

Professional License Portability and State Registration List **for Servicemembers and Their Spouses**

The federal Servicemembers Civil Relief Act (SCRA) authorizes servicemembers or their spouses who hold a valid license in good standing in another state to practice in California within the same profession or vocation, if they relocate to California because of military orders. Business and Professions Code section 115.10 establishes a state registration process to help identify individuals lawfully practicing in California under the SCRA.

The individuals that have registered with the applicable California licensing board or bureau and are authorized to practice in California are identified below.
