Who we are

The Department of Consumer Affairs (DCA) is overseen by the Business, Consumer Services, and Housing Agency.

What we do

DCA protects and serves California consumers while ensuring a competent and fair marketplace. DCA accomplishes this by administering more than 3.5 million licenses in 250 license types including permits, certificates, and registrations through the licensing and regulatory entities under its jurisdiction. These licensing entities set and enforce minimum qualifications for the professionals, establishments, and businesses they regulate.

DCA supports and helps consumers

DCA provides consumers with current license status information on the millions of professionals licensed or certified through our entities. Licensing ensures that professionals perform their duties to an acceptable standard and provides consumers with a remedy if a service is not delivered.
DCA is a regulator

DCA works with professions throughout California to guard licensees against unfair competition and to protect consumers from unlicensed practitioners.

DCA enforces laws to protect consumers

Enforcement of consumer laws is one of DCA’s primary responsibilities. DCA’s enforcement staff works with the Office of the Attorney General and local district attorneys to fight fraud in the marketplace. If DCA determines wrongdoing, it can place licensees on probation, and suspend or revoke licenses. DCA also has the authority to fine businesses and individuals, and issue citations, letters of reprimand, and cease and desist orders. In less severe cases, enforcement staff work closely with licensees to correct, eliminate, and prevent performance problems.
MISSION

We protect California consumers by providing a safe and fair marketplace through oversight, enforcement, and licensure of professions.

VISION

Together, empowering California consumers.
