violations.

3.4.7 Elements of the Pre-bout Physical Exam should include:

- Vital signs
- Exam of the head, eyes, ears, nose, and throat for injuries with simultaneous attention to cranial nerve function
- Examination of the neck for motion and tenderness
- Check symmetry and tone of paracervical, shoulder, biceps, triceps, forearm muscles, interosseous and grip muscles.
- Check the cervical nerves and coordination.
- Examine the elbow, wrist, and metacarpal joints. Have the boxer make a fist and palpate for possible metacarpal fractures or tendon injuries. Have the boxer open the fist and recheck motion and for deformities or tenderness.
- Do a heart and lung exam.
- Check for pain with rib compression.
- Perform the abdominal exam looking for organomegaly, masses or tenderness.
- A demonstration of heel and toe walking and tandem walking checks for lower extremity strength, balance and lumbar/sacral nerve function as does squatting.

3.4.8 Each physician can develop his or her own particular routine as long as it covers the same basic functions and can be done quickly and comfortably. Also see 4.1.4 below

4 Responsibilities and Duties of the Ringside Doctor

4.1 Pre-Competition

- 4.1.1 It is recommended that the doctor familiarize themselves with the hospital to which injured boxers will be transported.
- 4.1.2 Boxers with head injuries should be transported to a facility with neurosurgery.
- 4.1.3 The Head Ringside Doctor inspects the venue including:
- Medical Equipment available for ringside use to include:
 - Oxygen (mandatory including tubing and delivery devices)
 - Stretcher/backboard when EMT on site
 - Rigid cervical collar when EMT on site
 - Treatment Area. Sufficient area to examine and treat boxers who would not be transported to a medical facility
 - Planned Staffing

- A minimum of one doctor (MD or DO) per ring shall be provided by the organizer.
 - Ambulance service with paramedics or EMTs will be provided on site by the organizer for the USAB National Events, the PAL National Tournament and the Golden Gloves National Tournament.
 - It is recommended that in addition to mandatory O2, an EMT, stretcher and rigid cervical collar be available at all other regional and local events. However, only oxygen is mandatory at these events.
 - First responders, such as fire departments, without the ability to transport, are only acceptable at smaller local shows to help manage an available stretcher/backboard and cervical collar while awaiting ambulance transport.
- The Evacuation Route to the Ambulance
 - There should be no stairs or elevators between the ring and the ambulance. If this is physically impossible, the ambulance crew must know about this in advance. No obstructions that would prevent stretcher, physician, or other emergency personnel to reach the boxer. This includes spectators.
 - No obstruction that would prevent stretcher, EMTs or physician from moving boxer to ambulance.
 - Security should be instructed to provide crowd control and secure the evacuation route in case of emergency evacuation, including calling elevators when needed.
- Placement of the Emergency Medical Support Personnel/Field of Play for the tournament
 - Lead EMT must have clear view of the ring so the EMT Team can be summoned by hand signal in case of emergency evacuation.
 - The Head Ringside Doctor should meet with the EMT team prior to the start of the first bout to be certain of their placement on the field of play and establish what signal would be given when they are needed to come to evacuate a boxer and/or transfer the boxer.

4.1.4 Pre-Competition H & P Examinations

This refers to the H & P examination done before each tournament, as well as the examinations that take place each day in a continuing competition. Some major competitions also have a General Weigh-in with this same exam before the competition starts.

- All changes from previous examinations should be recorded. The boxer is quizzed as to any new signs or symptoms. The examining physician recommends fitness to box in the Boxer's Passbook. The examining physician will sign each boxer's Passbook certifying that the athlete is fit to box.
- A physician may declare a boxer unfit to box.

- On the first day of national and regional tournaments, the referees and judges are also examined. This is recommended at the local tournaments as well. Recommendation: All referees should receive an annual physical (like the athlete sports physical) from their personal physician.
- The USAB ringside doctor examining each referee and judge will certify in the R/J's passbook that they are fit to officiate.
- R/J's with disqualifying conditions as specified in the Medical Handbook will be reported to the Head Official as unfit to serve at the bout or tournament and the reason for disqualification clearly stated.
- Once an official has been declared unfit and disqualified by the doctor, the doctor will notate this in the Official's Passbook, and the official with his book is taken to the responsible Head Official.

4.2 During the Competition

- 4.2.1 The Ringside Doctor provides an initial evaluation of injured boxers.
- 4.2.2 The Ringside Doctor administers first aid if a boxer sustains a serious injury or loses consciousness until the boxer can be turned over to the emergency medical treatment team provided by the organizer.
- 4.2.3 Suggested items for Ringside Doctors:
 - Penlight
 - Gauze
 - Clean disposable gloves
 - Airways
 - Sanitizer
 - Blood pressure cuff
 - Stethoscope
 - Tongue depressors
 - Adhesive tape
 - Ophthalmoscope
 - Otoscope
- 4.2.4 Guidelines for entering the ring
 - The physician will enter the ring when the referee requests the physician's evaluation of and/or aid for a dropped boxer or serious injury.
 - The physician should enter the ring for a seriously injured "down boxer" even without being called.
 - Only the physician and referee will be in the ring with the injured boxer unless the physician requests assistance from another ringside doctor or other personnel.
 - Physicians may, at their own discretion, between rounds indicate to the referee that they want to examine a boxer. The referee will then signal "start-stop" at the beginning of the next round and the boxer will be escorted to ringside for the physician's evaluation.

- If there is a risk of physical injury, the ringside doctor may stop or terminate the bout. This decision shall take precedence over all other considerations.
- Physician entering the ring:
 - Enter quickly, but calmly and with authority. Remember, everyone else in the ring is not sophisticated medically and tends to become overly excited.
 - When entering the ring, take at least clean gauze pads and a penlight.
 - Corner personnel and other persons are not allowed in the ring under these circumstances unless requested by the doctor.
- For "down boxers":
 - Exercise cervical precautions.
 - Make sure the boxer has an adequate airway.
 - If reasonably possible, remove the mouthpiece.
 - Assess breathing.
 - Watch for vomiting or aspiration.
 - Keep the boxer down until fully reactive, then permit boxer to sit up.
 - When stable, the boxer may be escorted to the corner.
- For boxers who need to be transported to the hospital:
 - Signal the Emergency Personnel on site or call for an ambulance as soon as possible. Consider oxygen if appropriate.
 - If boxer is down because of head injury or other injury, do not try to remove boxer from the ring yourself. Signal/call for the EMT's and their stretcher/backboard and their rigid cervical collar and let them take over the transfer. That is what they are trained to do.
 - If there is another doctor who is free, the next bout may begin in the empty ring.
- Communicate with a responsible person receiving the boxer at the Emergency Room to pass on information.
- If the boxer is being transferred by a different means, communicate with them by phone or written instructions. Be sure boxer is accompanied by family or another reliable person.

4.3 Post Bout Examination (also see 5.5 below)

- 4.3.1 The Post Bout exam is done immediately after the bout finishes. It is most often done at ringside in the United States.
- 4.3.2 If an appropriate room is provided and there are enough doctors present to maintain ring coverage, the exam and any subsequent observation may be done there.
- 4.3.3 If necessary, additional observation may be done at the ringside. It is suggested that the boxer be kept with the doctor rather than asked to return for further checks.
- 4.3.4 The post bout exam is meant to find and evaluate any injuries occurring during the bout.

- 4.3.5 As the status of the hands is not immediately apparent during the bout, it is recommended that an exam of the wrist, hand and fingers be done with the gloves removed.
- 4.3.6 A focused exam should be done of any areas that were noted during the bout to have possibly been affected or which the boxer complains about. Head injuries require an extended evaluation and may well require repeat exams and a longer period of evaluation.

5 Tips for the Ringside Physician

5.1 When entering the ring, take clean gauze pads and a penlight, but have airways, emergency medical technical support and resuscitation equipment readily available.

5.2 For the "down boxer" regaining consciousness.

- 5.2.1 Make sure the boxer has an adequate airway. If reasonably possible, remove the mouthpiece.
- 5.2.2 Watch for vomiting or aspiration.
- 5.2.3 Insist that the boxer lie down until fully reactive, then permit boxer to sit up.
- 5.2.4 When stable, boxer may be escorted to the corner with assistance.
- 5.2.5 When recovery permits, follow the steps mentioned elsewhere in this document to evaluate the boxer's neurological status. As soon as possible, the neurological evaluation is done to establish a baseline for further reference because the boxer will require observation.
- 5.2.6 If rapid recovery is not as expected, expedite transfer via stretcher and ambulance to the prearranged referral hospital.
- 5.2.7 If recovery progresses satisfactorily, without evidence to suspect a progressive intracranial process, the boxer is released to the care of his coach, family, or other responsible adults. This individual should be given a head injury instructions sheet, such as the last page of the Restriction Notification. Additional pertinent information should be provided to facilitate continued observation and to assure proper follow-up care.

5.3 Nosebleeds

- 5.3.1 The initial evaluation should determine the presence of a fracture. Gentle handling of a nosebleed is necessary so as not to further aggravate or compound a fracture.
- 5.3.2 If no fracture is felt, the physician must then evaluate the character of the bleeding (i.e. venous vs. brisk arterial gushing). Bouts are stopped for arterial bleeding (rare in this situation).

- 5.3.3 Determination of posterior bleeding should also be done by tongue depression and pen light observation. If there are clots in the posterior pharynx or the boxer is spitting clots, the bout should be stopped.
- 5.3.4 Massive venous bleeding may be cause to stop a bout.
- 5.3.5 Nosebleeds should only stop bouts for medical reasons. Most nosebleeds will stop on their own or with external pressure. A messy nosebleed is not necessarily a serious nosebleed.
- 5.3.6 The doctor may also stop the bout if the boxer does not want to continue.

5.4 Evaluation of Concussion

- 5.4.1 A boxer temporarily stunned or knocked down and unconscious is a stricken boxer and a medical emergency. This indicates that a concussion has occurred. A concussion is a temporarily altered state of motor hypotonus, helplessness and disturbed consciousness. This includes any one or more of the following:
- Disorientation
 - Memory deficit - antegrade and retrograde amnesia
 - Altered or slow speech
 - Difficulty processing new information
 - Impaired motor function - slow, uncoordinated
- 5.4.2 The following questions are helpful for evaluating the mental status of a boxer whose ability to protect himself is questioned (i.e. in the corner or when brought to ringside by referee):
- What is your name?
 - Where are you?
 - What day and year is it?
 - What is your opponent's name? What round is it?
 - Ask the boxer to repeat three words after 5 minutes.
 - Note speech - altered, slow or repetitive?
- 5.4.3 Observe the eyes
- Pupils equal, round, reactive?
 - Is there spontaneous nystagmus? The presence of spontaneous horizontal nystagmus indicates that the boxer is very vulnerable and should not be permitted to continue.
 - Look for facial weakness, hemiparesis, or other focal signs.
- 5.4.4 The match should be stopped for any of the following. If the boxer:
- Was clearly stunned
 - Was unconscious
 - Fails to answer the questions correctly
 - Fails to perform the motor tests
 - Shows any abnormal focal signs

- 5.4.5 Much appraisal is subjective, but the conscientious application of these guidelines will produce decisions that minimize injury and protect the injured boxer.

5.5 The Post-Bout Examination

- 5.5.1 Each boxer must be examined after the bout. Ideally there should be an examination area some distance away from the ring on the way to the locker room where the boxer can be stopped and briefly examined for mental status, head, neck, or extremity injury. This can be done rapidly by asking questions as to mental orientation and status while a quick survey of head, face, neck, and upper extremities is made.
- 5.5.2 A focused exam is performed of any area suspected of possible injury that may have been noted during the bout.
- 5.5.3 In the rare circumstance when there are no physicians to help and there are two physicians at ringside, one should be designated to do the exams while the other remains at ringside. The task may be alternated at the Head Ringside Doctor's discretion.
- If only one physician is at ringside, he/she should do the exams expeditiously and return to ringside as soon as possible so that the boxing may resume.
 - Alternatively, the exam may be done at ringside. However, the next bout may not start until the doctor is ready.
 - The boxer's safety is always the primary concern.

6 Boxing Injuries

6.1 See section 5.3 for Nosebleeds.

6.2 See sections 5.2 and 5.4 for Head Injuries.

6.3 Eyes. Serious eye injuries are very rare. Corneal abrasions, tearing of the iris and dislocation of the lens may occur. Some cases of retinal detachment have been observed. In the case of an eye injury, the bout must be stopped, and the boxer referred to an ophthalmologist or other appropriate provider.

6.4 Abrasions. Such injuries often occur to the face and skull and elsewhere. Bleeding should be halted by pressure, then cleaned and a local antiseptic applied.

6.5 Lacerations. Medical suspension should be sufficiently long to insure proper healing.

6.6 Hematomas. The "black eye," as it is commonly known, rarely requires treatment, but cold applications and light compression limit the extravasation of blood.

6.7 Hematoma of the Auricle. This injury requires prompt incision and a pressure bandage with the application of topical antibiotics. This should be done by someone familiar with the procedure and appropriate follow-up arranged. This is a true ENT emergency to avoid cartilage breakdown. (If seen late, prompt referral to a specialist is a good idea.)

- 6.8 Nose. Fractures of the nasal bones are rare. Reduction at an early stage is indicated and a suspension of three months should be imposed. The procedure may be done after the boxer has returned home and the swelling has subsided.
- 6.9 Septal Hematoma of the Nose. This should be drained on an emergency basis to prevent formation of a hole in the septum later. When the nose is packed, antibiotics and decongestants are used. This should be done by someone familiar with the procedure but is not usually difficult.
- 6.10 Jaw. Fractures of the jaw are also rare. The symptoms are pain, tenderness, trismus, and speech difficulties. The patient should be referred for repair. A six-month suspension is usual.
- 6.11 Hands. The most common fractures are those of the first metacarpal. They are primarily caused by a poor punching technique, where the thumb is not correctly positioned opposite to the index and middle fingers. If such a fracture is suspected, as indicated by localized tenderness, bruising, or swelling, the boxer should be immediately sent for an X-ray. All suspected hand and wrist fractures should be splinted and sent for X-ray. Referral is made on the basis of these findings. Suspected dislocations are handled in the same fashion.
- 6.12 Limbs. Injuries of the upper and lower limb are uncommon in boxing.
- 6.13 Shoulder dislocations are seen and are best relocated immediately before spasm sets in. A sling with swathe is of benefit, but the boxer needs referral when returning home.
- 6.14 Abdomen. Ruptures of the organs in the abdomen (spleen, liver) are uncommon, but should be borne in mind due to their serious consequences. Pain in the abdomen and/or shoulder may signify bleeding. Pancreatitis is a remote possibility.
- 6.15 Kidney Contusions. Contusions may lead to massive hematuria even when no anatomic defect appears. In most cases conservative treatment in hospital with confinement to bed should suffice.

7 Minimal Suspension Periods

7.1 Single occurrence of knockout

- 7.1.1 No Loss of Consciousness: If a boxer suffers a knockout as a result of blows to the head or if the bout is stopped by the referee because the boxer has received heavy blows to the head, then the boxer may not take part in boxing or sparring for a period of at least 30 days afterward. (First time)
- 7.1.2 Loss of consciousness less than one minute: the boxer may not take part in boxing or sparring for a period of at least 90 days afterward. (First time)
- 7.1.3 Loss of consciousness more than one minute: the boxer may not take part in boxing or sparring for a period of at least 180 days afterward. (First time)

- 7.2 Double occurrence of knockout for head blows: If during a period of 90 days after a boxer's suspension for KO, the bout is stopped due to a head injury requiring suspension, the suspension period of the longer mandated suspension is doubled or a minimum of 90 days. That is, it is the longest of the two suspension periods that determines what is doubled. However, there is NO 60-day suspension. If the longer of the two is a 30-day suspension, i.e. meaning if both are 30-day suspensions, the new suspension is for 90 days from the time of the second suspension. If it is 90 days, it becomes 180 days. If it is 180 days, it goes to 365 days.
- 7.3 Triple occurrence of knockout from head blows: If during a period of 365 days the boxer suffers a third knockout from head blows, then he may not take part in boxing or sparring for a period of 18 months after the third occurrence. Any combination of knockouts from head blows that equal three under these circumstances qualifies for the 18-month suspension. It would not be out of line to discuss the option of retiring at this point.
- 7.4 Other
- 7.4.1 Any boxer who loses a difficult bout as a result of many blows to the head or who is knocked down in several successive competitions may be barred from taking part in boxing or sparring for a period of 30 days after the last contest on the advice of the lead ringside doctor.
- 7.4.2 Note that stoppage due to 3 eight-counts in a round does not necessarily imply an injury. Injury may have been avoided by judicious use of the eight counts by the referee. The doctor is responsible for determining if there is sufficient reason to apply a suspension.
- 7.5 All these protective regulations apply when the knockout or severe head trauma occurs in training or in any other activity (sports, auto accidents, etc.).
- 7.6 The ringside doctor determines the protective restriction time period for all serious injuries even if not involving the head. For head blows, see 7.1, 7.2, 7.3 and 7.4 above. For non-head injuries, please record a minimum time period with the provision that a physician to whom the boxer is referred may make the actual decision and the boxer must bring a written release from that doctor when boxer returns.
- 7.7 The ringside doctor must sign the Restriction Notification with suspension period.
- 7.8 You may record injuries and suspension periods that are not related to the head (brain) on the same "Restriction Notification" on the line for "Other" or you may do so on an Incident Report Form.
- 7.9 The ringside doctor must submit an Incident Report along with the completed Restriction Notification no matter what is reported on that form.
- 7.9.1 Before a boxer is allowed to spar/box after the aforementioned periods have elapsed, boxer must be passed as fit by a qualified licensed physician, except for specialist referrals, see 7.6 above.

- 7.9.2 The Incident Report Form should be used by the doctor or anyone in attendance for injuries to persons other than the boxer or any other untoward event, such as riots, insolent persons, disgruntled coach/boxer etc.

8 Physical Fitness of Referees and Judges

8.1 The Medical Advisory Board does not consider age to be an absolute factor in one's health and physical fitness. Therefore, the medical examination is designed for and recommended to be administered to referees and judges of all ages.

8.1.1 USA Boxing recommends all referees and judges obtain an annual physical (like a boxer's sports physical)

8.2 A referee, before officiating in all U.S. championships or regional events, shall undergo a medical examination evaluating physical fitness for carrying out said referee's duties in the ring at that event.

8.3 Exams shall be done according to USAB Rules and Regulations. It is the responsibility of the referee/judge to present themselves for these exams to a ringside doctor when convenient for the doctor.

8.3.1 The following conditions render the R/J unfit:

- Coronary artery insufficiency, with angina
- Congestive heart failure
- Aortic stenosis
- Left ventricular outflow tract obstructive disease
- Aneurysm
- Myocarditis
- Active thrombophlebitis
- Uncontrolled arrhythmias
- Untreated or poorly controlled hypertension
- Uncontrolled metabolic disease (diabetes mellitus, thyrotoxicosis, myxedema)
- Excessive medication
- Renal, hepatic, or other metabolic insufficiency
- Uncontrolled psychoneurotic disturbances requiring therapy
- Intermittent claudication
- Moderate to severe pulmonary disease
- Physical disability from neuromuscular, orthopedic, or arthritic disorders
- Myopia (long distance vision with or without corrective lenses of less than 20/80 in both eyes. The wearing of glasses in the ring is prohibited, although the wearing of contact lenses and polycarbonate sports goggles is permitted.

8.4 The medical evaluation should be aimed at determining if the referee's level of fitness allows them to participate safely in the ring. The exercise intensity required in the ring is equal to 5-7 METS which is equivalent to common activities such as brisk walking, low level bicycling, dancing, skiing, or swimming. The referee should be able

to perform to this level of exercise intensity without medical symptoms or health concerns.

8.5 Laboratory tests are at the discretion of the examiner.

8.6 The clinical exam and questioning shall be aimed to rule out the disqualifying conditions.

8.7 Conditioning tests as determined and prescribed by the examiner.

8.8 The object being to diminish the risk of coronary heart disease and to promote good health and conditioning of those officials in and about the ring during amateur boxing events.

8.9 International Federation Referee and Judges are required to have an Annual Medical History and Physical done by a licensed MD or DO.

9 Anti-Doping Regulations and Issues

9.1 USAB conforms to the U.S. Anti-Doping Agency (USADA) Anti-Doping Rules and Regulations and the World Anti-Doping Agency (WADA) doping code.

9.2 See the USADA website for information on Therapeutic Use Exemption (TUE) Forms. www.usada.org

9.3 The WADA website is www.wada-ama.org

10 Master Boxers

10.1 USAB has a provision for Master Boxers who are not eligible for regular competition, but who are 41 years of age or older. Boxers aged 35 - 40 may participate as a Master Boxer, Elite Boxer or both.

10.2 Master boxers have a different passbook than Elite boxers. The Master Passbook is yellow.

10.3 Master boxers who are ages 41 or older must submit the USA Boxing Masters Physical Form annually. The physical must be performed by a licensed MD or DO.

10.4 The examining doctor must sign the physical examination form indicating that the required exam has been done and the boxer is fit to box. The "Fit to Box" form is required to be kept in the passbook. The examination itself and the results of the required testing are kept by the boxer.

10.4.1 The physical examination for master boxers is more comprehensive and

in-depth, a copy of this form may be found in Appendix H of the USA Boxing rulebook.

10.5 A list of medications must be presented to the Ringside Physician at the pre-bout physical.

10.6 Other duties of the ringside doctor are the same as for any age boxer.

APPENDIX A: High Performance Medical Staff Qualifications

USA Boxing High Performance Medical Policies and Procedures

USA Boxing identifies health care providers from around the United States to provide coverage for training camps and competitions held both nationally and internationally. In order to meet expected standards of care and mitigate risk management issues, selected providers must meet the minimum qualifications outlined below to be eligible for inclusion in the USA Boxing Medical Provider Pool and to provide medical services while traveling internationally with USA Boxing.

Eligibility Criteria

The minimum criteria for USA Boxing outlined below is in alignment with the USOPC Sports Medicine Division requirements which can also be found at www.teamusa.org/medicalvolunteer.

All medical providers must meet the following additional criteria:

1. Must complete, at minimum, one of following requirements before selection and fulfill the other requirement within a two-year window from selection:
 - a. Attend a volunteer rotation at the Olympic and Paralympic Training Center in Colorado Springs
 - b. Attend one USA Boxing National Event for orientation with Co-Chairmen of USA Boxing Medical Advisory Board or other alternative ringside physician appointed by Medical Advisory Board Co-Chairmen
2. Must be a citizen of the United States of America. Non-U.S. citizens may be considered only if they are highly recommended by the administration of an NGB and have demonstrated a consistent history of care for the athletes in that NGB.
3. Must have three (3) years of ongoing professional experience post certification or licensure.
4. Physicians are strongly encouraged to have a CAQ in Sports Medicine.
5. Must be actively engaged in the sporting community including providing care and sport orthopedic involvement within the past five (5) years (i.e. event volunteering, coverage, local sport team care)
6. May never have been convicted of a felony or any conviction for health care fraud.
7. May not have any disciplinary license actions.
8. May not have any actions, sanctions or discipline on clinical privileges or employment as the result of sexual abuse/harassment or substance abuse.
9. USA Boxing must be notified by the volunteer of any pending criminal charges or disciplinary action by any medical organization, board, or licensing agency as soon as they are filed at any time while volunteering with USA Boxing.
10. Must be current on health care provider level CPR and AED.
11. Must have malpractice insurance
 - a. The policy minimum is \$1,000,000 - 3,000,000
 - b. Provide a current copy of the declarations page.
 - c. The malpractice policy must cover the applicant while volunteering for the USOPC.
 - d. Applicants must disclose any malpractice claims.
12. Upon Approval of Required Criteria Team Physician must also complete the following:
 - a. USADA Training
 - b. Safe Sport Training
 - c. IOC Medical Code
 - d. USA Boxing Membership

AGENDA

ITEM #7

Executive Officers Report

MEMORANDUM

DATE	September 21, 2026
TO	Chairman Peter Villegas and Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #7- Executive Officer's Report

A. Budget Update for the Support Fund, the Neurological Fund, Pension program and the MMA Benefit Fund.

As of September 11, 2026, for fiscal year 2026-2027 the Commission has deposited \$767,706.27 to the support fund, \$15,694.99 to the neurological fund, \$19,912.68 to the Boxers Pension Fund, and \$18,276.16 to the MMA Benefit Fund.

SB/AB 113, the Budget Act of 2026, allocates \$1 million to the MMA Benefit Fund and awaits the Governor's signature.

According to the Raymond James statement, the Pension Investment account has approximately \$5.139 million dollars as of August 31, 2026

B. Status Update of Delegated Entities

- California Amateur Mixed Martial Arts Organizations (CAMO)- J.T Steele
- USA Boxing (USA Boxing)- Mike McAtee
- United States Fight League (USFL)- Joe Stevenston
- International Kickboxing Federation (IKF)- Toni Fossum
- World Association of Kickboxing Organizations (WAKO)- Thomas Henniger
- International Sport Karate Association (ISKA)- Cory Schafer

C. Upcoming Event Schedule

The updated event schedule is included in the meeting materials for review.

RAYMOND JAMES®**Understanding Your Statement**

California State Athletic Comm Account No. [REDACTED]

Need help navigating your statement? Visit <http://raymondjames.com/statements/comp> for a guide.

Raymond James & Associates, Inc. (RJA), member New York Stock Exchange/SIPC, carries your account(s) and acts as custodian or sub-custodian, as applicable, for funds and securities deposited in your account(s) directly by you or as a result of transactions we process for your account(s). For Individual Retirement Custodial Accounts (IRA accounts), Raymond James Trust Company of New Hampshire is custodian (RJ Trust Co NH - Custodian) and RJA is sub-custodian. Securities are offered through Raymond James Financial Services, Inc. (RJFS) Member FINRA/SIPC, a registered broker-dealer. RJFS acts as introducing broker on each account, meaning that RJFS, as the "broker of record" has a written agreement with RJA for RJA to provide custody, clearing, and trade execution services for your account(s). Unless otherwise specified, products purchased through RJFS or held at RJA are not insured by the FDIC, NCUA, other financial institution insurance or government agencies, are not deposits or other obligations of and are not guaranteed by any Raymond James entity, and are subject to investment risks, including possible loss of principal invested.

If you have opened an advisory account, your financial advisor is an investment adviser representative (IAR) of either Raymond James Financial Services Advisors, Inc. (RJFSA), an investment adviser registered with the Securities and Exchange Commission (SEC), or a third-party, independently registered investment adviser (IRIA). For these advisory accounts, RJFS is still the broker-dealer of record and RJA is still the custodian or sub-custodian of your assets, but the IRIA is your investment adviser. Branch offices of RJFS/RJFSA may market their services under a "doing business as" (DBA) name, which may also be shown on your statement. In these cases, RJFS and RJFSA or IRIA is still your broker-dealer and/or investment adviser, while the branch is marketing under a DBA name. In addition, registered representatives of RJFS may also be involved in other separately owned and controlled business entities, including their own IRIA and/or independent insurance relationships. Unlike the DBA name, these entities are not affiliated with Raymond James. If you have any questions regarding what investment adviser or broker-dealer entity your financial professional represents, please ask your financial professional for more information or call Raymond James Client Services at 800.647.7378. More information on advisory programs and services offered by your financial professional can be found in RJFSA's Form ADV Part 2A Brochure and RJA's Wrap Fee Program Brochure at <http://www.raymondjames.com/legal-disclosures> and/or IRIA's Form ADV 2A Brochure, if applicable.

If using checks for the purchase of investment securities, checks should be made payable to "Raymond James & Associates" unless you are submitting your investment directly to a recognized mutual fund or insurance company. The account information provided herein is inclusive of any advisory or brokerage accounts held at RJA, which acts as custodian or sub-custodian for funds and securities deposited in your account(s) directly by you or as a result of transactions we process for your account(s). Please carefully review your account statements to verify the accuracy of your current holdings and all account activity that has occurred. Information about commissions, service fees and other charges related to your transactions is included on your trade confirmations. Subject to the limited exceptions outlined in the applicable client agreement, all financial products bought or sold for an account for which RJA acts as custodian or sub-custodian should appear on a trade confirmation and your statement. Please contact your financial professional using the contact information listed on the Account Summary page and Raymond James Client Services at 800.647.7378 if you do not see any such purchase or sale reported on your trade confirmation or account statements; if you have questions about the securities positions, balances and transactions in your account; or if you note any other inaccuracy on your account statement. If you have questions about the following information or would like to update your investment profile, please contact your financial professional. Any oral communications should be reconfirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act. Raymond James' financial statement is available for your inspection at its offices or at <https://www.raymondjames.com>, or a copy will be mailed upon your written request. All other inquiries, including changes to your client profile and/or investment profile, as applicable, and questions about the following information regarding the investments held in your account should be directed to your financial professional.

To report a complaint or feedback: your satisfaction matters to us. If we fall short of your expectations or if you've had difficulty getting an issue resolved, please let us know so we can address your concerns as quickly as possible. Call us toll-free at 833-462-0720.

Raymond James International Headquarters | 880 Carillon Parkway | St. Petersburg, FL 33716 | <https://www.raymondjames.com>

Securities Investor Protection Corporation - Raymond James & Associates, Inc. is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000, including \$250,000 for claims for cash. Money market fund shares are not considered cash for this purpose; they are securities. You may obtain information about SIPC, including an explanatory SIPC brochure, by calling SIPC at 202-371-8300 or visiting <http://www.sipc.org>. Raymond James & Associates, Inc. has purchased excess SIPC coverage through various syndicates of Lloyds, a London-based firm. Excess SIPC coverage is fully protected by the Lloyds trust funds and Lloyds Central Fund. The additional protection currently provided has an aggregate firm limit of \$750 million, including a sub-limit of \$1.9 million per customer for cash above basic SIPC. SIPC coverage is not the same as, and operates differently from, FDIC deposit insurance. Account protection applies when a SIPC-member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against market fluctuations.

Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are affiliated with Raymond James Bank, member FDIC. Unless otherwise specified, products purchased from or held at Raymond James & Associates or purchased from Raymond James Financial Services are not insured by the FDIC, are not deposits or other obligations of Raymond James Bank, are not guaranteed by Raymond James Bank, and are subject to investment risks, including possible loss of

the principal invested.

Securities/Investment Pricing - Raymond James endeavors to display pricing information where available, but pricing source, type of product, and market for the product are important to consider regarding the reliability and accuracy of any price displayed. Although sources used for pricing publicly traded securities and other investments are considered generally reliable, the prices displayed on your statement may be based on historical trades, bid/ask information, third-party evaluations, or other methodologies. Therefore, the prices displayed on your statement may or may not reflect prices you would receive in the current market. **By including a price for any non-publicly traded private securities in the statement, Raymond James makes no representation regarding the accuracy, reliability, completeness or attainability of such pricing. Although we seek third-party sources where possible, in some circumstances the pricing may be based on representations made by the security issuer and therefore may not be obtained from or based on an independent or third-party source.** Pricing of non-publicly traded private securities may be subjective and based on varying methodologies or assumptions, and accordingly, may not be reliable and should not be considered proof of liquidity at any particular price. You should evaluate independent sources to confirm the valuation of such securities. Investment decisions should be made only after contacting your financial advisor.

Understanding Your Statement (continued)

California State Athletic Comm Account No. [REDACTED]

FINRA BrokerCheck - For additional background information on any firm or registered representative with the Financial Industry Regulatory Authority (FINRA), the firm would like to provide you with the following information: 1) FINRA BrokerCheck hotline telephone number is 800.289.9999; 2) the FINRA website address is <http://www.finra.org>; and 3) for a copy of a brochure that includes important information concerning FINRA BrokerCheck, call the hotline or visit <http://www.finra.org>.

MSRB Disclosure - Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are registered with and subject to the rules and regulations of the U.S. Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB). Both the SEC and the MSRB publish websites containing information and resources designed to educate investors. In addition to educational materials about the municipal securities market and municipal securities market data, the MSRB website includes an investor brochure describing protections that may be provided by MSRB rules, including how to file a complaint with the appropriate regulatory authority. For more information, visit <https://www.sec.gov/> and <http://www.msrb.org/>.

Financial Advisor Title & Capacity - Raymond James generally refers to financial professionals as "financial advisors" or "advisors." Your financial professional may have a different title and will disclose the capacity in which the firm and he or she acts when providing services to you.

Form CRS and Important Client Information - For further information about Raymond James, visit <http://www.raymondjames.com/legal-disclosures> to access the relevant Form CRS and Important Client Information.

Availability of Free Credit and Bank Deposit Program - Any free credit balance in your account is payable upon your demand. You also have the right to receive, in the normal course of business and subject to Raymond James having received the funds, any bank deposit program balance and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

Third Party Payments Disclosure - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

Cost Basis - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A

wash sale occurs when a security is sold for a loss and is re-purchased 30 days before or after the sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are calculated for depreciated gift taxlots. This is referred to as dual basis and is indicated with a "d." The current market value is used to estimate the cost basis and gain/loss until the position has been sold. Once sold, cost basis and gain/loss will be established as the final proceeds are available, and true cost and gain/loss can be determined.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. Amount Invested should not be used for trading purposes, it does not represent taxable cost basis, and gains/losses based on amount invested may vary from actual realized gain/loss that will appear on year end 1099's. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Realized Gain/loss - is based upon total cost basis, and includes the cost basis of reinvested shares. Realized gain/loss does not include mutual fund long term capital distribution amounts. For taxable accounts, including those that receive information only 1099's, short term debt instruments that result in a capital gain will generally not appear on the realized gain loss report, as those amounts are reported as ordinary income on the year end 1099. Market Discount is generally not reportable as a realized gain/loss amount, as it is also reportable as ordinary income on the year end 1099.

Cost basis for 529 accounts is provided as informational only and year end 1099Q reports are prepared independently from cost basis data shown on the brokerage statement.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

Raymond James Bank Deposit Program - The Raymond James Bank Deposit Program is a multibank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>. If you elected the Raymond James Bank Deposit Program as your sweep option, then any balance in a bank deposit account in the RJBDP can, on your order, be liquidated and the proceeds returned to your securities account or remitted to you.

Understanding Your Statement (continued)

California State Athletic Comm Account No. [REDACTED]

The Raymond James Bank Deposit Program rate displayed in the Cash & Cash Alternatives section of your statement is the established rate for the last business day of the reported month. However, in the event that a large deposit is made on the last business day of the month, the rate for the next business day may be displayed. Estimated Annual Income is calculated using this rate and, therefore, is solely an estimated value for the month and may not reflect your actual income. For current rates visit <http://www.raymondjames.com/rates.htm>.

"Your bank priority state" indicates the corresponding Bank Priority List that applies to your account. "RJBDP participating banks you declined" displays the names of the banks you have designated as ineligible to receive your funds, which results in your funds being directed to the next bank on the Bank Priority List. "Participating banks recently added" displays additional banks that have been added to the program in the last 90 days. You have the right to designate any bank in the program as ineligible to receive your funds by contacting your financial advisor.

More information about the Bank Deposit Program, including the current Bank Priority Lists, is available at <https://www.raymondjames.com/rjbdp>.

As a reminder, Raymond James may modify or amend the Cash Sweep Program including the terms, conditions and availability of any Cash Sweep option at any time in its sole discretion by providing you with thirty (30) days' prior notice, or in some cases, as set forth in your account opening documentation, no prior notice.

Exchange-Traded Products (ETPs) - ETPs are investment products that are listed on a national stock exchange and can be bought and sold in the equity trading markets. ETPs encompass a number of structures that track an underlying benchmark, index or portfolio of securities. ETPs may be structured as registered unit investment trusts (UITs), exchange-traded funds (ETFs), exchange-traded notes (ETNs), grantor trusts or commodity pools.

A number of ETPs employ, to varying degrees, more sophisticated financial strategies and instruments such as leverage, futures, swaps, derivatives, and short selling in order to achieve their investment objectives ("Alternative ETPs"). Alternative ETPs are more complex than traditional ETPs and may not be appropriate for all investors. These may include leveraged or inverse ETPs, some actively-managed ETPs, currency ETPs, commodity ETPs, target return ETPs, volatility ETPs, some ETNs and other products.

Alternative ETPs will generally have higher fees than traditional ETPs. All fees and expenses are described in the prospectus. The ability of an ETP issuer to perpetually create new shares contributes to an ETP's efficiency and accuracy in tracking its index. However, under certain circumstances, issuers may cease or suspend creating new shares, which may cause ETPs to trade at a price that differs significantly from the value of its underlying holdings or index. Furthermore, all ETPs may trade at a premium or discount to their net asset value (NAV) (or indicative value in the case of ETNs).

Some ETPs may not trade in high volume, which could impact your ability to buy or sell your shares at the desired price and/or quantity. ETPs can be closed for a variety of reasons, which can cause forced taxable events for investors, including capital gains distributions. Furthermore, there can be closing costs associated with the final liquidation of the ETP and index tracking uncertainty as the ETP liquidates its assets.

Investors should consider an ETP's investment objective, risks, charges and expenses carefully before investing. The prospectus, which contains this and other important information, is available from your financial advisor and should be read carefully before investing.

Time Weighted Performance Reporting - Performance returns are calculated net of management fees, if applicable. Returns exclude some limited partnerships, unpriced securities and annuity history prior to the annuity being linked to the account. Returns for periods greater than one year are annualized returns unless they represent entire 12-month periods. All performance figures exclude unpriced securities (including securities of indeterminate value), limited partnerships (other than limited partnerships classified as Alternative Investments and appearing in that section of your statement). Performance for Annuity and RJ Bank CD's may not be all inclusive. Previous calculations for managed accounts may have been adjusted for investment manager performance. Considering these exclusions, overall performance may be different than the results presented in this statement. Past performance is not a guarantee of future results. Information used to calculate performance may have been obtained from third party sources and Raymond James cannot guarantee the accuracy of such information.

Estimated Annual Income and Estimated Income Yield - The Estimated Annual Income (EAI) and Estimated Income Yield (EIY) provided on this statement are an estimate of the income a security will distribute during the year. These figures should not be confused with actual cash flows, investment yields or investment returns. Actual income or yield may be lower or higher than the estimated amounts. A number of factors may influence the actual income or yield that is received. The amount or frequency of an issuer's dividend may fluctuate or cease, which may cause the income and or yield of the security to fluctuate. EIY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. EAI and EIY for certain types of securities could include a return of principal or capital gains which could overstate the EAI and EIY. Information used to calculate Estimated Annual Income and or Estimated Income Yield may be obtained from third party sources and Raymond James cannot guarantee the accuracy of such information. Estimated Annual Income and or Estimated Income Yield amounts should not be used as a financial planning tool.

Asset Allocation Analysis - This analysis is for informational purposes only and is intended to be used as part of a complete portfolio review with your financial advisor. The data provided in the asset allocation analysis is subject to inherent limitations and is not guaranteed to represent actual asset class exposure(s) within your account(s) at the time of calculation. See <https://clientaccess.rj.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

Product Interest Rate Risk - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. An overview of this and other risks is available at <https://www.raymondjames.com>, <http://www.finra.org>, <https://emma.msrb.org>, and <https://projectinvested.org>.

CAMO Update

Prepared September 14, 2026

To: California State Athletic Commission

From: California Amateur Mixed Martial Arts Organization, Inc. ("CAMO")

Re: September 21, 2026 Commission Meeting — Norwalk

Below and attached please find CAMO's update for the California State Athletic Commission meeting on Monday, September 21, 2026, in Norwalk, California. This report addresses developments since June 8, 2026, the original date of the meeting subsequently rescheduled to July 2026, and follows our written update dated June 3, 2026. Supporting records are dated September 14, 2026, as described in the exhibits.

1. CAMO Safety and Suspension Report

Athlete safety remains CAMO's highest priority. There have been no injuries of an advanced nature since our previous report. The full injury and suspension report, with names removed, is attached as Exhibit 1 for the Commission's review.

2. Financial Report

CAMO's reserves remain within the financial range recommended by the California State Athletic Commission.

3. New Regulatory Platform — Launch and Implementation

Since our June 3, 2026 update, CAMO has progressed from platform development into launch and implementation. This is more than a new website: it is an integrated operating platform built around amateur MMA licensing, event administration and regulatory compliance.

We believe it is the most advanced platform of its kind anywhere. Its significance is practical: the platform is designed to significantly reduce barriers for fighters, promoters, cornermen and officials to become licensed, understand what is required, and remain compliant.

Connected registration, electronic signatures, document submission and payment reduce the need to move between separate forms and systems. Clearer status information, missing-item notices and submission feedback help licensees address requirements earlier. AI-assisted document intake supports review and routing, while licensing and medical-clearance decisions remain with authorized personnel.

For promoters and officials, integrated bout agreements, event-requirement tracking, staffing invitations, compensation visibility and electronic-payment workflows bring previously fragmented tasks into one place. The objective is less administrative friction without lowering safety or compliance standards.

4. Implementation and Licensee Support

Launch is the beginning of a continuing implementation process. CAMO's focus is on helping users adopt the new tools, gathering feedback, and refining workflows as they are put into service. Exhibits 3 and 4 provide the promoter and officials/inspectors overviews prepared to support that transition. Over the coming month, CAMO will provide extensive training to help fighters, promoters, cornermen, officials and inspectors move beyond paper-based processes and use the digital platform effectively.

5. Upcoming Events

Exhibit 2 contains the current upcoming-event calendar supplied on September 14, 2026: 27 listings, including 25 events during the remainder of 2026 and two in early 2027. The first listed events are September 26, 2026. This replaces the calendar provided with our June 3, 2026 update for planning purposes; listings remain subject to scheduling changes and applicable approvals. The calendar is also available at www.camomma.org.

We appreciate the Commission's continued partnership and the work of our inspectors, officials and ringside physicians. CAMO remains committed to reducing barriers to regulated participation while strengthening athlete safety, accountability and compliance.

JT Steele

Enclosures: Exhibit 1 — Name-Free Suspension Report; Exhibit 2 — Upcoming Event Calendar; Exhibit 3 — Promoter Brochure; Exhibit 4 — Officials / Inspectors Brochure.

Exhibit 1

Safety & Suspension Report

Name-free extract • Issued since June 8 • Source dated September 14, 2026

This exhibit summarizes all 128 supplied entries. It does not reproduce the source's free-text notes, names or contact details. Multiple entries may relate to the same athlete; no unique-athlete count or injury-rate inference is made.

Measure	Entries
Source status: suspended	102
Source status: expired	26
Finite terms of 60 days or less	97
Finite terms of 90–180 days	17
Indefinite holds	14

Longer restrictions — summary

180 days (12 entries): possible fracture (5), hand injury (2), hyperextension (2), sprain (1), hard-bout concerns (1), and discipline (1). Medical notes generally reference physician or orthopedic clearance; the hard-bout entry references emergency evaluation for exhaustion.

120 days (2 entries): one hard-bout entry with facial lacerations and one TKO entry. 90 days (3 entries): disciplinary restrictions involving event attendance or supporting documentation.

Indefinite (14 entries): fitness for competition (4), discipline (3), hard bout (3), hematoma (1), TKO (1), sprain (1), and KO (1). The notes describe skills/fitness review, medical or specialist clearance, hospital records, historical medical information, and disciplinary review. These are source-recorded reasons, not new clinical conclusions.

Interpretation and privacy

“Indef.” identifies holds without a fixed expiry; a review or clearance requirement may still apply. Categories and source statuses are preserved. Dates in the register follow the source's month/day/year format. This report does not change any suspension or determine clinical clearance.

The supplied register covers issue dates June 13–August 30, 2026, with statuses recorded as of September 14. It is a reporting-period extract, not a complete inventory of older suspensions still in force. It does not establish whether additional September entries exist.

You build the show. We help you run it.

**More than a new website.
A connected platform built for promoters.**

You bring the athletes, the fans and the opportunity. We have been listening to the work behind every show—and building better tools to support it.

LESS PAPERWORK

Integrated e-signatures

MORE VISIBILITY

Clear event requirements

BETTER CONNECTION

Members, staff & officials

BUILT AROUND YOUR EVENT

01 / GET ATHLETES READY

Less chasing. More clarity.

A connected path from registration to reviewed documents—so your team can see what still needs attention.

01

One registration flow

Enter details, upload a photo and ID, sign and pay in one connected journey. Medical and other applicable requirements remain visible.

02

Paperwork. Without paper.

Integrated e-signatures for licensing paperwork mean fewer downloads, printouts and disconnected forms.

03

A smarter mailroom

AI-assisted intake helps classify and match submissions, giving CAMO staff a clearer path to review and follow-up.

04

Know what needs fixing

Rejection notifications help promoters spot submission problems and get athletes moving toward resolution.

05 Clearer suspension instructions

View available clearing instructions for qualifying suspensions. Know the next step—without confusing instructions with clearance or an end to the required suspension period.

Your card. Your workspace.

Bring matchmaking, signatures and event requirements together—without the paper chase.

06

Match. Send. Sign.

Integrated bout agreements send electronic signature requests to the fighters and promoter. Track the agreement in one place.

07

Build privately

Develop proposed matchups away from the public spotlight. Public visibility follows signed-agreement and approval rules.

08

Protect contracted bouts

45-day booking-conflict checks help protect signed matchups and flag competing commitments for CAMO review.

09

A direct line to CAMO

An integrated communications platform gives promoters a direct text channel to CAMO for questions and coordination.

10 Your event, organized

Track what is missing and what is due, including insurance and ambulance documentation, in a central event workspace.

Insurance documentation

Ambulance contract

Agreements & staffing

FEWER LOOSE ENDS. A CLEARER PATH TO SHOWTIME.

More support. Less friction.

Tools for the work around fight night—and a platform that will keep growing with your ideas.

11

Request events online

Submit your sanctioning request and signed agreement online, then follow its progress through CAMO review.

12

Connect with insurance

Opt in to share event details with insurance brokers and start the quote process earlier. Broker response times vary.

13

Officials fees, connected

Itemized invoices and credit-card payment links simplify funding. Electronic distribution is designed to replace fight-night cash handling.*

14

Add a medical coordinator

Bring a licensed individual or company onto your team to help athletes coordinate medical appointments and submissions.

15 NEXT UP: ABC REGISTRATION SUPPORT

CAMO-managed national event registration is part of the next chapter—one less task for promoters once the workflow is validated and enabled.

Built for you. Better with you.

Promoters drive this sport. Your feedback will help shape what comes next. Explore the new platform when launch opens—and tell us what would make your next show easier.

*Officials-payment release timing, prerequisites and surplus-refund details will be confirmed in the launch instructions.

You protect the sport.

We support your work.

**More access. More transparency.
A new platform built for officials.**

You uphold the safety and integrity of amateur MMA. You deserve tools that make assignments clearer, communication easier and event-day work more connected.

YOUR ASSIGNMENTS

See what is ahead

YOUR COMPENSATION

Know what to expect

YOUR CONNECTION

Stay informed

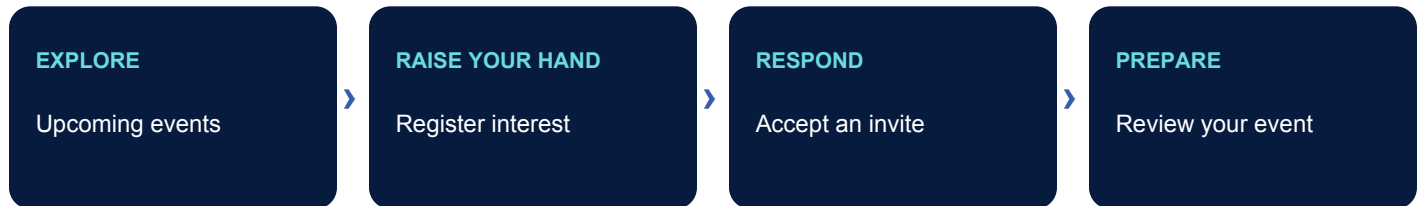

BUILT AROUND YOUR ROLE

01 / PLAN WITH CONFIDENCE

A clearer view of what is next.

From expressing interest to reviewing an assignment, get more visibility into your work with CAMO.

01

Put your interest on the map

Register your interest in upcoming events and let CAMO know where you would like to work. Interest is not a confirmed assignment.

02

Your events, in one place

Review and manage your upcoming events. Keep your assignments and event details within reach as you plan ahead.

03

Invitations that reach you

Receive automated text invitations and accept through the invitation flow. Respond without a separate email thread.

04

Stay a step ahead

Email and text reminders help keep upcoming assignments on your radar. Keep your profile contact details current.

Less uncertainty. More time to prepare.

Our goal: assignments that are more predictable, information that is easier to find, and a clearer connection between you and CAMO.

BUILT AROUND YOUR ROLE

02 / ARRIVE INFORMED

Modern tools. Important work.

A more connected way to review compensation, prepare documents and handle event-day tasks.

05 Electronic payments are here

Log in to your profile and complete payout setup. Connect a bank account or an eligible debit card, as offered during setup, to receive your fees electronically.

Review your upcoming mileage fees and reimbursements before the event—so you can see what is listed and raise questions early.

06

Less paper on event day

Pre-filled event documents and paperless event-management tools help reduce repetitive entry and keep the work organized.

07

Cashless cornerman payments

Digital cornerman transactions bring a cashless option to the event workflow, helping reduce on-site cash handling.

GET STARTED

01 SIGN IN

Open your profile

02 CONNECT

Complete payout setup

03 REVIEW

Events & compensation

Built for you. Better with you.

Explore camomma.org when launch opens. Share your ideas and tell us what could work better. This is a major step—and just the beginning.

Payout setup is not a promise of immediate bank receipt. Release and bank-arrival timing will be explained in the officials payment instructions.

USA Boxing
Mike McAtee

memo

DATE: September 15, 2026
TO: California State Athletic Commission
Andy Foster, Executive Officer
FROM: Mike McAtee, Executive Director
RE: USA Boxing Delegation

Please accept this as part of USA Boxing's reporting requirements for the period of April 2026 through June 2026, to be presented during the California State Athletic Commission Meeting for quarter two of 2026.

I. Olympic Qualifier Selection

USA Boxing was selected to host the 2027 Americas Continental Olympic Qualifier for the Los Angeles 2028 Olympic Games in Ontario, California, marking a significant milestone for USA Boxing and the U.S. Olympic movement on the road to LA28. The event is expected to bring representatives from at least 30 countries throughout the Americas and approximately 250–300 boxers to Southern California. Athletes will compete across seven male's and seven female's Olympic weight classes, with the gold- and silver-medal positions in each division earning direct qualification to the LA28 Olympic Games.

Hosting the qualifier in California provides USA Boxing athletes the opportunity to compete in a familiar domestic environment while also creating a major platform for live attendance, broadcast and streaming exposure, sponsorship, and increased interest in Olympic-style boxing ahead of the Games.

The qualifier will be hosted at the Ontario Convention Center, a proven venue for major national and international sporting events and located less than two miles from Ontario International Airport. The planned event schedule brings athletes, coaches, officials, federation leadership, families, and supporters to Ontario for an extended competition period, providing substantial hotel, restaurant, transportation, tourism, and local-business activity.

Based on current projections, USA Boxing estimates the tournament will generate approximately \$3.5–\$4 million in economic impact for the Ontario community while placing Southern California at the center of the Olympic boxing qualification process less than a year before LA28. For USA Boxing, securing this event represents both a significant international hosting opportunity and an important strategic step in preparing Team USA for success at a home Olympic Games.

II. Local Boxing Committees

Boundaries

USA Boxing is comprised of 57 distinct regions across the United States, referred to as Local Boxing Committees (LBCs). California represents four of those regions.

Northern California – LBC 38

This represents San Jose, Sacramento and the surrounding areas.

Central California – LBC 46

South of Sacramento, down to Bakersfield.

Southern California – LBC 33

South of Bakersfield down to Carlsbad.

California Border – LBC 44

From Carlsbad to the California-Mexico Border.

USA Boxing, Inc.

(719) 866-2300 · FAX: (719) 866-2132 · Website: www.usaboxing.org

California Local Boxing Committee (LBC) Directors

Below are the officers for each of USA Boxing's four local boxing committees representing California.

Northern California (38)

President: David Hartman
Vice President: Candelario Lopez
Secretary: Lydia Razo
Treasurer: Oscar Ortiz
Chief of Officials: Lydia Razo
Registration Chair: Candelario Lopez

Central California (46)

President: Ruben Valdovinos
Vice President: Miguel Ayon
Secretary: Lizandra Lopez
Treasurer: Mark Marquez
Chief of Officials: Vacant
Registration Chair: Norma Nunez

Southern California (33)

President: Joe Zanders
Vice President: Omar Villanueva
Secretary: Patricia Zanders
Treasurer: Vacant
Chief of Officials: Delilah Ponce-Rico
Registration Chair: Delilah Ponce-Rico

California Border (44)

President: Tony Contreras
Vice President: Berlin Kerney
Secretary: Anthony Mayoral
Treasurer: Malcolm Miguel
Chief of Officials: Ernesto Encinas
Registration Chair: Terence Shigg

USA Boxing, Inc.

1 Olympic Plaza · Colorado Springs, Colorado 80909
(719) 866-2300 · FAX: (719) 866-2132 · Website: www.usaboxing.org

III. Injury Data

Date	Boxer's Age	LBC	Suspension Period (Days)	Details
5/8/2026	30	(44) – California Border	90	KO / LOC < 1 minute possible concussion
5/24/2026	23	(33) – Southern California	30	KO/ LOC < 1 minutes Possible concussion
4/12/2026	18	(46) – Central California	30	Laceration > 1cm above right eye
4/18/2026	16	(46) – Central California	30	Fracture/Dislocation of right thumb
5/23/2026	16	(33) – Southern California	30	Referee stoppage. Possible concussion no LOC, exhibited concussion symptoms

From April 1 to June 30 of 2026, USA Boxing contested 1,430 bouts. Of those bouts there were only five injuries reported, making the injury rate for Q2 2026 ~0.00347 percent.

IV. High Performance

High Performance Expenses

2026 April - June - California Women's Costs						
Age Division	Flights	Room/Board	International Room/Board	Stipend	Other Costs (Med Ex, Per diem)	Total
Elite	\$263.80	\$2,520.00	\$0.00	\$6,000.00	\$0.00	\$8,783.80
Totals	\$263.80	\$2,520.00	\$0.00	\$6,000.00	\$0.00	\$8,783.80

There were no high performance related expenses for male boxers nor coaches during Q2 of 2026.

High Performance Camps & Events

None

V. Membership Information

USA Boxing, Inc.

1 Olympic Plaza · Colorado Springs, Colorado 80909
(719) 866-2300 · FAX: (719) 866-2132 · Website: www.usaboxing.org

Standard Memberships

USA Boxing offers athlete and non-athlete memberships, allowing boxers, coaches, and officials to train, spar, and participate in USA Boxing sanctioned events. USA Boxing collects \$60.00 – \$95.00, per athlete and \$85.00 for each non-athlete membership. The remainder is voted on and collected by the LBC's board of directors to assist them with administrative and operational expenses.

Membership and Revenue Data - Q2 2026							
	Registrations			Avg. Cost per Member (\$)		Gross Revenue (\$)	
LBC	Athlete	Non-Athletes	Physicians*	Athlete	Non-Athlete	Athlete	Non-Athlete
Northern California	429	81	0	\$84.37	\$100.00	\$36,194.73	\$8,100.00
Central California	169	33	0	\$126.87	\$160.00	\$21,441.03	\$5,280.00
Southern California	565	194	0	\$91.37	\$97.00	\$51,624.05	\$18,818.00
California Border	120	48	3	\$95.37	\$105.00	\$11,444.40	\$5,040.00
Total	1283	353	3			\$120,704.21	\$37,238.00
Grand Total	1639					\$157,942.21	

* Physicians register at no cost and considered non-athlete members.

Fitness Memberships

This is for members looking to train at a USA Boxing registered gym/facility without allowing them to spar or compete. Fitness memberships provide secondary injury/accident insurance. Each year, clubs receive a \$5.00 stipend toward next year's membership fee, for each fitness athlete registered to their club.

Fitness Member Registrations - Q2 2026						
LBC	Junior Fitness			Adult Fitness		
	Members	Membership Fee	Revenue	Members	Membership Fee	Revenue
Northern California	10	\$25.00	\$250.00	2	\$35.00	\$70.00
Central California	15	\$25.00	\$375.00	4	\$35.00	\$140.00
Southern California	1	\$25.00	\$25.00	1	\$35.00	\$35.00
California Border	7	\$25.00	\$175.00	0	\$35.00	\$0.00
Total	33		\$825.00	7		\$245.00
Grand Total				\$1,070.00		

Club Memberships

Registering a club with USA Boxing allows the facility to host events, have their information

USA Boxing, Inc.

1 Olympic Plaza · Colorado Springs, Colorado 80909
(719) 866-2300 · FAX: (719) 866-2132 · Website: www.usaboxing.org

published on our website, and affords the facility a general liability insurance policy. USA Boxing collects \$205.00 of each club membership, with the remaining to be disbursed to the LBC. Each LBC votes on their portion of the membership fee to cover operational and administrative costs. Below is the Q2 2026 revenue for California.

Club Memberships - Q2 2026			
LBC	Clubs	Membership Fee	Net Revenue
Northern California	1	\$300.00	\$300.00
Central California	1	\$245.00	\$245.00
Southern California	1	\$230.00	\$230.00
California Border	1	\$255.00	\$255.00
Total	4		\$1,030.00

USA Kickboxing Q3 2026 Report

California activity for July through September 2026

Report date: September 14, 2026

Presented by USA Kickboxing/WAKO USA

Quarterly Overview

One scheduled full-contact event was held during the quarter. The event featured 11 bouts across 33 rounds, with no medical transports reported. Three 30-day suspensions were issued, and three bouts ended by knockout, technical knockout, or referee stoppage.

Events Held	Total Bouts	Total Rounds	Medical Transports	30 Day Suspensions
1	11	33	0	3

Event Outcomes

Event	WCK Super Showdown
Date and Location	July 11, 2026, Pickleball Xscape Westminster California
Host	Dennis Warner
Results	7 unanimous decisions 1 split decision 1 majority decision 0 draws 3 TKO or referee stoppages

Upcoming Events

- **Major League Striker Tournament 2 and Futures Semi Contact** - October 10 through 12 2026 ECCL Gymnasium 1170 47th Street Emeryville California 94608
- **Major League Striker Fight Night Series** - Fall 2026 – Central Valley

Outlook and Goals

The ongoing objective is to provide continuous training for new and seasoned officials in all capacities throughout California. WAKO USA Kickboxing also seeks to expand the worldwide audience for California fighters and encourage their advancement to the CSAC professional stage.

Officials Training and Certification

The ongoing education of new and seasoned officials remains a priority. All officials must complete an approved certification program, followed by hands-on event training and mentorship, before serving at USA Kickboxing-sanctioned events under the WAKO USA Kickboxing delegation issued by the State of California.

Officials must complete continuing training at least every six months and maintain licensing through WAKO USA Kickboxing.

Course Date	July 11 2026
Location	San Leandro California
New Officials Certified	27
Next Course	An additional Officials Certification Course is scheduled for fall 2026.

Acknowledgment

We thank the California State Athletic Commission board, Executive Officer Andy Foster, and the entire CSAC headquarters team for allowing us to serve the community.

Contact and Additional Information

We welcome questions from fighters, coaches, promoters, and fans. WAKO USA Kickboxing takes pride in consistency, safety, and service to the community.
